Department Approval: Serena Wright 11/09/05		CAO Approval: Martin Cole for Jerry Fulwood 11/15/05	
City Controller Approval: N/A			
<u>RECOMMENDATION:</u> That the City Council approve the Revised Classified Classification Specification for Mechanic. <u>BACKGROUND:</u> In light of the acquirement of the new fleet of compressed natural gas powered equipment, including transit buses, sanitation trucks and other types of vehicles, by the Equipment Maintenance and Fleet Services Division and the recent vacancies within that division, the Mechanic classification specification has been updated. <u>DISCUSSION:</u> The Transportation Department has purchased new equipment and vehicles that require experience in inspecting, maintaining and repairing alternative fuels and compressed natural gas engines (CNG). The major changes to the classification specification include the addition of the 'alternative fuels' language as follows: • Inspects, troubleshoots and diagnoses all types of diesel, gas and alternative fuels, such as compressed natural gas (CNG) engines; • Knowledge of gasoline, diesel and alternative fuel engines; and • Experience with alternative fuels is desirable.			

City of Culver City, California
City Council Agenda Item Report

This knowledge is essential to the job, as repairing and maintaining the City's fleet of compressed natural gas vehicles constitutes approximately 60% of a Mechanics job duties.

On October 5, 2005, the Civil Service Commission approved the revised classified classification specification for Mechanic.
