

1 WHEREAS, on May 11, 2026, after conducting a duly noticed public hearing on a City-  
2 initiated Zoning Code Amendment (P2026-0229-ZCA) amending various portions of the Zoning  
3 Code including, but not limited to Sections 17.210.015, Residential Zoning District Land Uses  
4 and Permit Requirements, and 17.220.015, Mixed Use District Land Uses and Permit  
5 Requirements, and Chapter 17.400, Standards for Specific Land Uses, including full  
6 consideration of the staff report, environmental information, and all testimony presented, the  
7 City Council, by a vote of 5 to 0, introduced an ordinance approving Zoning Code Amendment,  
8 P2026-0066-ZCA, (the "Ordinance"), as set forth herein below, with a condition that  
9 this amendment not go into effect until the effective date of SB 79, and adopting an exemption  
10 from CEQA pursuant to California Government Code Section 65912.160(c); and  
11

12  
13 WHEREAS, on May 26, 2026, the City Council, by a vote of \_\_\_ to \_\_\_ adopted the  
14 Ordinance as set forth below.

15 NOW, THEREFORE, The City Council of the City of Culver City, California, DOES  
16 HEREBY ORDAIN, as follows:  
17

18  
19 **SECTION 1.** Pursuant to the foregoing recitations and the provisions of the CCMC, the  
20 following required findings for a Zoning Code Amendment, as outlined in Section 17.620.030.A,  
21 are hereby made:  
22

- 23 **1. The proposed amendment ensures and maintains internal consistency with the**  
24 **goals, policies, and strategies of all elements of the General Plan, and, in the case**  
25 **of a Zoning Code amendment, will not create any inconsistencies with this Title.**

26 The purpose of the proposed Zoning Code Amendment is to implement Senate Bill (SB)  
27 79 and conform to state law. The proposed amendment adds a new use, Transit Oriented  
28 Housing Development Projects, to all residential and mixed use zones, restricted to sites  
29 within one half-mile of designated Transit Oriented Development Stops. Because the  
densities allowed under SB 79 would result in multifamily-style buildings, the proposed  
amendment applies multifamily development standards from the Medium Density Multiple-

1 Family Residential (RMD) zone to projects located in the lower-density Single-Family (R1)  
2 and Two Family (R2) Residential zones. These standards include setbacks on upper  
3 floors when adjacent to R1 and R2 properties, maximum parking frontages, and  
4 requirements for open space and laundry facilities, among others, that do not exist for the  
5 lower-density zones.

6 A major goal of the General Plan 2045 is to increase choice, availability, and affordability  
7 of housing, as seen in Land Use and Community Design Element goals LU-2, LU-11, and  
8 LU-13. California Government Code Section 65912.157(l) states that projects proposed  
9 under SB 79 shall be deemed consistent with local plans, ordinances, policies, and other  
10 provisions for the purposes of SB330 (Cal. Gov't Code 65589.5(j)). The proposed  
11 amendment is consistent with the policies and strategies of all elements of the General  
12 Plan and maintains the internal consistency of the Zoning Code.

13  
14 **2. The proposed amendment would not be detrimental to the public interest, health,  
15 safety, convenience or welfare of the City.**

16 The proposed Zoning Code Amendment is intended to implement Senate Bill 79 and  
17 conform to State law. The proposed amendment will help ensure that the Zoning Code is  
18 clear and consistent with State-mandated laws. The amendments support the public  
19 interest, health, safety, convenience, and welfare of the City.

20 **3. The proposed amendment is in compliance with the provisions of the California  
21 Environmental Quality Act (CEQA).**

22 The proposed Zoning Code Amendment is considered exempt from CEQA pursuant to  
23 California Government Code Section 65912.160(c), which states that an ordinance  
24 enacted by a local government to make its zoning code consistent with SB 79 is not  
25 considered a project.

26  
27 **SECTION 2.** Pursuant to the foregoing recitations and findings, the City Council of the  
28 City of Culver City, California, hereby introduces the Ordinance approving Zoning Code  
29 Amendment, P2026-0066-ZCA, amending Culver City Municipal Code (CCMC) Title 17 –  
Zoning Code, to implement Senate Bill 79, the Abundant and Affordable Homes Near Transit  
Act, as set forth in Exhibit A attached hereto and made a part thereof.

**SECTION 3.** Pursuant to Sections 616 and 621 of the City Charter, prior to the expiration  
of fifteen days after the adoption, the City Clerk shall cause this Ordinance, or a summary

1 thereof, to be published in the Culver City News and shall post this Ordinance or a summary  
2 thereof in at least three places within the City. This ordinance shall not go into effect until the  
3 effective date of SB 79.  
4

5 **SECTION 4.** The City Council hereby declares that, if any provision, section, subsection,  
6 paragraph, sentence, phrase or word of this ordinance is rendered or declared invalid or  
7 unconstitutional by any final action in a court of competent jurisdiction or by reason of any  
8 preemptive legislation, then the City Council would have independently adopted the remaining  
9 provisions, sections, subsections, paragraphs, sentences, phrases or words of this ordinance  
10 and as such they shall remain in full force and effect.  
11  
12

13 APPROVED and ADOPTED this 26<sup>th</sup> day of May, 2026.  
14

15 \_\_\_\_\_  
16 FREDDY PUZA, MAYOR  
17 City of Culver City, California

18 ATTESTED BY:

18 APPROVED AS TO FORM:

19 

20 \_\_\_\_\_  
21 JEREMY BOCCHINO, City Clerk

20 \_\_\_\_\_  
21 HEATHER BAKER, City Attorney

ARTICLE 2: ZONING DISTRICTS, ALLOWABLE LAND USES AND ZONE-SPECIFIC STANDARDS

CHAPTER 17.210: RESIDENTIAL ZONING DISTRICTS

§ 17.210.015 RESIDENTIAL ZONING DISTRICT LAND USES AND PERMIT REQUIREMENTS.

**A. General Requirements.** Table 2-2 (Allowed Uses and Permit Requirements for Residential Zoning Districts) identifies the uses of land allowed by this Zoning Code in each residential zoning district, and the land use permit required to establish each use, in compliance with § [17.200.020.B](#). (Determination of Allowable Land Uses and Permit Requirements).

**Note:** Where the last column in the tables (Additional Regulations and Specific Use Regulations) includes a note or section number, the regulations in that note and/or the referenced section apply to the use; however, provisions in other sections of this Title may also apply.

CHAPTER 17.220: MIXED USE ZONING DISTRICTS

§ 17.220.015 MIXED USE DISTRICT LAND USES AND PERMIT REQUIREMENTS.

**A.** [Table 2-6](#) (Allowed Uses and Permit Requirements for Mixed Use Zoning Districts) identifies the uses of land allowed by this Title in the mixed use zoning districts, and the land use permit required to establish each use in compliance with § [17.200.020](#).B. (Determination of Allowable Land Uses and Permit Requirements). Residential use must occupy a minimum 50 percent of the total floor area of a mixed use project on sites anticipated to accommodate lower-income housing on the Housing Element Adequate Sites Inventory, pursuant to California Government Code § 65583.2(h).

**Note:** Where the last column in the tables (Additional Regulations and Specific Use Regulations) includes a note or section number, the regulations in that note and/or the referenced section apply to the use; however, provisions in other sections of this Title may also apply.

## ARTICLE 4: STANDARDS FOR SPECIFIC LAND USES

### CHAPTER 17.400: STANDARDS FOR SPECIFIC LAND USES

#### § 17.400.116 Transit-Oriented Housing Development Projects

**A. Purpose.** The purpose of this Section is to establish standards for transit-oriented housing development projects in accordance with Cal Gov't Code § 65912.155 through 65912.162, the Abundant and Affordable Homes Near Transit Act. In the event these sections are amended, those amended provisions shall be incorporated into this Chapter. Should any inconsistencies exist between the amended state law and the provisions set forth herein, the amended state law shall prevail. Any development standard or requirement not specifically addressed by this section or Gov't Code § 65912.155 through 65912.162 must conform to all other provisions of the municipal code and all other objective policies and requirements governing residential or mixed use development.

**B. Transit-Oriented Housing Development Project Definition.** A transit-oriented housing development project is defined by the following characteristics, pursuant to Gov't Code § 65912.156:

1. A transit-oriented housing development project is a housing development project sited within one-half mile of a pedestrian access point of a transit-oriented development stop, as defined by Cal Gov't Code § 65912.156 and shown on the regulatory map referenced in § 65912.160 (f), created by the Southern California Association of Governments.
2. A housing development project is defined as in Gov't Code § 65589.5 (h)(2) but does not include a project of which any portion is designated for use as a hotel, motel, bed and breakfast, inn, or other transient lodging, including short term rental and residential hotel.
3. A transit-oriented housing development project shall include five or more residential units.
4. A transit-oriented housing development project shall meet a minimum density of 30 dwelling units per acre, or the minimum required by the project's zoning, whichever is higher.
5. A transit-oriented housing development project shall not have an average unit size of more than 1,750 net habitable square feet.
6. A transit-oriented housing development project shall not be located:
  - (a) On a site containing more than two units where the development would require the demolition of housing that is subject to rent control and has been occupied by tenants within the past seven years; or
  - (b) On a site that was previously used for more than two units of housing that were demolished within seven years prior to the transit-oriented housing development project application submission and any of the units were subject to rent control.

#### **C. Development Standards.**

1. **Maximum Building Height, Residential Density, and Residential Floor Area Ratio.** Maximum building height, residential density, and residential floor area ratio are determined by

the distance of the project from the nearest transit-oriented development stop, as shown in Table 4-6. The distance of a transit-oriented housing development project from a transit-oriented development stop shall be measured in a straight line from the nearest edge of the parcel containing the proposed project to a pedestrian access point for the transit-oriented development stop.

**Table 4-6 Development Standards for Transit-Oriented Housing Development Projects**

<b>Distance from Stop</b>	<b>Maximum Building Height</b>	<b>Maximum Residential Density</b>	<b>Maximum Residential Floor Area Ratio</b>
200 feet	85 feet	140 du/ac	4.0 FAR
¼ mile	65 feet	100 du/ac	3.0 FAR
½ mile	55 feet	80 du/ac	2.5 FAR

2. **Multifamily Standards for R1 and R2.** Transit-oriented housing development projects proposed in the R1 and R2 zones shall follow the development standards set for the Medium Density Multiple-Family Residential (RMD) zone in Table 2-4 and § 17.210.030, Supplemental Standards for Multiple-Family Residential, to the extent that they do not preclude the project from achieving the applicable maximum residential floor area ratio listed in Table 4-6.
3. **Other Development Standards.** For all other transit-oriented housing development projects, the standards of the zone in which the project is proposed shall apply to the extent that they do not preclude the project from achieving the applicable maximum residential floor area ratio listed in Table 4-6.

**D. Additional Regulations.**

1. **Affordable Units.** Affordable units shall be provided in accordance with Cal. Gov't Code § 65912.157(i), including but not limited to:
  - (a) Transit-oriented housing development projects with 11 or more units shall provide units affordable to lower income households by complying with one of the following:
    - i. A minimum 7% of total units affordable to extremely low income households.
    - ii. A minimum 10% of total units affordable to very low income households.
    - iii. A minimum 13% of total units affordable to low income households.
  - (b) Applicant will enter into a restrictive covenant to require that all affordable rental units provided pursuant to this section shall remain affordable for a minimum of 55 years.
  - (c) Applicant will enter into a restrictive covenant to require that all affordable units offered for sale pursuant to this section shall remain affordable for a minimum of 45 years.
  - (d) If a local inclusionary housing requirement mandates a higher percentage of units or a deeper level of affordability than in section (a), then the local mandate shall prevail.
2. **Density Bonuses.** Transit-oriented housing development projects shall be eligible for density bonus pursuant to Cal. Gov't Code § 65915 and Chapter 17.580 of this Title, using the residential densities listed in Table 4-6 as the base density.
3. **Density Bonus Concessions.** If the project proposes a height in excess of the maximum height of the underlying zone, the City shall not be required to grant a waiver, incentive, or concession for additional height beyond that specified in Table 4-6, except as provided in Cal. Gov't Code § 65915 (d)(2)(D). Projects are eligible for the following additional concessions if

they achieve a minimum density of 75 du/ac within one-quarter mile of a transit-oriented development stop, or a minimum density of 60 du/ac further than one-quarter mile but within one-half mile of a transit-oriented development stop:

- (a) For a development providing housing for extremely low income households, three additional concessions.
- (b) For a development providing housing for very low income households, two additional concessions.
- (c) For a development providing housing for low-income households, one additional concession.

**4. Labor Requirements.** Pursuant to Cal. Gov't Code § 65912.157(k), any transit-oriented housing development over 85 feet in height shall meet the labor standards of subparagraphs (A), (B), (C), (D), (F), and (G) of paragraph (8) of subdivision (a) of Section 65913.4.

**E. Historically Recognized Properties.** Pursuant to Cal Gov't Code § 65912.161(b)(1)(F), properties identified on a local historic register prior to January 1, 2025 are eligible for deferred effectuation until one year following the adoption of the City's 7<sup>th</sup> cycle Housing Element. The properties listed in Table 4-7 have been identified for deferred effectuation.
