11. Are you related to any current City employees or appointees of the City of Culver City? (If yes, indicate name and relationship.) YES NO XX
12. Are you aware that financial disclosure may be required annually? (e.g. sources of income, loans and gifts, investments, interests in real property.) YES XX NO
13. Rules or law and ethics prohibit members from participating in and voting on matters in which they may have a direct or indirect financial interest. Are you aware of any potential conflicts of interest which may develop from your occupation or financial holdings in relation to your responsibilities as a member of the body to which you seek appointment? (If yes, please indicate any potential conflicts.) YES NO XX
14. Have there been, or are there now, any business circumstances which YES NO XX

might reflect adversely on the propriety of your serving as a member of any body to which you might be appointed?

15. How many meetings of the Commission, Board or Committee to which you are interested in being appointed have you attended in the last year? several
16. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the body to which you desire appointment?
However many hours are needed to serve the Commission and Community well.
Being self-employed will allow me the flexibility to do this.
17. Why are you interested in appointment to a City Commission, Board, Committee or Task Force?
As a native of Culver City, I would like to contribute my services in making sure that our city's parks, recreation and community services are the best available for all our residents.
18. What is there specifically in your background, training, education or interests which qualifies you as an appointee? I feel that my lengthy experience with various youth groups within Culver City has positioned me to provide the city with a high degree of quality services on the issues in which this commission oversees. I have been active in local sports programs on a regular basis as well as city events and have been a participant in the National Adult Baseball Association-winning the World Series Title in 2002. I have been actively involved in our local city events planned by the Exchange Club, such as the Culver City Car Show and its local Fireworks show, along with Fiesta La Ballona for the past 4 years.
19. What do you see as the objectives and goals of the body to which you seek appointment?
I believe that the Parks and Recreation Commission should advise the City Council on issues in the field of public parks and recreation. The Commission should seek to facilitate and provide a high quality parks and recreation program and support facilities necessary to provide open space and basic leisure opportunities to all Culver City residents. The commission should also evaluate the city's recreation programs, facilities, and services to ensure that its objectives and goals are being achieved.
20. How would you recommend the objectives and goals of the body be changed or augmented?
Before recommending any changes to the current Commission's goals and objectives, I would have to carefully review their mission statement and the related goals and objectives they have focused on.
21. How would you help achieve the body's established objectives and goals?
see next page

#21 cont...

If appointed to the Commission, I would help the body achieve its established objectives and goals, by working closely and in cooperation with each member, and by providing the Commission with exceptional organizational and communication skills.

22. What special qualities can you bring to the body to which you seek appointment?

The special qualities that I would expect to bring to the Parks and Recreation Commission include the high standards that I set for myself in terms of hard work, trust, honesty and dependability. I also believe that my inter-personal skills would benefit the Commission in terms of building good relationships with other groups and individual residents in the city.

Graduation: May, 2005

Bachelors of Music, Music Education
Boston University College of Fine Arts
Graduation: May, 2005

Attended and Graduated from Culver City Public Schools

16. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the body to which you desire appointment?

I am committed to Culver City and spend a lot of my time at school board meetings, city council meetings, Democratic Club work, campaign work, and organizing around issues of importance. That time probably adds up to at least 15 hours per month. That time will be devoted primarily to the commission, should I be appointed. However, during times when I have had to commit more time to Culver City work (like during campaigns), I have been able to find it. That would continue for those months where there is a lot of work to do and/or meetings to attend.

17. Why are you interested in appointment to a City Commission?

I have been active in the Culver City community and government for many years. I have worked hard to try to improve the city for those who live and work here. I am convinced that I would be able to continue, and even enhance, this work as a commissioner. The area of work of this commission, services for groups who need help (including youth), has been my life's work professionally and educationally and I know that I have a perspective that would be valuable to our city.

18. What is there specifically in your background, training, education, or interests which qualifies you as an appointee?

I have extensive experience in the field of education both as a teacher and as an educational leader. Given my level of experience and education, I know well what the students of Culver City need in order to be successful in the schools. As a former teacher with the Culver City school district and a regular attendee of Culver City School Board meetings, I am well aware of the work of the school district and can serve as a conduit between the city and school district to form closer connections. Since the Parks and Recreation department focuses on supporting students during their non-school hours, it is important for them to be aware of the work being done in schools so that the city can use recreation and other community services to ensure school success. My experience will absolutely support that goal.

In addition, my age (I believe that I would be the 1st commissioner in Culver City to be appointed before age 30) would give me an important perspective on the commission. I am a former student in Culver City and a user of the parks, youth sports program, recreational programs, etc. in the recent past. While it is also important to have parents, youth sports enthusiasts, seniors, and other groups represented on the commission, since the department serves a lot of young people, it would be important to have a young person on the commission. I know that I can serve as that voice.

In addition, my connection to the Culver City Democratic Club and Karen Bass's Education commission puts me in a good position to advocate for the commission's and city's goals throughout the community. My connection to the Speaker-Elect and her staff is especially noteworthy given the limited funding that the city now gets for this department's programs.

19. What do you see as the objectives and goals of the body to which you seek appointment?

The Parks and Recreation Commission works with the City Council, City Staff, and the community to provide the highest level of programs for the people of Culver City. This includes ensuring that parks are well-maintained and meet the needs of the families and sports programs that use them, providing recreation programs that augment the programs in the school district and support young people in their development, manage the senior center and programs for seniors, and provide programs for the betterment of the community. Ideally, the commission will constantly be meeting with members of the public to get input into their ideas for improving the department's services and developing new and creative ways to add services with our limited services.

20. How would you recommend the objectives and goals of the body be changed or augmented?

The commission should set up regular meetings with the neighbors at parks throughout the city to hear from them about the work that they would like to see at their parks. These meetings could develop work plans to improve the quality of the parks. We also must work with these residents to make sure that all of our parks (including our skateboard park) are safe and secure for all to use with proper supervision.

Another goal could be to augment the work that they do in the field of human relations. With a community as diverse as ours, we need to celebrate our diversity and plan ways that we can support those working on education and event planning.

A third possible change could be to work with the city to try to increase our city's open spaces and greenery. With every new development comes a loss of our open space (which is already low as measured by national standards). This commission could play an important role in helping to maintain our community's feel and environment.

Finally, as was mentioned earlier, I see this commission as an important link between the school district and the city. We must work to find ways to use our programming after school and during the summers to augment the material and skills taught in our school system. This could include professional internship opportunities with local businesses, for example.

21. How would you help achieve the body's established objectives and goals?

My experience makes me a uniquely qualified candidate for this position. My experience in education (and specifically in school and community partnerships) gives me the skills and knowledge to help establish a better working relationship between the city and school district. My background in planning events (including Martin Luther King celebrations) and in working on diversity issues in schools and in the community provides me with the necessary background for the Human Relations component. My connection to the community through numerous volunteer leadership positions gives me the working knowledge of the city's government and structure to be effective. And my background in youth sports and other recreation activities (both as a participant and as a leader) gives me real first hand knowledge of our current services and how they could be improved.

22. What special qualities can you bring to the body to which you seek appointment?

In addition to the ones listed above, I would like to highlight my age. While I would never advocate appointing someone because of age (or any other such characteristic), I think that it is important that our city's commissions, committees, and boards reflect the true diversity of our city. When our appointed officials include no members under the age of 30, there is an important segment of the population missing. This is especially true for this commission that does so much work with the youth of Culver City. I went to the recreation department's after school program at the Blanco park SAC when I was a student there. I played and coached in youth sports in our parks. I went to the recreation department's ceramics classes at El Marino Park. And I have taught Culver City's children through the Adult School's Summer Program. I know this department's services, I have experience within this commission's area of work, and I look forward to continuing my service in Culver City.
