Subject: Regarding 3961 Tilden Ave. Project

Hi Ms. Silva,

I am a tenant in the building next door to the above proposed building site. I will not be able to attend the meeting on June 8 as I work that evening.

My main concern with the project is in terms of the demolition. I have allergies as does my 12 year old son and I'm worried about the amount of dust that might cover property during the demolition. I am hoping that the builder can put up some kind of tarp shield to help protect us from the toxic dust sure to be uncovered during the demolition since I know the building is quite old.

I also work in the evenings and am concerned about the amount of noise that will be going on during the day since that is the time I normally sleep but I doubt anything can be done about that. Also not looking forward to having the nice open skyline to the south to be blocked by a two story building. But I know nothing can be done about that either.

Thanks for listening,
Letitia Wright, tenant, 3957 Tilden Ave.
