

A-5 AGENDA ITEM: Discussion of Report on Status of New Enforcement Services Division and Enforcement Standards for Property Maintenance and Provide Direction to Staff as Deemed Appropriate.

The staff report for Agenda Item A-5 – Report on Status of New Enforcement Services Division and Enforcement Standards for Property Maintenance incorrectly notes the inclusion of attachments comprised of a code enforcement log and photos. The staff report was revised to incorporate the relevant contents of the log and the photos will be presented during staff report presentation. Thus the attachments were unnecessary and not included in the staff report.
