Vice Chair Menthe provided an update on the work of the Council Correspondence Ad Hoc Subcommittee; discussed creation of a draft letter; goals of the FAC; Citizen Advisory Committees; disappointments with respect to revenue measures; and providing space on the City Council agenda for reports from Committees, Boards, and Commissions (CBCs) to allow for a public process.

Discussion ensued between staff and Committee Members regarding the joint City Council meetings; presenting possible solutions; identifying guidelines for when a referral to the Committee would be appropriate; the FAC as serving at the will of the City Council; and the current situation as allowing for greater flexibility rather than defining everything precisely.

Chair Lachman invited public comment.

The following member of the public addressed the Committee:

Jane Leonard provided background on herself; expressed support for the well-written letter; discussed the fact that CBCs have been relegated to sometimes as little as 90 seconds during Public Comment for Items NOT On the Agenda at City Council meetings to provide a report; the need to identify space or time to allow for

reports; allowing for joint meetings as issues arise; concern that CBCs are being sidelined; things to work on together; and she indicated that she would be making similar comments regarding the Parks, Recreation, and Community Services Commission.

Additional discussion ensued between Committee Members regarding direction to the Subcommittee to make changes and submit the letter; agreement to insert the following language before the last sentence: "At times, a joint FAC/City Council meeting could also be appropriate, as has been done with other Committees and Commissions, particularly when revenue matters are concerned."; agreement to add: "...and other considerations to enhance the system of participatory advisory Committees." to the last sentence; staff transmission of the letter to the City Council; appreciation for the well-crafted letter; the emphasis on the lack of dialogue in Public Comment; setting the tone for the letter; providing history, concerns, and concrete and reasonable solutions; a suggestion to propose that Council Subcommittees allow participation; Brown Act Subcommittees vs. Ad Hoc Subcommittees; providing a roadmap for the next City Council; finding a way to indicate that at times a joint FAC/Council meeting or involving FAC participation in Ad Hoc Committees on revenue could also be appropriate; adding a sentence to indicate: "Further, when the City Council creates Ad Hoc Subcommittees on revenue measures, inviting FAC participation could be a significant benefit."; the role for the Advisory Committee to play; Committees that do a lot of work; concern that the work of the CBCs gets lost unless a particular Council Member is aware of it and specifically brings it to a Subcommittee; the disconnect; the experiences of other Commissions and Committees; a letter submitted by the Bicycle and Pedestrian Advisory Committee earlier in the year expressing concern with being cut out of a decision; unanimity among the Committee; and agreement to the Bylaws in the letter and to indicate "In fact, our General Duties as specified in Section 3a 2-3 of the Bylaws state that the FAC advise and recommend on methodology related to the reduction of City expenditures as well as methods to increase or diversify of City revenue."

MOVED BY MEMBER JACOBSEN AND SECONDED BY MEMBER JONES THAT THE FINANCE ADVSORY COMMITTEE TRANSMIT THE LETTER TO THE CITY COUNCIL WITH THE AGREED UPON CHANGES AND ADDITIONS.
