Do you like the idea of		
a new sidewalk?	Why do you support or not support the sidewalk?	Any other comments you would like to share about this subject?
		Seriously, this is so important to put a sidewalk in there! Especially for
	My husband and I walk around Lindbergh Park at night,	walking at night, when the current places to walk in that area are all
Yes	and a new sidewalk would make us feel much, much safer!	unsafe in one way or another.
	New sidewalk will make it safer for people walking around	
Yes	the outside of the park	
	Walking around the park only has uneven grass and in the	
	street options. Not friendly to seniors and others with	
Yes	limited mobility that need good outdoor walking areas.	None
	safer for walking, easier for cars and bicyclists to get	
Yes	through	
		There need to be more no pet signs. The park is full of people with
	I walk on the street around the park almost everyday.	dogs. The sprinkle system layout needs to be changed, the control
	Walking around parked cars and avoiding school and other	
Yes	traffic.	use of the park for sports.
	People already walk their dog on that part of the park. As	
	there is no sidewalk, they have turned the whole south	
	side of the park into a dog park, which just does not work.	
	A sidewalk would at least establish a path to keep it	
	seperate from all of the youth sports using the rest of the	Exercisers take laps around the park and often walk/run in the street
Yes	field	around this section. A sidewalk would be safer for these people to use.
	We walk around the park almost every evening. This	
	sidewalk would make walking much safer and more	
Yes	pleasant.	
		Safety for children, and accessibility for the disabled community. I
		frequent that park a lot during Soccer and Sofball Season (practices
		and games) and have son who uses a wheelchair and there is only one
		area where he can easily access the fields. Loading and Unloading
Yes	Wheelchair Accessibility	around the park is difficult.

	No sidewalk frankly equates to discrimination against	Perhaps a decomposed granite jogging loop/path would be a nice
Yes	wheelchair users.	compromise for people who are against wheelchair users in parks.
	It's a heavily used corridor by pedestrians. Also, I would	
	like to recommend a new sidewalk in front of the	A slightly different aspect of the park improvements: The plans for the
	residences on Rhoda Way just east of the park and across	new walkway to the picnic structure include a curb on either side.
	the street. These sidewalks are also used heavily by	People often run perpendicular to this walkway to and from Rhoda
	various pedestrians and students walking to and from	Way within the park and I am concerned about the curb being a tripping hazard. I live directly across the street from the walkway, I am
Yes	school. The sidewalk is lifted significantly by tree roots in many places.	retired and have eyes on the park for a good portion of the day.
Tes	many places.	More sidewalks is always a great idea. It's one of the reasons we love
Yes	Pedestrian safety	living in Culver City vs. Los Angeles.
	reaction succe	inving in curver eity vs. Los Angeles.
	It would allow pedestrians in area to walk around the park	
Yes	without crossing streets. The sidewalks are also uneven	
	Makes the park safer, esp for children, dogs, the elderly,	
	and those in wheelchairs. That is the only block in the	
	entire Lindberg Park area lacking a full sidewalk, yet it is	
Yes	the one location that REQUIRES one IMHO	
	with hope that future repairs result in wider sidewalks	
Yes	around the park. Wider sidewalks encourage greater	Maintain slo streets around the park.
	I think it would increase safety for me those who walk	
	around the park. The sidewalks in fron of the houses have	
	many areas that are damaged from tree roots. It may also	
	improve safety for those trying to avoid walkers as they	
Yes	cross driveways	
	Sidewalks are so important — everyone uses them, the	
Yes	most basic infrastructure.	Tellefson should be next, please! Bentley needs sidewalks. Thanks!
		Surface should be a walkway made of decomposed garnet. Injuries
Yes	Sloped edges have always been a problem	may be less significant

Yes	Sidewalk will give visitors and neighbors more stable- walking opportunities, e.g., walking on an even surface rather than uneven, muddy grass. Also, it appears that this addition will complete a full, sidewalk loop around the park.	
Yes	I would love to walk with my kids alongside the park, but instead we have to walk across the street. It would be nice to be able to walk a stroller up into the park.	Can we include better street lighting as part of this effort? The park area is so dark at night, it would be nice to have better lighting. Also, when will the playground itself get renovated? There's a lot of splintered wood, old outdated equipment, and equipment that has gone missing. It feels like Lindberg park got missed when all the other culver parks got updated.
Yes	I walk my dog around the park quite often and it would be nice to be able to use a sidewalk all the way around. It's also nice to have a sidewalk to get from one field to the other without needing to step on wet grass.	
Yes	The park needs a sidewalk around the entire circumference	
Yes	Right now you have to cross the street to stay on the sidewalk from several of the entries into the park - the sidewalk simply stops. But the green space at the edge of the park isn't utilized, so seems like it would make sense to have a sidewalk there.	The sidewalk on the opposite side of the street on Ocean is frequently subject to intrusion by roots and needing repair; an alternate sidewalk would help that also.
Yes	Protect children when using the park	All sidewalks in Linberg Park area require repair as a matter of urgency
Yes	I prefer having a safe level ground to walk the perimeter of the park that isn't on the street.	
Yes	It makes it more compatible for handicap individuals. Yes I support it.	
Yes	So moms and dads and nannies can push strollers in a circle and get that baby to sleep!	

No installed. in the evening makes it really a struggle with kids. No Keep as much grass space as possible for sports Leave it alone and don't disrupt the peace and quiet of Lindbergh park. It's been the way it is since I grew up in Use the money more wisely No the 60's. It was fine then and it's fine now. Use the money more wisely No the 60's. It was fine then and it's fine now.
