<u>RECOMMENDATION:</u> Staff recommends the City Council approve an amendment to the professional services agreement with St. Joseph Center for the provision of homeless outreach, supportive service, and data collection for the period July 1, 2009 through June 30, 2010 in the amount of \$59,373 (including reimbursable costs). <u>BACKGROUND:</u> On July 26, 2004 the City Council adopted short-term and long-term goals for a comprehensive strategy to address homelessness in Culver City, including, but not limited to, joining the Westside Shelter and Hunger Coalition; forming a Citizens Homelessness Ad Hoc Committee consisting of residents and members of the business community to advise the City Council on additional strategies to address homelessness in Culver City; soliciting and securing an organization to provide homeless outreach, supportive services linkages, as well as data collection regarding the City's homeless population; and conducting a homeless study in collaboration with the Los Angeles Homeless Services Authority (LAHSA). Through the Request for Proposals (RFP) process in FY 2004/05, St. Joseph Center was selected to conduct homeless outreach, supportive service, and data collection. Through a second RFP process in FY 2008/09, St. Joseph Center was again selected to conduct homeless outreach, supportive service, and data collection. The history of the City's contractual agreements with St. Joseph Center for these services is summarized as follows:

DISCUSSION:

St. Joseph Center has been providing a wide array of social services to low-income and homeless men, women and children on the Westside of Los Angeles County since 1976. Their programs include a family center, food assistance, child care, job training, money management services and housing placement. They have an extensive matrix of supportive services which support a homeless person in all stages of their progress toward self-sufficiency. In addition, St. Joseph Center has managed a Homeless Service Center since 1981 and has fielded a Dual Diagnosis Outreach Team since 1996 and a Homeless Senior Outreach Team since 1997.

St. Joseph Center has a strong understanding of Culver City and its community. The Center's Outreach Teams have been operating in Culver City for eight (8) years in an informal manner and the last four (4) years under contract with the City. They are familiar with the general location and characteristics of Culver City's homeless population as well as the concerns of the business owners, City staff, residents and other social service providers. Through their years of providing homeless outreach to Culver City, St. Joseph Center has established relationships with business owners, the Police Department and the homeless population. The Committee on Homelessness has been very pleased with St. Joseph Center in their provision of outreach service and assistance in working with the homeless population in Culver City.

Staff recommends the City Council approve an amendment to the existing professional services agreement in the amount of \$59,373 (including reimbursable costs) and extending its termination from July 1, 2009 to June 30, 2010, to include the following Scope of Services:

- Through a field outreach team, at minimum of twice per week, provide outreach to *no less than 15 and up to 40* newly encountered homeless persons within City's jurisdictional boundary in an effort to establish rapport and allow for ongoing relationships.

- Provide ongoing case management as required to *no less than 25 and up to 40* homeless persons in the field in City or at a defined social service center. Assist clients in the development and/or reassessment of their case management plan that identifies barriers to stability. Monitor and provide resources to support each individual's plan.
- Provide mental health and/or substance abuse assessments and appropriate referrals to treatment to at least *15* homeless individuals.
- Provide ongoing support to at least *15* homeless clients so that they will maintain mental health and/or substance abuse treatment.
- Assist at least *15* clients in obtaining or maintaining permanent housing.
- Collect, analyze and report outcome data on a monthly basis to the Senior and Social Services Manager. These reports will include statistical data, complaint descriptions and summaries of outreach activities.
- On a quarterly basis, provide an oral and written update report to the Committee on Homelessness, City Council, Parks and Recreation Commission and other organizations as requested by City staff.
- On an annual basis, collect base line data on at least 75% of the homeless individuals who have been contacted through outreach. This data will include identifying information (coded for confidentiality) including gender and perceived racial/ethnic information and may include (when individuals are willing to report) age, family status, amount of time being homeless, which city they originally became homeless, veteran status, income source and amount and disability(s).
- On a monthly basis contact selected City employees and police in order to further map known areas of homeless encampment and activity.
- Sustain cooperative relationships with police (City's and City of Los Angeles') and other social service providers and establish open communication with business owners and residents.

The agreement with Saint Joseph Center includes \$5,250 in reimbursable costs for twenty (20) emergency motel vouchers at \$70 per night, eighty (80) shelter beds at \$45 per night and \$250 worth of bus tokens.

FISCAL ANALYSIS:

The proposed FY09-10 Budget currently includes \$59,373 in appropriations for homeless outreach services in the Neighborhood Preservation Division budget,
