RECOMMENDATION:

Staff recommends that the Parks, Recreation and Community Services (PRCS) Commission review the upcoming agenda items to be considered by the Commission and its Subcommittees and receive and file the report.

BACKGROUND/ DISCUSSION:

At the PRCS Commission's request, staff has prepared this report as a recurring agenda item to give the Commissioners an opportunity review agenda items for the upcoming 90 days. Should Commissioners wish to make agenda or meeting scheduling adjustments or requests to agendize additional items for future Commission meetings, motion #2 below may be made to move this item the 'Action Item' calendar for further discussion.

Issues and items for Commission consideration may be generated through many sources including the public, staff, the Commission and its Subcommittees and Council Advisory Committees and by direction or action of the City Council. At Commission meetings, information is generally conveyed to the Commission through presentations, public comment, staff reports, information included in commission packets and comments made by Commissioners and staff. These types of communication between the Commission, the public, staff and the City Council enable the Commission to fulfill its mission.

A tentative list of upcoming Commission agenda items is attached. Dates that Parks, Recreation and Community Services Department items are currently scheduled for consideration by the City Council are also noted. It is hoped that this information will give the members of the Commission a more comprehensive view of
