Application Form

Profile

Thank you for your interest in volunteering your time and expertise to the Culver City community. The information contained on this application is for use by the City in reviewing candidates to fill vacancies on City Commissions, Committees, and Boards. During consideration of applicants, the City may consider the information contained in this application, any required supplemental questionnaire, and any other publicly available information. An appointment to any Commission, Board or Committee is at the discretion of the appointing authority.

Ethics and Avoidance of Conflicts of Interest

As a reflection of the residents of the community, Culver City prides itself on the high ethical standards adhered to by its municipal government. As a prospective applicant, we want you to be informed about potential limitations that state and local law impose on individuals who serve the community, especially where they may have a financial conflict of interest. Please consider this information before submitting an application and accepting an appointment. Further information and training regarding these limitations, as well as other legal and procedural requirements when serving on these bodies (i.e. Brown Act, ethics laws, etc.), will be provided in the event you are appointed to one of the City's commissions, committees, or boards.

State law has established regulations intended to ensure that a public official does not use his or her position for personal, financial benefit.

- The California Political Reform Act prohibits a public official (including any of the City's commission, committee, or board members) from participating in any decision or deliberation that might affect the official's own financial interests. In such a situation, the official must publicly disclose the potential conflict of interest, recuse himself or herself from the item being discussed, and leave the meeting room while the matter is considered.
- Government Code Section 1090 imposes an even stricter prohibition. It prohibits a local body from "making" a contract with one of its own members (even if the member has recused him or herself), which includes all aspects of contract formation, including such actions as influencing the contract's scope or the selection of a contractor.

A community member volunteering to sit on a City commission, committee, or board should be aware of these restrictions and take them into consideration before applying for or accepting appointment to any of these bodies.

If you have questions about this information and how it may apply to your particular situation, please contact the City Attorney's Office at (310) 253-5660.

Important Information

As you complete your application, please be aware of the following:

You may attach a resume or other supplemental information. However, at a minimum, please ensure you submit this Application form by the applicable deadline.

Please note that certain bodies have additional supplementary questions that pertain to that particular body.

If appointed to a body, please be aware that:

- Important: Unless a specific exception is made by the City Council, generally individuals are

eligible to be appointed to serve on only one body at a time.

- All appointees will be required to attend an Ethics and Brown Act training class, which will be offered through the City Attorney's and City Clerk's Offices.
- State law and the City's Conflict of Interest Code may require you to file annual financial disclosure forms.
- Meeting dates and times of the various bodies are subject to change at the City Council's discretion, staff requirements and the availability of the meeting facilities.
- Please note that you may be subject to a background check. A conviction does not preclude you from being considered for a commission, board or committee appointment.

Please be advised this document is a public record and information contained herein may be subject to public disclosure as required by the California Public Records Act and any other applicable law.

Which Boards would you like to apply for?

Disability Advisory Committee: Submitted

If you are applying for more than one body, please list those bodies in the order of preference for which you would like to be considered below.

N/A

Michelle
First Name

Christie
Last Name

Are you a Culver City resident?

☐ Yes ☒ No

If you are a resident of Culver City, please list how many years:

Are you a Culver City business owner/operator?

☒ Yes ☐ No

If you are a Culver City business owner/operator, please list how many years.

Are you registered to vote in Culver City? (Certain bodies currently require its members to be registered voters.)

Business Management Minor: Communication – DePaul University Chicago, IL - 1991, Magna Cum Laude Professional Certifications: • Communications-Handicapped Credential – 2004 • American Speech-Language-Hearing Association: Clinical Certificate of Competence (CCC)

Application Questions

For the body(ies) to which you seek appointment(s), what have you determined to be the primary role of the body?

The primary role of the Culver City Disability Advisory Committee is to grow the existing community of leaders who are dedicated to the structural, social, and communal advancement of people with disabilities. The Disability Advisory Committee is the vital community link that organizes, identifies and prioritizes the imperative community resources, needs and laws shaping the lives of people with disabilities locally.

Why do you seek appointment on the body(ies)? Please be specific to the body(ies)'s role.

Advocacy becomes a powerful tool when a community of dedicated leaders join forces. It not only ensures that the most vulnerable populations have a voice in decisions impacting their lives, but it also empowers a community to safeguard their rights. This is the opportunity that I seek with the Culver City Disability Advisory Committee. As demonstrated in my professional achievements, educational expertise, advocacy leadership and organizational impact, I would be an asset to this committee as I continuously immerse myself in the fight to end the social injustices impacting people with disabilities. Though I have made immense impact in changing the lives of deaf children to thrive socially and academically in Culver City and nationwide, I want to continue this conversation and expand my work with individuals that are mission-aligned.

What is there specifically in your background, training, education or interests that qualifies you for appointment? What special qualities and/or qualifications can you bring to the body(ies) to which you seek appointment(s)?

I have an extensive background of exceptional community and educational work that is very much aligned with the mission of the Disability Advisory Committee. As a leader in the field of deafness, I have been the subject of multiple documentaries for my revolutionary educational techniques that have been replicated nationwide. The nonprofit I founded in 1996, No Limits for deaf children, continues to be the only theater group in the country for children with hearing loss learning to speak. I have written and produced all the children's plays so that each play can be tailored to meet the individual needs of the young actors involved. Additionally, I have developed theater techniques, enhanced students' speech and language skills and instilled an abundance of confidence. After traveling around the country working with children and families, I realized that children who reside in poverty often do not have resources to excel in school, compared to their more affluent peers. In 2002, I expanded No Limits to provide auditory, speech and language training year-round to impoverished deaf children in the Los Angeles area. The after-school center also offers bi-weekly literacy classes, weekly parent education and advocacy training, academic tutoring, STEM, arts enrichment, and a Leadership and Mentoring Academy for teens. No Limits has opened additional centers pioneering the expansion of its services to reach more communities in order to help deaf children learn the essential skills needed to graduate from college and become successful, productive members of society. I am a grassroots advocate that strives to increase my network of changemakers. It is my vocation to raise awareness levels pertaining to issues at the local, state, and federal level affecting people with disabilities. Before creating tremendous global impact, I want to help more people with disabilities in my Culver City community.

How do you envision your fulfilling the objectives, and/or goals of the body(ies), as established by the City Council?

Diversity of people and perspectives in leadership provides greater communal governance. I envision this leadership role, providing greater opportunity for the development of innovative solutions that resolve ongoing communal issues for community members with disabilities. My social issue of focus has been working with deaf children and their families to create a comprehensive educational program, offering an array of developmental resources. I plan to discuss the bills in place affecting this community and strive towards collaborating with the committee regarding ways we can use policymaking to positively change lives. I have educated families of our deaf children about The Bloom Bill (AB 158) and its importance in mandating that private health insurance companies cover the costs of hearing aids for children. This is one of many bills that I would like to advocate on behalf of the greater local population of people with disabilities. With my unique perspective, I would love to share feedback from the youth and families our organization serves and brainstorm effective policies that solve overlapping issues as discussed by the committee.

How many meetings of the commission(s), board(s), or committee(s), to which you are interested in being appointed have you attended? Please indicate how often and when.

I have consistently stayed abreast of news involving the Culver City Disability Advisory Committee and noted the meeting discussions over the years, which has inspired me to pursue the opportunity to become appointed. I was honored to receive the Best Nonprofit Organization Award by the Culver City Disability Council in the past. Additionally, the Culver City Easter Seals are supporters of our organization through their weekly volunteer work. We patronize the local Culver City restaurants during our meetings, we hold our shows at the Kirk Douglas Theatre, we hold our graduation ceremonies at the ArcLight Cinemas - Culver City, and events in the Culver City Park. I have served the Culver City area through my nonprofit work, but seek additional leadership experience while learning from diverse perspectives of those who strive to increase community impact. Though I have been dedicated and focused on the work and accompanying hours of leading No Limits for deaf children, I desire to fully immerse myself in the committee duties if granted the opportunity.

How much time, on a monthly basis, can you commit to reviewing materials in preparation for attendance at meetings of the body(ies) to which you desire appointment?

I am willing to commit as many hours as needed to achieve our committee advocacy goals and will not take my role lightly. I have a duty to voice the concerns of the community I work with on a daily basis as well as those who have yet to be impacted.

Is there anything else you would like to add that has not been covered by your answers to the prior questions? (You may attach supplemental information below.)

Below, I've included links to some press videos and articles pertaining to my work with No Limits for deaf children. CNN Hero Michelle Christie Video: <https://www.cnn.com/videos/us/2017/04/06/cnnheroes-christie-orig.cnn> Santa Monica Daily Press AB 598 Article: <https://www.smdp.com/bloom-bill-expands-hearing-aid-coverage/172942> Silent NO MORE at Carnegie Hall Video: <https://pix11.com/2016/12/15/no-limits-nonprofit-performing-at-carnegie-hall-to-raise-awareness-for-deaf-children/>

You are invited to attach additional pages, enclose a copy of your resume and/or submit supplemental information which you feel may assist the appointing authority in its evaluation of your application.

Please submit your application and any attachments no later than the final filing date as announced in the Notice of Vacancy and Request for Applications to the City of Culver City by submitting your application online or

By Mail or Hand Delivery: Office of the City Clerk
9770 Culver Blvd.
Culver City, CA 90232

By Fax: (310) 253-5830

By Email: city.clerk@culvercity.org

If you have questions regarding the completion or filing of this application, please contact the City of Clerk's Office, by fax or email as indicated above, or by phone at (310) 253-5851.

Outreach Question

The City Clerk's Office is always looking to improve outreach. Please indicate how you heard about this opportunity.

None Selected

Supplemental Questions

Thank You

The City Clerk's Office encourages all interested persons to apply for all positions in which they have an interest!

Michelle Christie, Ms.Ed., CCC, Ed.D., founded the nonprofit organization, No Limits, in 1996 to help underserved and economically disadvantaged children with hearing loss gain the skills to succeed in school and life through its national theater program and after-school educational centers. After 18 years in the entertainment industry, Dr. Christie decided to follow her dream of working with children with hearing who speak and listen. She changed her career path and earned a Masters Degree in Education, with a full fellowship and distinguished honors from the USC/John Tracy Clinic Program. She later received her Doctorate in Education from UCLA. Her dissertation focused on the needs and experiences of low-income Latino parents of school-age children with hearing loss. She has been invited to present her findings throughout the country, as well as internationally, including the Hearing Across the Lifespan (HEAL) Conference in Italy with representatives from over 60 countries in attendance.

As a leader in the field of deafness, Dr. Christie has been the subject of multiple documentaries for her revolutionary educational techniques that have been replicated nationwide. No Limits continues to be the only theater group in the country for children with hearing loss learning to speak. Dr. Christie has written and produced all the children's plays so that each play can be tailored to meet the individual needs of the young actors involved. She found her theater techniques promoted clarity of speech, expansion of language and an abundance of confidence in the children. After traveling around the country working with children and families, she realized that children who reside in poverty often do not have resources to excel in school, compared to their more affluent peers. In 2002, Dr. Christie expanded No Limits to provide auditory, speech and language training year-round to impoverished deaf children in the Los Angeles area. The after-school center also offers bi-weekly literacy classes, weekly parent education and advocacy training, academic tutoring, STEM, arts enrichment, and a Leadership and Mentoring Academy for teens. No Limits has opened additional centers pioneering the expansion of its services to reach more communities in order to help deaf children learn the essential skills needed to graduate from college and become successful, productive members of society.

Dr. Christie has made it her mission to bring awareness to government officials to make policy changes that will benefit the educational outcome of children with hearing loss. She currently is advocating for AB 598 to have hearing aids covered by insurance companies in the state of California. She has started a grassroots effort to educate people across the world about the struggles and triumphs of people with hearing loss who have been raised using spoken language rather than sign language. Her passion is embodied in a national production and book entitled *Silent NO MORE*. The show has been performed across the countries with different cast members sharing their inspiring stories to sold-out audiences. The show was recently performed at the John F. Kennedy Center for Performing Arts with rave reviews. Because of her desire to bridge the gap between the Deaf community and oral community, all productions have been followed by a Q&A session between the audience and the cast. These discussions have sparked a positive conversation about the needs of both communities and how to join efforts. This powerful production is revolutionizing the landscape of the field.

Dr. Christie was selected as one of 25 CNN Heroes in 2017, 2018 UCLA's Doctorate Program - Educational Leadership (ELP) Hero Award and has received numerous awards and accolades for her outstanding work with children with hearing loss. She was featured in 2019 Chicken Soup for the Soul's Hidden Heroes, OPRAH, The Learning Channel, PBS, CNN, NBC, ABC, and numerous local news stations throughout the country. She was selected as one of 25 CNN Heroes in 2017, and has received numerous awards and accolades for her outstanding work with children with hearing loss. Dr. Christie has been the honored with the following awards: Starkey Hearing Foundation's *Hearing Angel Humanitarian Award*, Freedom's Foundation *George Washington Medal of Honor Award*; the California Educators of the Deaf (CAL-ED); John Tracy Clinic's *Heidi J. Mengle Award*; Executive Service Corps *Megan Cooper Leadership Award*; Volvo for Life Award for *Top 100 Heroes* in the country, Harmony's *Spirit of Leadership Award*, *Lotus It Takes a Village Award* and; *Service to Mankind Award* to name a few. Dr. Christie has received commendations by Congressperson Karen Bass, Congressman Tony Cárdenas, Senator Curren D. Price, Supervisor Mark Ridley Thomas and Councilmember Mike Bonin. No Limits was also named the *Best Arts Program in the County* by Parents Magazine and the *Best Nonprofit Organization* by the Culver City Disability Council.

Application Form

Profile

Thank you for your interest in volunteering your time and expertise to the Culver City community. The information contained on this application is for use by the City in reviewing candidates to fill vacancies on City Commissions, Committees, and Boards. During consideration of applicants, the City may consider the information contained in this application, any required supplemental questionnaire, and any other publicly available information. An appointment to any Commission, Board or Committee is at the discretion of the appointing authority.

Ethics and Avoidance of Conflicts of Interest

As a reflection of the residents of the community, Culver City prides itself on the high ethical standards adhered to by its municipal government. As a prospective applicant, we want you to be informed about potential limitations that state and local law impose on individuals who serve the community, especially where they may have a financial conflict of interest. Please consider this information before submitting an application and accepting an appointment. Further information and training regarding these limitations, as well as other legal and procedural requirements when serving on these bodies (i.e. Brown Act, ethics laws, etc.), will be provided in the event you are appointed to one of the City's commissions, committees, or boards.

State law has established regulations intended to ensure that a public official does not use his or her position for personal, financial benefit.

- The California Political Reform Act prohibits a public official (including any of the City's commission, committee, or board members) from participating in any decision or deliberation that might affect the official's own financial interests. In such a situation, the official must publicly disclose the potential conflict of interest, recuse himself or herself from the item being discussed, and leave the meeting room while the matter is considered.
- Government Code Section 1090 imposes an even stricter prohibition. It prohibits a local body from "making" a contract with one of its own members (even if the member has recused him or herself), which includes all aspects of contract formation, including such actions as influencing the contract's scope or the selection of a contractor.

A community member volunteering to sit on a City commission, committee, or board should be aware of these restrictions and take them into consideration before applying for or accepting appointment to any of these bodies.

If you have questions about this information and how it may apply to your particular situation, please contact the City Attorney's Office at (310) 253-5660.

Important Information

As you complete your application, please be aware of the following:

You may attach a resume or other supplemental information. However, at a minimum, please ensure you submit this Application form by the applicable deadline.

Please note that certain bodies have additional supplementary questions that pertain to that particular body.

If appointed to a body, please be aware that:

- Important: Unless a specific exception is made by the City Council, generally individuals are

eligible to be appointed to serve on only one body at a time.

- All appointees will be required to attend an Ethics and Brown Act training class, which will be offered through the City Attorney's and City Clerk's Offices.
- State law and the City's Conflict of Interest Code may require you to file annual financial disclosure forms.
- Meeting dates and times of the various bodies are subject to change at the City Council's discretion, staff requirements and the availability of the meeting facilities.
- Please note that you may be subject to a background check. A conviction does not preclude you from being considered for a commission, board or committee appointment.

Please be advised this document is a public record and information contained herein may be subject to public disclosure as required by the California Public Records Act and any other applicable law.

Which Boards would you like to apply for?

Disability Advisory Committee: Submitted

If you are applying for more than one body, please list those bodies in the order of preference for which you would like to be considered below.

Joe

First Name

Taravella

please see CV

Education (Include professional or vocational licenses and certificates.) Please feel free to attach a resume or CV in lieu of completing this section:

please see CV

Application Questions

For the body(ies) to which you seek appointment(s), what have you determined to be the primary role of the body?

To understand and identify the unique needs of individuals with all types of disabilities within Culver City. Review current policies, collaborate with other committees, and implement updated programs to the City for the benefit of individuals within the community.

Why do you seek appointment on the body(ies)? Please be specific to the body(ies)'s role.

I recently moved to Culver City and my three children attend Culver City Middle School. We are moving at the end of June and will be within walking distance to the center of town and to my children's school. We are all thriving and loving Culver City. Working as a psychologist with a focus on individuals with disabilities, I am very passionate about creating and fostering a community that thrives and advances the wellbeing of all individuals, particularly those with disabilities. I believe it is essential for any community to be as inclusive as possible to all their residents, as well as to all visitors of their city. I have the professional and personal understanding to work with a collaborative team to ensure a healthy integration with appropriate resources and accommodations for individuals with disabilities living in Culver City. Education and public awareness are also essential elements for the public to understand the needs of this population.

What is there specifically in your background, training, education or interests that qualifies you for appointment? What special qualities and/or qualifications can you bring to the body(ies) to which you seek appointment(s)?

I spent the last 20 years as a psychologist working with children with disabilities and their families. I believe I have the professional and personal understanding to work with a collaborative team to ensure a healthy integration and respect of individuals with disabilities living in Culver City. Education and public awareness are also essential elements for the public at large to understand the needs of this population. I also have personal family experience helping my father who was disabled towards the end of his life.

How do you envision your fulfilling the objectives, and/or goals of the body(ies), as established by the City Council?

I will use my clinical training as well as working closely with a collaborative team to meet and address the objectives of the board, as well as dutifully serve my community.

How many meetings of the commission(s), board(s), or committee(s), to which you are interested in being appointed have you attended? Please indicate how often and when.

I have not attended any meetings, as I am a new resident of California, and am looking to become more involved in our community.

How much time, on a monthly basis, can you commit to reviewing materials in preparation for attendance at meetings of the body(ies) to which you desire appointment?

Approximately 10 hours per month. I have a flexible work schedule and can commit to what time is needed to be successful on the advisory committee.

Is there anything else you would like to add that has not been covered by your answers to the prior questions? (You may attach supplemental information below.)

Please upload a file to attach supplemental information, if desired.

You are invited to attach additional pages, enclose a copy of your resume and/or submit supplemental information which you feel may assist the appointing authority in its evaluation of your application.

Please submit your application and any attachments no later than the final filing date as announced in the Notice of Vacancy and Request for Applications to the City of Culver City by submitting your application online or

By Mail or Hand Delivery: Office of the City Clerk
9770 Culver Blvd.
Culver City, CA 90232

By Fax: (310) 253-5830

By Email: city.clerk@culvercity.org

If you have questions regarding the completion or filing of this application, please contact the City of Clerk's Office, by fax or email as indicated above, or by phone at (310) 253-5851.

Outreach Question

The City Clerk's Office is always looking to improve outreach. Please indicate how you heard about this opportunity.

☒ Word of Mouth

Supplemental Questions

Thank You
