Ethics and Avoidance of Conflicts of Interest

As a reflection of the residents of the community, Culver City prides itself on the high ethical standards adhered to by its municipal government. As a prospective applicant, we want you to be informed about potential limitations that state and local law impose on individuals who serve the community, especially where they may have a financial conflict of interest. Please consider this information before submitting an application and accepting an appointment. Further information and training regarding these limitations, as well as other legal and procedural requirements when serving on these bodies (i.e. Brown Act, ethics laws, etc.), will be provided in the event you are appointed to one of the City's commissions, committees, or boards.

State law has established regulations intended to ensure that a public official does not use his or her position for personal, financial benefit.

- The California Political Reform Act prohibits a public official (including any of the City's commission, committee, or board members) from participating in any decision or deliberation that might affect the official's own financial interests. In such a situation, the official must publicly disclose the potential conflict of interest, recuse himself or herself from the item being discussed, and leave the meeting room while the matter is considered.
- Government Code Section 1090 imposes an even stricter prohibition. It prohibits a local body from "making" a contract with one of its own members (even if the member has recused him or herself), which includes all aspects of contract formation, including such actions as influencing the contract's scope or the selection of a contractor.

A community member volunteering to sit on a City commission, committee, or board should be aware of these restrictions and take them into consideration before applying for or accepting appointment to any of these bodies.

If you have questions about this information and how it may apply to your particular situation, please contact the City Attorney's Office at (310) 253-5660.

Application Questions

For the body(ies) to which you seek appointment(s), what have you determined to be the primary role of the body?

The committee works to address homelessness in Culver City by identifying the causes of homelessness. It advises the City Council and staff on strategies to decrease and prevent homelessness. The committee reviews services provided by independent contractors and makes recommendations to improve service delivery. Furthermore, the committee serves to educate and collaborate with the community and act as a public voice.

Why do you seek appointment on the body(ies)? Please be specific to the body(ies)'s role.

I believe that housing is a fundamental human right. The fact that Los Angeles County is in the midst of a housing crisis is clear and although the county has taken on a multi pronged strategy to combat homelessness, Culver City must do it's share to alleviate and prevent this problem. My feeling is that a holistic approach to preventing homelessness, one that includes protections for renters and affordable housing is the way to combat the issue long term. I am passionate about housing for all and would be thrilled to collaborate with others on this issue.

What is there specifically in your background, training, education or interests that qualifies you for appointment? What special qualities and/or qualifications can you bring to the body(ies) to which you seek appointment(s)?

I care deeply about creating a more just and inclusive society. I have worked in social justice movements since the 1990's. While a college student at UC Santa Cruz, I organized against Prop 187 and later against Prop 22 (which prevented marriage between same sex couples). More recently, I worked on the Sanctuary City campaign here in Culver City as a member of the Culver City Action Network. In my career as an educator, I've advocated for all children to gain access to art education, regardless of income or background. I believe I work well with others, am a good listener and a hard worker.

How do you envision your fulfilling the objectives, and/or goals of the body(ies), as established by the City Council?

If appointed, I'll research the issue as needed, engage in discussion with the other committee members, attend community events and of course attend all meetings.

How many meetings of the commission(s), board(s), or committee(s), to which you are interested in being appointed have you attended? Please indicate how often and when.

I haven't attended any yet.

How much time, on a monthly basis, can you commit to reviewing materials in preparation for attendance at meetings of the body(ies) to which you desire appointment?

Between 5-10 hours, depending on need.

Is there anything else you would like to add that has not been covered by your answers to the prior questions? (You may attach supplemental information below.)

Please upload a file to attach supplemental information, if desired.

You are invited to attach additional pages, enclose a copy of your resume and/or submit supplemental information which you feel may assist the appointing authority in its evaluation of your application.

Application Questions

For the body(ies) to which you seek appointment(s), what have you determined to be the primary role of the body?

The mission of the Culver City Committee on Homelessness is to improve the quality of life in Culver City by brainstorming short and long-term micro and macro-level interventions to address homelessness as it affects individuals experiencing homelessness, Culver City property and business owners, and community service growth and planning. The Committee monitors active and potential contracts with partnering service providers in order to optimize efficacy of services and outcomes.

Why do you seek appointment on the body(ies)? Please be specific to the body(ies)'s role.

Homelessness is complex and the population is diverse. An individual experiencing homelessness did not arrive in their current life situation due to linear, simple reasons. Therefore, our community's response to this complex problem needs to be thoughtful, collaborative, innovative, empathetic, consistent, and persistent. In my personal career, I am dedicated to advocating for trauma-informed approaches to the provision of supportive services for people experiencing homelessness. I want to further expand my efforts to supporting my home community in further studying what homeless looks like within Culver City and how we can unite as a diverse community to understand and address the impacts of homelessness on individuals and families - both housing and homeless - as well as business and the public.

What is there specifically in your background, training, education or interests that qualifies you for appointment? What special qualities and/or qualifications can you bring to the body(ies) to which you seek appointment(s)?

My work as a Licensed Clinical Social Worker (LCSW) employed with The People Concern – a non-profit dedicated to serving the needs of the most vulnerable residents experiencing homelessness, mental illness, medical complexities, and addiction – provides a baseline knowledge of and experience with homelessness in LA County. My role as a Program Director equips me with the experience of working with interdisciplinary teams including LA County Departments of Health and Mental Health, various nonprofits, medical institutions, and private donors. I understand the importance of understanding how systems intersect at multiple levels and how policy decisions and actions can have rippling impacts throughout many communities. I am passionate, motivated, and dedication to this cause and Culver City.

How do you envision your fulfilling the objectives, and/or goals of the body(ies), as established by the City Council?

I would be excited to learn from experienced members of the Committee through discussions around past successes, challenges, and hopes for the future of the Committee. I would commit myself to proactively seeking out knowledge gained from the Homeless Count results as well as the Homeless Case Studies and Client Outreach that was discussed in recent Committee meetings. I have a periphery knowledge of upcoming California State Legislature and would support continued understanding of state policies on Culver City's current and future operations.

How many meetings of the commission(s), board(s), or committee(s), to which you are interested in being appointed have you attended? Please indicate how often and when.

I have unfortunately not had the opportunity to attend any Committee meetings as I only recently learned of the extent of Culver City's committees and commissions. I was thrilled to read about all of the efforts that occur within City Hall and reviewed recent agendas available online for the Committee on Homelessness.

How much time, on a monthly basis, can you commit to reviewing materials in preparation for attendance at meetings of the body(ies) to which you desire appointment?

I would commit myself to scheduling necessary time to review documentation required to be prepared for meetings; I anticipate that would require 10 hours of review each month, meaning 2+ hours per week. I am not a caregiver for children or aging family members, at this time.

Is there anything else you would like to add that has not been covered by your answers to the prior questions? (You may attach supplemental information below.)

I would like to thank all present Committee, Commission, and Board members for their service. I am passionate about local government and am at a point my life where I feel prepared to become actively engaged in contributing to the civic life of my community. Recently, I was fortunate enough to have a conversation around homelessness, mental health, and policing which is featured on Episode 5 of Wyatt Cenac's Problem Areas on HBO. I would love to continue similar conversations with other engaged residents of our great City. I would be honored to be selected for this opportunity.
