

Culver CITY

INTEROFFICE MEMORANDUM

DATE: January 12, 2026
TO: Odis Jones, City Manager
THROUGH: Yanni Demitri, Public Works Director and City Engineer
FROM: Gary Wansley, Maintenance Operations Manager
SUBJECT: Public Works Department – Maintenance Operations Division- 2025
Employee of the Year – Award 3 Merit days off and \$1000

I will be presenting to Charles Carr for the Public Works Department/Maintenance Operations Division, Employee of the Year award. Charles Carr started working with the City of Culver City on December 18, 2006, as equipment service worker in the Transportation Department. I have seen Charles work endlessly solving multiple tasks in the Equipment Maintenance division. When Charles transferred to Maintenance Operation Division as a Facilities maintenance worker it was a big deal, and we knew that we gained a huge asset to our division. Under great supervision, training and education Charles was promoted to Street Light Technician in July of 2010, and with his hard work, knowledge and electrical background Charles kept our city's old street light infrastructure working. 2 years ago, on January 3, 2023, Charles was promoted to traffic signal tech where he has brought a very high level of maintenance to our traffic signal divisions equipment's and has always been happy to help assisting when we had vacancies in the Electrical Division. Charles has been an overall great guy, and wonderful family man and a hard worker. He works well with others throughout the City, and he doesn't give up to any task he is given but fights to the end to solve any maintenance issues. Charles applies his knowledge skills and experience in building and electrical maintenance fields and has a great future with the City of Culver City.

Upon approval, please sign and return to Yanni Demitri
