Health & Safety Code Section 33080.1 requires agencies (RDAs) to annually report on their Low & Moderate Income Housing Fund and housing activities for the Department of Housing and Community Development (HCD) to report on RDAs' activities in accordance with Section 33080.6.

Please answer each question below. Your answers determine how to complete the HCD report.

1. Check one of the items below to identify the Agency's status at the end of the reporting period:
   - ☐ New (Agency formation occurred during reporting year. No financial transactions were completed).
   - ☒ Active (Financial and/or housing transactions occurred during the reporting year)
   - ☐ Inactive (No financial and/or housing transactions occurred during the reporting year). ONLY COMPLETE ITEM 7
   - ☐ Dismantled (Agency adopted an ordinance and dissolved itself before start of reporting year). ONLY COMPLETE ITEM 7
2. During reporting year, how many adopted project areas existed? 1 Of these, how many were merged during year? 0
   If the agency has one or more adopted project areas, complete SCHEDULE HCD-A for ***each project area***.
   If the agency has no adopted project areas, DO NOT complete SCHEDULE HCD-A (refer to next question).
3. Within an area outside of any adopted project area(s): (a) did the agency destroy or remove any dwelling units or displace any households over the reporting period, (b) does the agency intend to displace any households over the next reporting period, (c) did the agency permit the sale of any owner-occupied unit prior to the expiration of land use controls over the reporting period, and/or (d) did the agency execute a contract or agreement for the construction of any affordable units over the next two years?
   - ☒ Yes (any question). Complete SCHEDULE HCD-B.
   - ☐ No (all questions). DO NOT complete SCHEDULE HCD-B (refer to next question).
4. Did the agency's Low & Moderate Income Housing Fund have any assets during the reporting period?
   - ☒ Yes. Complete SCHEDULE HCD-C.
   - ☐ No. DO NOT complete SCHEDULE HCD-C.
5. During the reporting period, were housing units completed within a project area and/or assisted by the agency outside a project area?
   - ☒ Yes. Complete all applicable HCD SCHEDULES D1-D7 for ***each housing project completed*** and HCD SCHEDULE E.
   - ☐ No. DO NOT complete HCD SCHEDULES D1-D7 or HCD SCHEDULE E.
6. Specify whether method A and/or B was used to report financial and housing activity information to HCD:
   - ☒ A. Forms. All required HCD SCHEDULES A, B, C, D1-D7, and E are attached.
   - ☐ B. On-line (*http://www.hcd.ca.gov/rda/*) "Lock Report" date:__________. HCD SCHEDULES not required.
     (*lock* date is shown under *"Admin" Area and "Report Change History"*)
7. To the best of my knowledge: (a) the representations made above and (b) agency information reported are correct.

Post-1975 project areas and geographic areas added by amendment after 1975 to pre-1976 project areas: Both replacement and inclusionary or production requirements of Section 33413 apply.

NOTE:

Amounts to report on HCD-A lines 3a(1), 3b-3f, and 3i. can be taken from what is reported to the State Controller's Office (SCO) on the Statement of Income and Expenditures as part of the Redevelopment Agency's Financial Transactions Report, except for the reclassifying of Transfers-In from Internal Funds and the reporting of Other Sources as discussed below:

Transfers-In from other internal funds: Report the amount of transferred funds on applicable HCD-A, lines 3a-j. For example, report the amount transferred from the Debt Service Fund to the Housing Fund for the deposit of the required set-aside percentage/amount by reporting gross tax increment on HCD-A, Line 3a(1) and report the Housing Fund's share of expenditures for debt service on HCD-C, Line 4c. Do not report "net" funds transferred from the Debt Service Fund on HCD-A, Line 3a(3) when reporting debt service expenditures on HCD-C, Line 4c.

Other Sources: Non-GAAP (Generally Acceptable Accounting Principles) revenues such as from land sales for those agencies using the Land Held for Resale method to record land sales should be reported on HCD-A Line 3d. Housing fund receipts for the repayment of loan principal should be included on HCD-A Line 3h.

Agency Name: CCRA Project Area Name: CCR Project

Project Area Housing Fund Revenues and Other Sources

3. Report all revenues and other sources of funds from this project area which accrued to the Housing Fund over the reporting year. Any income related to agency-assisted housing located outside the project area(s) should be reported as "Other Revenue" on Line 3j. (of this Schedule A), if this project area is named as beneficiary in the authorizing resolution. Any other revenue sources not reported on lines 3a.-3i., should also be reported on Line 3j.

Enter on Line 3a(1) the full 100% of gross Tax Increment allocated prior to applicable pass through of funds and deductions for fees (refer to Sections 33401, 33446, & 33676). Compute the required minimum percentage (%) of gross Tax Increment and enter the amount on Line 3a(2)(A) or 3a(2)(B). Next, report the amount of Tax Increment set-aside before any exemption and/or deferral (if amount set-aside is less than required minimum (%), explain the difference). If any amount of Tax Increment was exempted or deferred, in addition to completing lines 3a(4) and/or 3a(5), complete Line 4 and/or Line 5. To determine the amount of Tax Increment deposited to the Housing Fund [Line 3a(6)], subtract allowable amounts exempted [Line 3a(4)] or deferred [Line 3a(5)] from the actual amount allocated to the Housing Fund [Line 3a(3)].

a. Tax Increment:

(1) 100% of Gross Allocation: $ ________

(2) Calculate only 1 set-aside amount: either (A) or (B) below:

(A) 20% required by 33334.2 (Line 3a(1) x 20%): $ ________

(B) 30% required by 33333.10(g) (Line 3a(1) x 30%): $ ________
(Senate Bill 211, Chapter 741, Statutes of 2001)

(3) Amount of set-aside (Line 3a(2)) allocated to Housing Fund $ ________ *

* If, pursuant to Section 33334.3(i), less than the minimum % of Gross Tax Increment (see 3a(2) above) is being allocated from this project area, identify the project area(s) contributing the difference. Explain any other reason(s):

Exemption(s)

4. a. If an exemption was claimed on Page 2, Line 3a(4) to deposit less than the required amount, complete the following information:

Check only one of the Health and Safety Code Sections below *(Note: An Annual Finding is required to be submitted to HCD)*

☐ Section 33334.2(a)(1): No need in community to increase/improve supply of lower or moderate income housing.

☐ Section 33334.2(a)(2): Less than the minimum set-aside % (20% or 30%) is sufficient to meet the need.

☐ Section 33334.2(a)(3): Community is making substantial effort equivalent in value to minimum set-aside % (20% or 30%) and has specific contractual obligations incurred before May 1, 1991 requiring continued use of this funding.

Note: Pursuant to Section 33334.2(a)(3)(C), this exemption expired on June 30, 1993 but contracts entered into prior to May 1, 1991 may not be subject to the exemption sunset.

☐ Other: Specify code section and reason(s): ______

b. For any exemption claimed on Page 2, Line 3a(4) and/or Line 4a above, identify:

Date that initial (1st) finding was adopted: __/__/__ (mo day yr) Resolution # ____ Date sent to HCD: __/__/__ (mo day yr)

Adoption date of reporting year finding: __/__/__ (mo day yr) Resolution # ____ Date sent to HCD: __/__/__ (mo day yr)

Deferral(s)

5. a. Specify the authority for deferring any set-aside on Line 3a(5). Check only one Health and Safety Code Section boxes:

☒ Section 33334.6(d): Applicable to project areas approved before 1986 in which the required resolution was sent to HCD before September 1986 regarding needing tax increment to meet existing obligations. Existing obligations can include those incurred after 1985, if net proceeds were used to refinance pre-1986 listed obligations.

Note: The deferral previously authorized by Section 33334.6(e) expired. It was only allowable in each fiscal year prior to July 1, 1996 with certain restrictions.

☐ Other: Specify code Section and reason:

b. For any deferral claimed on Page 2, Line 3a(5) and/or Line 5a above, identify:

Date that initial (1st) finding was adopted: __/__/__ (mo day yr) Resolution # ____ Date sent to HCD: __/__/__ (mo day yr)

Adoption date of reporting year finding: __/__/__ (mo day yr) Resolution # ____ Date sent to HCD: __/__/__ (mo day yr)

c. A deferred set-aside pursuant to Section 33334.6(d) constitutes indebtedness to the Housing Fund. Summarize the amount(s) of set-aside deferred over the reporting year and cumulatively as of the end of the reporting year:

Fiscal Year	Amount Deferred This Reporting FY	Amount of Prior Deferrals Repaid During Reporting FY	Cumulative Amount Deferred (Net of Any Amount(s) Repaid)
(1) Last Reporting FY			$ 32,023,650
(2) This Reporting FY	$ 968,715	$	$ * 32,992,365 *

** The cumulative amount of deferred set-aside should also be shown on HCD-C, Line 8a.*

If the prior FY cumulative deferral shown above differs from what was reported on the last HCD report (HCD-A and HCD-C), indicate the amount of difference and the reason:

Difference: $____ Reason(s): INTEREST

Agency Name: CCRA Project Area Name: CCR Project

Deferral(s) (continued)

5.

d. Section 33334.6(g) requires any agency which defers set-asides to adopt a plan to eliminate the deficit in subsequent years. If this agency has deferred set-asides, has it adopted such a plan? Yes ☒ No ☐

If yes, by what date is the deficit to be eliminated? 11 / 25 / 2028 (mo day yr)

If yes, when was the original plan adopted for the claimed deferral? 06 / ___ / 1985 (mo day yr)

Identify Resolution #By Motion Date Resolution sent to HCD ___/___/___ (mo day yr)

When was the last amended plan adopted for the claimed deferral? 06 / ___ / 2006 (mo day yr)

Identify Resolution #By Motion Date Resolution sent to HCD ___/___/___ (mo day yr)

Many amounts to report as Expenditures and Other Uses (beginning on the next page) should be taken from amounts reported to the State Controller's Office (SCO). Review the SCO's Redevelopment Agencies Financial Transactions Report.

Housing Fund "transfers-out" to other internal Agency funds: Report the specific use of all transferred funds on applicable lines 4a.-k of Schedule C. For example, transfers from the Housing Fund to the Debt Service Fund for the repayment of principal and interest of debt proceeds deposited to the Housing Fund should be reported on the applicable item comprising HCD-C Line 4c, providing tax increment (gross and deposit amounts) were reported on Sch-As. External transfers out of the Agency should be reported on HCD-C Line 4j (e.g.: transfer of excess surplus to the County Housing Authority).

Other Uses: Non-GAAP (Generally Accepted Accounting Principles) recording of expenditures such as land purchases for agencies using the Land Held for Resale method to record land purchases should be reported on HCD-C Line 4a(1). Funds spent resulting in loans to the Housing Fund should be included in HCD-C lines 4b., 4f., 4g., 4h., and 4i as appropriate.

The statutory cite pertaining to Community Redevelopment Law (CRL) is provided for preparers to review to determine the appropriateness of Low and Moderate Income Housing Fund (LMIHF) expenditures and other uses. HCD does not represent that line items identifying any expenditures and other uses are allowable. CRL is accessible on the Internet [website: http://www.leginfo.ca.gov/ (California Law)] beginning with Section 33000 of the Health and Safety Code.

Excess Surplus Information

Pursuant to Section 33080.7 and Section 33334.12(g)(1), report on Excess Surplus that is required to be determined on the first day of a fiscal year. Excess Surplus exists when the Adjusted Balance exceeds the greater of: (1) $1,000,000 or (2) the aggregate amount of tax increment deposited to the Housing Fund during the prior four fiscal years. Section 33334.12(g)(3)(A) and (B) provide that the Unencumbered Balance can be adjusted for: (1) any remaining revenue generated in the reporting year from unspent debt proceeds and (2) if the land was disposed of during the reporting year to develop affordable housing, the difference between the fair market value of land and the value received.

The Unencumbered Balance is calculated by subtracting encumbrances from Net Resources Available. "Encumbrances" are funds reserved and committed pursuant to a legally enforceable contract or agreement for expenditure for authorized redevelopment housing activities [Section 33334.12(g)(2)].

For Excess Surplus calculation purposes, carry over the prior year's HCD Schedule C Adjusted Balance as the Adjusted Balance on the first day of the reporting fiscal year. Determine which is larger: (1) $1 million or (2) the total of tax increment deposited over the prior four years. Subtract the largest amount from the Adjusted Balance and, if positive, report the amount as Excess Surplus.

10. **Excess Surplus:**
Complete Columns 2, 3, 4, & 5 to calculate Excess Surplus for the reporting year. Columns 6 and 7 track prior years' Excess Surplus.

23. **Project Achievement and HCD Director's Award for Housing Excellence**

Project achievement information is optional but can serve important purposes: Agencies' achievements can inform others of successful redevelopment projects and provide instructive information for additional successful projects. Achievements may be included in HCD's Annual Report of Housing Activities of California Redevelopment Agencies to assist other local agencies in developing effective and efficient programs to address local housing needs.

In addition, HCD may select various projects to receive the Director's Award for Housing Excellence. Projects may be selected based on criteria such as local affordable housing need(s) met, resources utilized, barriers overcome, and project innovation/complexity, etc.

Project achievement information should only be submitted for <u>one</u> affordable residential project that was completed within the reporting year as evidenced by a Certificate of Occupancy. The project must not have been previously reported as an achievement.

To publish agencies' achievements in a standard format, please complete information for each underlined category below addressing suggested topics in a narrative format that does not exceed two pages (see example, next page). In addition to submitting information with other HCD forms to the State Controller, please submit achievement information on a 3.5 inch diskette and identify the software type and version. For convenience, the diskette can be separately mailed to: HCD Policy Division, 1800 3rd Street, Sacramento, CA 95814 or data can be emailed by attaching the file and sending it to: rlevy@hcd.ca.gov.

ACHIEVEMENT EXAMPLE

Project Type: NEW CONSTRUCTION- OWNER OCCUPIED

______________ Redevelopment Agency
Contact: Name (Area Code) Telephone #

Project/Program Name: _______________ Project or Program

Description
During the reporting year, construction of 12 homes was completed. __________________ Enterprises, which specializes in community self-help projects, was the developer, assisting 12 families in the construction of their new homes. The homes took 10 months to build. The families' work on the homes was converted into "sweat equity" valued at $15,000. The first mortgage was from CHFA. Families were also given an affordable second mortgage. The second and third mortgage loans were funded by LMIHF and HOME funds.

History
The __________(City or County) of___________ struggled for several years over what to do about the _______________ area. The ______________ tried to encourage development in the area by rezoning a large portion of the area for multi-family use, and twice attempted to create improvement districts. None of these efforts were successful and the area continued to deteriorate, sparking growing concern among city officials and residents. At the point that the Redevelopment Agency became involved, there was significant ill will between the residents of the _________________ and the (City or County). The _________________________________ introduced the project in _________ with discussions of how the Agency could become involved in improving the blighted residential neighborhood centering on _____________________. This area is in the core area of town and was developed with disproportionately narrow, deep lots, based on a subdivision plat laid in 1950. Residents built their homes on the street frontages of __________________ and __________________ leaving large back-lot areas that were landlocked and unsuitable for development, having no access to either avenue. The Agency worked with 24 property owners to purchase portions of their properties. Over several years, the Agency purchased enough property to complete a tract map creating access and lots for building. Other non-profits have created an additional twelve affordable homes.

Agency Role
The Agency played the central role. The __________________ Project is a classic example of successful redevelopment. All elements of blight were present: irregular, land-locked parcels without access; numerous property owners; development that lagged behind that of the surrounding municipal property; high development cost due to need for installation of street improvements, utilities, a storm drain system, and undergrounding of a flood control creek; and a low-income neighborhood in which property sale prices would not support high development costs. The Agency determined that the best development for the area would be single-family owner-occupied homes. The Agency bonded its tax increment to fund the off-site improvements. A tract map was completed providing for the installation of the street improvements, utilities, storm drainage, and the undergrounding of ___________ Creek. These improvements cost the Agency approximately $1.5 million. In lieu of using the eminent domain process, the Agency negotiated with 22 property owners to purchase portions of their property, allowing for access to the landlocked parcels. This helped foster trust and good will during the course of the negotiations. The Project got underway once sufficient property was purchased.

If TOTAL UNITS is less than "Total Project Units" shown on HCD Schedule D1, report the remainder as instructed below.

Check all appropriate form(s) listed below that will be used to identify remaining Project Units to be reported:

☐ Replacement Housing Units (Sch HCD-D2)

Inclusionary Units:
☐ Inside Project Area (Sch HCD-D3)
☐ Outside Project Area (Sch HCD-D4)

Other Housing Units Provided:
☒ With LMIHF (Sch HCD-D5)
☐ No Assistance (Sch HCD-D7)

SCHEDULE HCD-D7

HOUSING UNITS PROVIDED (NO AGENCY ASSISTANCE)

(units not claimed on Schedule D-2,3,4,5,6)

Agency: Culver City Redevelopment Agency

Redevelopment Project Area Name, or "Outside": Culver City Redevelopment Project

Housing Project Name: ______

NOTE: On this form, only report UNITS NOT REPORTED on HCD-D2 through HCD-D6 for project/program units that have not received any agency assistance. Agency assistance includes either financial assistance (LMIHF or other agency funds) or nonfinancial assistance (design, planning, etc.) provided by agency staff. In some cases, of the total units reported on HCD D1, a portion of units in the same project/program may be agency assisted (reported on HCD-D2 through HCD-D6) whereas other units may be unassisted by the agency (reported on HCD-D7).

The intent of this form is to: (1) reconcile any difference between total project/program units reported on HCD-D1 compared to the sum of all the project's/program's units reported on HCD-D2 through HCD-D6, and (2) account for other (nonassisted) housing units provided inside a project area that increases the agency's inclusionary obligation. Reporting nonagency assisted projects outside a project area is optional, if units do not make-up any part of total units reported on HCD-D1.

HCD-D7 Reporting Examples

Example 1 (reporting partial units): A new 100 unit project was built (reported on HCD-D1, Inside or Outside a project area). Fifty (50) units received agency assistance [30 affordable LMIHF units (reported on either HCD-D2, D3, D4, or D5) and 20 above moderate units were funded with other agency funds (reported on HCD-D6)]. The remaining 50 (privately financed and developed market-rate units) must be reported on HCD-D7 to make up the difference between 100 reported on D1 and 50 reported on D2-D6).

Example 2 (reporting all units): Inside a project area a condemned, historic property was substantially rehabilitated (multi-family or single-family), funded by tax credits and other private financing without any agency assistance.

Check whether Inside or Outside Project Area in completing applicable information below:

☐ **INSIDE Project Area**.......... *Enter the number for each unit type for each applicable activity:*

ACTIVITY: UNIT TYPE:	VLOW	LOW	MOD	AMOD	TOTAL
New Construction Units:					0
Substantial Rehabilitation Units:					0
Total Units:					0

If agency did not assist any part of project identify Building Permit Number and Date:

CALCULATION OF INCREASE IN AGENCY'S INCLUSIONARY OBLIGATION BASED ON SPECIFIED HOUSING ACTIVITY DURING THE REPORTING YEAR

Agency: Culver City Redevelopment Agency

Name of Project or Area (if applicable, list "Outside" or "Summary": ____________

Complete this form to report activity separately by project or area or to summarize activity for the year. Report all new construction and/or substantial rehabilitation units from Forms D2 through D7 that were: (a) developed by the agency and/or (b) developed only in a project area by a nonagency person or entity.

PART I [H&SC Section 33413(b)(1)] **AGENCY DEVELOPED UNITS DURING THE REPORTING YEAR** **BOTH INSIDE AND OUTSIDE OF A PROJECT AREA**	
1. New Units Developed by the Agency	0
2. Substantially Rehabilitated Units Developed by the Agency	0
3. Subtotal - Baseline of Agency Developed Units (add lines 1 & 2)	0
4. Subtotal of Increased Inclusionary Obligation (Line 3 x 30%) *(see Notes 1 and 2 below)*	0
5. Very-Low Inclusionary Obligation Increase Units (Line 4 x 50%)	0
PART II [H&SC Section 33413(b)(2)] **NONAGENCY DEVELOPED UNITS DURING THE REPORTING YEAR** **ONLY INSIDE A PROJECT AREA**	
6. New Units Developed by Any Nonagency Person or Entity	0
7. Substantially Rehabilitated Units Developed by Any Nonagency Person or Entity	0

****

NOTES:

1. ***Section 33413(b)(1), (2), and (4) require agencies to ensure that applicable percentages (30% or 15%) of all (market-rate and affordable) "new and substantially rehabilitated dwelling units" are made available at affordable housing cost within 10-year planning periods. Market-rate units: units not assisted with low-mod funds and jurisdiction does not control affordability restrictions. Affordable units: units generally restricted for the longest feasible time beyond the redevelopment plan's land use controls and jurisdiction controls affordability restrictions. Agency developed units: market-rate units can not exceed 70 percent and affordable units must be at least 30 percent; however, all units assisted with low-mod funds must be affordable. Nonagency developed (project area) units: market-rate units can not exceed 85 percent and affordable units must be at least 15 percent.***
2. ***Production requirements may be met on a project-by-project basis or in aggregate within each 10-year planning period. The percentage of affordable units relative to total units required within each 10-year planning period may be calculated as follows:***

$$\text{AFFORDABLE units} = \frac{\text{Market-rate} \times (.30 \text{ or } .15)}{(.70 \text{ or } .85)} \qquad \text{TOTAL units} = \frac{\text{Market-rate}}{(.70 \text{ or } .85)} \text{ or } \frac{\text{Affordable}}{(.30 \text{ or } .15)}$$

Please provide a description of the agency's activities/accomplishments during the past year.

(Please be specific, as this information will be the basis for possible inclusion in the publication.)

Activity Report

1. Washington/National Development Site: Continued coordination work with the Expo rail authority for the construction of the light rail line to this site and with the City of Los Angeles over a Memorandum of Understanding covering joint efforts to develop the site. Opened negotiations with owners of the properties along Venice Boulevard in an effort to include these parcels into the transit oriented development planned to be adjacent to the rail station.

2. Washington/Centinela Development Site: This project is comprised of 1.5 acres at the northwest and northeast corners of Washington Boulevard and Centinela Avenue. Negotiations with the proposed developer continued throughout the year to revise the terms of the draft Disposition and Development Agreement (DDA) for the sale and development of the site. The downturn in the economy has affected the developer's ability to secure tenants and financing, forcing a revision to the terms of the DDA.

3. Baldwin Development Site: The Agency entered into a Disposition and Development Agreement with Axis Mundi RE II, LLC for the sale and development of the site into a 37,000 square foot commercial building, and a public parking lot. Escrow to see the site to the developer remains open and extensions to the schedule of performance and to the site plan approvals were granted during the year.

4. Pleasant View Development Site: Bids were obtained for the demolition of the improvements on 11054 West Washington Boulevard. The Agency chose to not award the contract and the bids expired.

5. Parcel B Development Site and Town Plaza Expansion: The developer of Parcel B defaulted on the terms of the Disposition and Development Agreement forcing the Agency to re-assess future options for the site. Plans for the Town Plaza expansion however, continued unaffected.

6. Corporate Pointe: The developer of 700 Corporate Pointe has constructed an on-site marketing trailer to attract tenants to the proposed building. Nevertheless, the economy has affected the developer's ability to secure tenants and financing. The developer requested an extension to the Schedule of Peformance in the Disposition and Development Agreement to allow time to complete the project once the economy improves.

7. Hayden Tract: Planning and design and negotiations with affected property owners over the terms of a Memorandum of Understanding was conducted for the development of the former MTA Spur easement to provide parking for Hayden Tract businesses using green building principles.

8. Public Works Improvements: Agency funding contributed to the construction of the replacement for Fire Station No. 3, which neared completion.

Agency funds were also set aside to contribute to two efforts requireing supplemental finding before the projects could proceed:

One Project is the replacement of the Higuera Street bridge. For this activity, $875,000 of Agency funding is being used as the local match for federal-aid dollars. Preliminary engineering occurred in 2008/09. Construction is anticipated to occur in 2011/12.

The second project required $125,000 of Agency funding for replacement of streetlights on Washington Boulevard between Berryman and Inglewood. Construction will be scheduled when City general funds become available for a sufficient project budget.

9. Washington Boulevard: Developed Area Improvement Plans: Within Phase 1, as assessment district was formed and construction documents for the improvements advanced into the construction document phase. Within Phase 2 proceedings to create an assessment district were begun. The commercial rehabilitation program received 12 applications and the first project was completed.

Honorable Chair and Members of the Governing Board
Culver City Redevelopment Agency
Culver City, California

Independent Auditors' Report

We have audited the accompanying financial statements of the governmental activities and each major fund of the Culver City Redevelopment Agency, a component unit of the City of Culver City, California, as of and for the year ended June 30, 2009, which collectively comprise the Agency's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the management of the Culver City Redevelopment Agency. Our responsibility is to express opinions on these financial statements based on our audit. The prior year partial comparative information has been derived from the financial statements of the Culver City Redevelopment Agency for the year ended June 30, 2008, and in our report dated December 15, 2008, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Culver City Redevelopment Agency, a component unit of the City of Culver City, California, as of June 30, 2009, and the respective changes in financial position of the Culver City Redevelopment Agency for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Culver City Redevelopment Agency has not presented *Management's Discussion and Analysis* that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The information identified in the accompanying table of contents as *required supplementary information* is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Culver City Redevelopment Agency's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated November 13, 2009 on our consideration of the Agency's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year ended June 30, 2009

Net changes in fund balances - total governmental funds	$ 9,997,001
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.	
Capital outlay	2,210,579
Depreciation expense	(342,362)
The statement of net assets includes accrued interest on long term debt. This amount is the difference between amount of interest paid and amount of interest incurred.	81,641
Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.	
Principal expense	6,182,776
Payments of advances	2,000,000
Bond issuance costs are recorded as an expendiure in the governmental funds, but appear as deferred charges in the statement of net assets:	
Amortization of bond issuance costs	(61,650)
Unamortized premuims or discounts on bonds are recorded as revenues or expenditures in the governmental funds, however, these amounts are allocated to future periods over the life of the bonds for government-wide reporting:	
Amortization of premium	125,571
Defeasance of debt is recorded as an expenditure in the governmental funds, however, these amounts are allocated to future periods over the life of the bonds for government wide reporting:	
Amortization of defeasance loss	(260,520)
Change in net assets of governmental activities	$ 19,933,036

Notes to the Basic Financial Statements

Year ended June 30, 2009

(1) Summary of Significant Accounting Policies

The accounting policies of the Culver City Redevelopment Agency ("Agency") conform to generally accepted accounting principles.

(a) Reporting Entity

The Culver City Redevelopment Agency (the "Agency") is a separate governmental entity established on February 8 1971, pursuant to the State of California Health and Safety Code, Section 33000, entitles *Community Redevelopment Law*. Its purpose is to carry out plans for the improvement, rehabilitation and redevelopment of blighted areas within the City limits of the City of Culver City (City). The State Health and Safety Code provides that upon the approval of a redevelopment plan, property taxes levied on future incremental increases in the assessed value within the designated project area will be paid to the redevelopment agency until all indebtedness incurred to finance the project has been paid.

The City Council has declared itself to be the governing body of the Agency pursuant to the Community Redevelopment Law and functions as the Agency's Board of Directors. The Agency has part time employees, the Executive staff and the Directors; the remainder of Agency duties and functions are performed by employees of the City. The City is reimbursed for the cost of these and other services.

Because the Agency meets the criteria for a component unit established by the Governmental Accounting Standards Board, the Agency's financial statements have also been included in the Comprehensive Annual Financial Report of the City of Culver City for the fiscal year ended June 30, 2009.

The Agency administers the Culver City Redevelopment Project Area (Project Area). The Project Area was created November 23, 1998, by Ordinance No. 98-014, which merged the Agency's three former project areas. On November 23 1998, by Ordinance No. 98-015, the Agency also added 270 acres to the Project Area. The Agency administers the Project Area in four components, consisting of the three former project areas plus the area added by Ordinance No. 98-015.

Also included in the Agency's general purpose financial statements are the activities of the Culver City Redevelopment Financing Authority (Authority), a joint powers authority formed between the Agency and the City for the purposes of financing various redevelopment activities.

(1) Summary of Significant Accounting Policies, (Continued)

(a) Reporting Entity, (Continued)

Culver City Redevelopment Financing Authority

The Authority meets the definition of a "component unit" and is present on a "blended" basis as if it was part of the Agency. Although the Authority is legally a separate entity, the governing board of the Authority is comprised of the same membership as the Agency's governing board. In addition, there is also a financial benefit/burden relationship between the Agency and the Authority.

The Agency reimburses the Authority for all costs incurred by the Authority on its behalf. The loans from the Authority to the Agency are at the same interest rates and payment terms as the underlying bonds of the Authority, and the Agency maintains all cash reserves required under the bond indentures. Therefore, the activity of the Authority is included in the Agency's financial statements and the transactions between the Authority and the Agency are eliminated for financial statement purposes.

The Authority is audited as part of the Agency. Further information is available at the Culver City Hall, Finance Department.

Hereinafter, "Agency" refers to the combined entity of the Agency and the Authority, unless otherwise specified.

(b) Basis of Accounting and Measurement Focus

The *basic financial statements* of the Agency are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

Government-wide Financial Statements

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government (including its blended component units), as well as it's discreetly presented component units. The Culver City Redevelopment Agency has no business-type activities or discretely presented component units. Eliminations have been made in the Statement of Activities so that certain allocated expenses are recorded only once (by the function to which they were allocated). However, general government expenses have not been allocated as indirect expenses to the various functions of the Agency.

(1) Summary of Significant Accounting Policies, (Continued)

(b) Basis of Accounting and Measurement Focus (Continued)

Government-wide financial statements are presented using the *economic resources measurement focus* and the *accrual basis of accounting*. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. *Basis of accounting* refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transaction are recognized in accordance with the requirements of GASB Statement No. 33.

Program revenues include charges for services and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

Fund Financial Statements

The underlying accounting system of the Agency is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements.

(1) Summary of Significant Accounting Policies, (Continued)

(b) Basis of Accounting and Measurement Focus (Continued)

Governmental Funds

In the fund financial statements, governmental funds and agency funds are presented using the *modified-accrual basis of accounting*. Their revenues are recognized when they become *measurable* and *available* as net current assets. *Measurable* means that the amounts can be estimated, or otherwise determined. *Available* means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period. The Agency uses a sixty day availability period.

Revenue recognition is subject to the *measurable* and *availability* criteria for the governmental funds in the fund financial statements. *Exchange transactions* are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided). *Locally imposed derived tax revenues* are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. *Imposed non-exchange* transactions are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. *Government-mandated and voluntary non-exchange transactions* are recognized as revenues when all applicable eligibility requirements have been met.

In the fund financial statements, governmental funds are presented using the *current financial resources measurement focus*. This means that only current assets and current liabilities are generally included on their balance sheets. The reported fund balance (net current assets) is considered to be a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Non-current portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus. Special reporting treatments are used to indicate, however, that they should not be considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent that resources were expended, rather than as fund assets. The proceeds of long-term receivables are deferred until they become current receivables. Noncurrent portions of other long-term receivables are offset by fund balance reserve accounts.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

(1) Summary of Significant Accounting Policies, (Continued)

(b) Basis of Accounting and Measurement Focus (Continued)

Amounts expended to acquire capital assets are recorded as *expenditures* in the year debt are recorded as an *other financing sources* rather than as a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures.

When both restricted and unrestricted resources are combined in a fund, expenses are considered to be paid first from restricted resources, and then from unrestricted resources.

(c) Activities in Major Funds

The following funds are presented as major funds in the accompanying basic financial statements:

Special Revenue Fund – Low/Moderate-Income Housing – This fund is used to account for the 20% set aside for low and moderate income housing.

Debt Service Fund – This fund is used to account for the payment of principal, interest and associated expenses related to the Agency's bonded indebtedness.

Capital Projects Fund – This fund is used to account for all of the Agency's capital projects and their administration.

(d) Tax Increment Revenue

The Agency has no power to levy and collect taxes, and any legislative property tax deemphasis might necessarily reduce the amount of tax revenues that would otherwise be available to pay the principal of, and interest on, advances from the City of Culver City. Broadened property tax exemptions could have a similar effect. Conversely, any increase in the tax rate or assessed valuation, or any reduction or elimination of present exemptions, would necessarily increase the

amount of tax revenues that would be available to pay principal and interest on tax allocation bonds and advances from the City and Public Financing Authority.

(e) Cash and Investments

Investments are reported in the accompanying balance sheet at fair value. Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

(1) Summary of Significant Accounting Policies, (Continued)

(f) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses, during the reporting period. Actual results could differ from those estimates.

(g) Prior Year Information

Selected information regarding the prior year has been included in the accompanying financial statements. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Agency's prior year financial statements, from which the selected financial data was derived.

(2) Cash and Investments

Cash and investments as of June 30, 2009 are classified in the accompanying financial statements as follows:

Statement of net assets:	
Cash and investments	$65,804,240
Cash and investments held by bond trustee	13,654,780
Total cash and investments	$79,459,020

Cash and investments as of June 30, 2009 consist of the following:

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Agency manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the Agency's investment policy, or debt agreements, and the actual rating as of year end for each investment type.

			Rating			
Investment Type	Total	Minimum Legal Rating	AAA	A	BB+	Not Rated

(2) Cash and Investments, (Continued)

Concentration of Credit Risk

There are no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and investment pools) that represent 5% or more of total investments for the entire entity (or for each separate major fund or for nonmajor funds in the aggregate).

Custodial Credit Risk

For the investments held by bond trustee, the bond trustee selects the investment under the terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

Investment in State Investment Pool

The Agency is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the Agency's investment in this pool is reported in the accompanying financial statements at amounts based upon the Entity's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. LAIF is not rated.

(3) Long-Term Liabilities

Changes in long-term liabilities for the year ended June 30, 2009 is as follows:

	Balance at July 1, 2008	Additions	Deletions	Balance at June 30, 2009	Due Within One Year	Due in More Than One Year

1993 Tax Allocation Refunding Revenue Bonds

In November 1993, the Culver City Redevelopment Financing Authority (Authority) issued $128,070,000 of Revenue Bonds. The net proceeds of these bonds were used to provide loans to the Agency. The proceeds of such loans were used to advance refund a portion of the Agency's outstanding 1989 Series A and Series B Revenue Bonds.

Loans to the Agency from the Authority are at rates and payment terms identical to the underlying Revenue Bonds of the Authority; the required Reserve and Debt Service Funds for the Revenue bonds are maintained by the Agency; and the Agency reimburses the Authority for all of its other net costs, expenses or losses; therefore, the transactions of the Authority are included in the financial statements of the Agency and the transactions between the Agency and the Authority are eliminated for financial statement purposes.

(3) Long-Term Liabilities, (Continued)

In April 2004, the Agency issued $83,470,000 in Tax Allocation Refunding Bonds 2004 Series A to advance refund $81,790,000 of outstanding 1993 Tax Allocation Refunding Revenue Bonds.

The remaining outstanding term bonds are maturing in 2014 and are secured by pledged tax revenues. They are subject to mandatory redemption in part by lot on November 1 of each year commencing November 1, 2009, through maturity from sinking fund payments, in the amounts of $4,100,000 to $5,355,000 with interest rate of 5.50%.

The aggregate amount of 1993 Tax Allocation Refunding Bonds outstanding at June 30, 2009 was $28,225,000.

1999 Tax Allocation Refunding Bonds Series A and B

In October 1999, the Agency issued a total of $51,475,000 in bonds consisting of $31,940,000 in 1999 Series A Bonds (FSA Insured) and $19,535,000 in 1999 Series B Bonds (uninsured). The Agency sold the bonds to the Financing Authority which then resold the bonds to affect a negotiated bonds sale. The 1999 bonds were issued to refinance most of the remaining outstanding 1989 Bonds and generate new bond proceeds to finance redevelopment project activities within the emerged Culver City Redevelopment Project. The bonds are secured by and payable from tax revenues from the Agency's merged Culver City Redevelopment Project.

1999 Series A Tax Allocation Refunding Bonds (FSA Insured) – The outstanding $24,270,000 of 1999 Series A Revenue bonds consist of $7,095,000 of serial bonds that mature on November 1 in the years 2008 through 2013, in amounts from $880,000 to $1,105,000 and at interest rates of from 4.500% in 2008 to 5.200% in 2013; $3,260,000, 5.375% term bonds maturing November 1, 2016; $2,485,000, 5.600% term bonds maturing November 1, 2019; and $12,310,000, 5.600% term bonds maturing November 1, 2025. Interest is payable on May 1 and November 1 of each year. The Series A Bonds maturing on or before November 1, 2009, are not subject to optional redemption prior to maturity. The series A bonds maturing on or after November 1, 2010, are subject to redemption as a whole or in part, by such maturities as the Agency designates, prior to their respective maturities at the option of the Agency on any date on or after November 1, 2009, from funds derived by the Agency from any source, at the following redemption prices (expressed as percentages of the principal amount of the Series A Bonds called for redemption) together with accrued interest thereon to the date fixed for redemption.

Redemption Period	Redemption Price
November 1, 2009 through October 31, 2010	102%
November 1, 2010 through October 31, 2011	101%
November 1, 2011 and there after	100%

(3) Long-Term Liabilities, (Continued)

The Series A Bonds maturing on November 1, 2016, November 1, 2019, and November 1, 2025, are also subject to redemption prior to their stated maturity, in part by lot from Series A sinking Account Installments deposited in the Series A sinking Account at the principal amount thereof and interest accrued thereon to the date fixed for redemption without premium in amounts from $1,225,000 to $4,870,000.

1999 Series B Tax Allocation Refunding Bonds (uninsured) – The outstanding 1999 Series B Revenue Bonds were redeemed through the issuance of the 2005 Tax Allocation refunding Bonds in November 2005.

The aggregate amount of 1999 Tax Allocation Refunding Bonds – Series A and B outstanding at June 30, 2009 was $23,350,000.

2002 Series A Tax Allocation Bonds

In April 2002, the Agency issued $28,280,000 of Series A Bonds (MBIA insured) to finance eligible projects within the merged Culver City Redevelopment Project. The Bonds are secured by and payable from tax revenues from the Agency's merged Culver City Redevelopment Project.

The bonds consist of serial bonds that mature on November 1 as follows: a total of $17,225,000 that matures from 2007 to 2020, in amounts from $910,000 to $1,665,000 and at interest rates from 4% in 2007 to 5.5% in 2020 and term bonds for $6,290,000 maturing in 2025, at an interest rate of 5.125%. Interest is payable on May 1 and November 1 of each year.

The 2002 Bonds maturing on or before November 1, 2011, are not subject to optional redemption prior to maturity. Those maturing on or after November 1, 2012, are subject to redemption as a whole or in part, by such maturities as the Agency designates, prior to their respective maturities, at the option of the Agency, on any date on or after May 1, 2011, at the following redemption prices (expressed as percentages of the principal amount of the bonds called for redemption) together with accrued interest thereon to the date fixed for redemption.

Redemption Period	Redemption Price
May 1, 2011 through April 30, 2012	101%
May 1, 2012 and thereafter	100%

The term bonds maturing on November 1, 2025 are also subject to mandatory redemption prior to their maturity, in part by lot, from sinking account installments deposited in the Sinking Account, at the principal amount thereof and interest accrued thereon to the date fixed for redemption, without premium, in amounts from $1,015,000 to $1,760,000.

(3) Long-Term Liabilities, (Continued)

In lieu of redemption of any term bond, amounts on deposit in the Special fund or in the Sinking Account therin may be used and withdrawn by the Trustee at any time, upon the written request of the Agency, for the purchase of such term bonds.

The aggregate amount of 2002 Tax Allocation Bonds outstanding at June 30, 2009 was $21,660,000.

2004 Series A Tax Allocation Refunding Bonds (insured)

The 2004 Series A Tax Allocation Refunding Bonds were issued for a total of $83,470,000, to defease 1993 bonds consisting of Serial bonds that Mature on November 1 in the years 2007 through 2023, in amounts from $105,000 to $8,630,000 and at interest rates from 2.0% to 5.0%. The bonds are secured by and payable from tax revenues from the Agency's merged Culver City Redevelopment Project.

The 2004 Bonds maturing on or before November 1, 2014, are not subject to optional redemption prior to maturity. Those maturing on and after November 1, 2015, are subject to redemption as a whole or in part, by such maturities as the Agency designates, prior to their respective maturities, at the option of the Agency, on any date on or after November 1, 2014, at the following redemption prices (expressed as percentages of the principal amount of the bonds called for redemption) together with accrued interest thereon to the date fixed for the redemption.

Redemption Period	Redemption Price
November 1, 2015 and thereafter	100%

The aggregate amount of 2002 Tax Allocation Refunding Revenue Bonds Series A outstanding at June 30, 2009 was $66,250,000.

2005 Tax Allocation Refunding Bonds

On November 1, 2005, the Culver City Redevelopment Agency issued $17,315,000 Tax Allocation Refunding Bonds Issue of 2005. These bonds were issued to redeem outstanding Subordinate tax Allocation Refunding Bonds 1999 Series B. A total of $16,956,394 was placed in escrow and invested in securities pending the December 28, 2005, redemption date. At the time of redemption, the requisition price exceeded the net carrying amount of the old debt by $261,394. This amount is being netted against the new debt and amortized over the remaining life of the new debt which is the same as the remaining life of the old debt.

The bonds are secured by and payable from tax revenues from the Agency's merged Culver City Redevelopment Project and were issued in denominations of $5,000 with interest rates ranging from 3.50% to 5.0%. Interest payments are payable semiannually on May 1 and November 1, of each year, and commenced May 1, 2006. Principal payments are made on November 1 of each year and range from $220,000 to $290,000 through the year 2021.

(3) Long-Term Liabilities, (Continued)

Optional Redemption: The 2005 Bonds maturing on or before November 1 2015, are not subject to optional redemption prior to maturity. The 2005 Bonds maturing on and after November 1, 2015, are subject to redemption as a whole or in part, by such maturities as the Agency designates, prior to their respective maturities at the option of the Agency on any date on or after November 1, 2014, from funds derived by the Agency from any source, at a redemption price equal to the principal amount of the 2005 Bonds called for redemption together with interest accrued thereon, without premium.

Mandatory redemption: The 2005 bond maturing on November 1, 2023 and November 1, 2025, are also subject to redemption prior to their stated maturity, in party by lot, from Sinking Account Installments deposited in the Sinking Account, at the principal amount thereof and interest accrued thereon to the date fixed for redemption, without premium.

The aggregate amount of 2005 Tax Allocation Refunding Revenue Bonds outstanding at June 30, 2009 was $16,750,000.

Pledged Revenues for Tax Allocation Bonds

The Agency has a number of debt issuances outstanding that are collateralized by the pledging of tax revenues. The amount and term of the remainder of these commitments are indicated in the debt service to maturity tables presented below. The purposes for which the proceeds of the related debt issuances were utilized are disclosed in the debt descriptions in the accompanying notes. For the current year, debt service payments as a percentage of the pledged gross revenue (or net of certain expenses where so required by the debt agreement) are indicated in the table below. These percentages also approximate the relationship of debt service to pledged revenue for the remainder of the term of the commitment:

Description of Pledged Revenue	Annual Amount of Pledged Revenue (net of expenses, where required)	Annual Debt Service Payments (of all debt secured by this revenue)	Debt Service as a Percentage of Pledged Revenue
Tax revenues	$33,071,898	$13,812,511	42%

(3) Long-Term Liabilities, (Continued)

Advance from City of Culver City

In June 2007, the City made a $9,000,000 cooperation loan to the Agency with a one year term at a rate of 5.7% per annum. Due to the current economic environment, the City approved a deferment of loan payment at the request of the Agency. In June 2009, the Agency and City extended the maturity date subject to the condition of the Agency making a partial payment of $3,500,000 plus accrued interest by June 2010. As a result, the modified loan balance of $7,000,000 to the City is classified as a long-term liability as of June 30, 2009.

Developer Loan Payable

In August 2004, the Agency received a loan of $1,200,000 secured by a deed of trust on real property pursuant to a Disposition and development Agreement to provide funding for the Town Plaza Project, which includes a movie theater. The loan accrues interest at 12% interest and is repaid monthly from the theater's cash flow after expenses and partial expenditures. Residuals following the loan payment are paid to the Agency to reimburse the cost of construction per a monthly schedule including interest on an unsecured basis. Remaining theater cash flows following the above expenditures are paid 75% to the Agency and 25% to the developer. At June 30, 2009 the outstanding amount payable is $850,988.

Real Estate Loan Payable

In December 2006, the Agency received a loan for $1,550,000 million that accrues interest at 5.5% with principal and interest due in three years. The loan is secured by a deed of trust on the property that the Agency purchased from the seller. The outstanding balance at June 30, 2009 was $1,550,000.

(4) Advances To/From Other Funds

For the three years ending June 30, 2006, the State of California required the Redevelopment Agency to pay the total of $5,498,000 to the County of Los Angeles administrated Education Revenue Augment Fund (ERAF). It also allowed the Redevelopment Agency to borrow 50% of that amount from the Agency's Low/Moderate Income Housing Fund. Thus this Special Revenue Fund has loaned the Capital Projects Fund $2,749,000 to be repaid at a term no longer than ten (10) years without interest.

Advances To Other Funds	Advances From Other Funds	Amount
Low/Mod Housing Fund	Capital Projects Fund	$2,308,693

(5) Loans Receivable

On July 10, 1989, the Agency entered into Owner Participation Agreements for the sale and redevelopment of real property within the Component Area No. 3 and has recorded a loan receivable.

On December 17, 1990, the Agency provided a loan of $880,500 to a mobile home park that included affordable housing tenants to assist in acquiring title to mobile home park land in Culver City. The Loan bore simple interest at the rate of 7% per annum on the original balance from the date of the disbursement for total principal and accrued interest due of $1,497,678. Loan payments were deferred for the first ten years. Monthly principal and interest payments of $11,377 were made starting January 2001. The note was restructured in August 2004 with a remaining balance of $1,223,901. Payments are deferred without interest until March 2024 after which monthly payments resume. This Agency loan is in third position behind a Bank of America first trust deed note and a loan from the California Department of Housing and Community Development.

In March of 1994, the Agency's Housing division began a mortgage assistance program to provide deferred second trust deeds to qualified low-and moderate-income level families. The term of these loans is 20 years and accrues interest at 5% per annum. Both interest and principal payments are deferred for the first five years.

In September of 1994, the Agency received a promissory note for relocation costs paid by the Agency on behalf of a local business relocated within the redevelopment area. The note bears interest at 6.1038%, compounded annually and is payable over 30 years.

The Group Home Program makes funds available for the establishment of group homes that serve special populations, such as the developmentally disabled. As of 1993, the Agency had funded three group homes. The Agency uses housing set-aside funds to support this program. Principal on these loans is deferred for 40 years and forgiven provided the covenants for low-income housing are met. The three Group Home loans are as follows:

Loan recipient	Loan Date	Loan Amount
ERAS	February 1, 1991	$305,000
HOME	April 1, 1992	412,000
WOW	October 1, 1992	387,500

The Agency deposits funds with the Bank of America to allow the bank to make certain compensating balance loans on a subsidized basis. As homeowners repay principal balances on such loans, the bank released such funds back to the Agency.

(5) Loans Receivable (continued)

The Agency offers an economic development incentive program to provide financial assistance to property and business owners for physical improvements to existing buildings located within a redevelopment component area in the city. The amount of such financial assistance loans are not intended to be more than is needed to "close the gap" for funding meaningful improvements, not more than the economic benefit to be realized by the City and Agency in new or increased taxes. The agency has made a total of seven such loans. These GAP loans are deferred and may be forgiven, if certain economic benchmarks are achieved.

The total amount of loans receivable for the above programs at June 30, 2009 was $3,084,948.

(6) Capital Assets

Capital asset activity for the year ended June 30, 2009 is as follows:

(6) Capital Assets

Depreciation expense of $342,362 was charged to community development expense in the statement of activities.

(7) Transfers In/Transfers Out

The following schedule summarizes the Agency's transfer activity:

Transfers In	Transfers Out	Amount
Low/Mod Housing Fund	Capital Projects Fund	$ 7,602,922 (a)
Debt Service Fund	Capital Projects Fund	13,464,722 (b)
Capital Projects Fund	Low/Mod Housing Fund	652,490
	Total	$21,720,133

(a) Transfers were made to set aside 20% of the total tax increment which is required to be set aside for low/moderate income housing.

(b) Transfers were made for the payment of principal, interest, and associated expenses related to the Agency's bonded indebtedness.

(8) Restatement of Fund Balance/Net Assets

Beginning fund balance/net assets have been restated as follows:

	RDA Low/Mod Income Housing
Fund balance/net assets at June 30, 2008	$26,811,729
Reclassification of land held as resale to land for RDA land that is not intended for resale purposes	(1,147,649)
Fund balance/net assets at June 30, 2008, as restated	$25,664,080

(9) Contingencies

When adopting its budget for fiscal year 2009-10, the State of California reflected in that budget a shift of a significant portion of tax increment revenue from redevelopment agencies to school districts for fiscal years 2009-10 and 2010-11. The California redevelopment Association has filed a lawsuit challenging the legality of this tax shift. The outcome of that lawsuit is not certain at this time.

REQUIRED SUPPLEMENTARY INFORMATION

CULVER CITY REDEVELOPMENT AGENCY

Notes to the Required Supplementary Information

Year ended June 30, 2009

(1) Budgets and Budgetary Data

The adopted budget of the City consists of a resolution specifying the total appropriation for each departmental activity.

Total appropriations for each fund may only be increased or decreased by the City Council by passage of a resolution amending the budget, with the exception of budget adjustments which involve offsetting revenues and expenditures. In cases involving offsetting revenues and expenditures, the Chief Financial Officer is authorized to increase or decrease an appropriation for a specific purpose where said appropriation is offset by unbudgeted revenue which is designated for said specific purpose. During the year, there were supplemental budgetary appropriations amounting to $414,231.

The City Manager and Assistant City Managers have authority to adjust the amounts appropriated between the departments and activities of a fund, objects within each departmental activity and between accounts within the objects, provided, however, that the total appropriations for each fund may not exceed the amounts provided in the budget resolution.

The level on which expenditures may not legally exceed appropriations is the fund level.

All appropriations lapse at fiscal year-end unless City Council takes formal action in the form of a resolution to continue the appropriation into the following fiscal year.

Budgets for the various funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Annual appropriated budgets are legally adopted for the special revenue, capital projects, and debt service funds.

Honorable Chair and Members of the Governing Board
Culver City Redevelopment Agency
Culver City, California

REPORT ON COMPLIANCE AND OTHER MATTERS AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited the financial statements of the Culver City Redevelopment Agency ("Agency") as of and for the year ended June 30, 2009, and have issued our report thereon dated November 30, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatements, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. Such provisions included those provisions of laws and regulations identified in the *Guidelines for Compliance Audits of California Redevelopment Agencies*, issued by the State Controller and as interpreted in the *Suggested Auditing Procedures for Accomplishing Compliance Audits of California Redevelopment Agencies*, issued by the Governmental Accounting and Auditing Committee of the California Society of Certified Public Accountants. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Agency's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

Honorable Chair and Members of the Governing Board
Culver City Redevelopment Agency
Page 2

A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Agency's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Agency's financial statements that is more than inconsequential will not be prevented or detected by the Agency's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Agency's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily disclose all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

We noted certain other matters we reported to the management of the City of Culver City in a separate letter dated November 13, 2009

This report is intended solely for the information of the City Council, Management of the City of Culver City, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
