SUPPLEMENTAL INFORMATION FOR THE OCTOBER 4, 2005
PARKS AND RECREATION COMMISSION MEETING

DATE September 30, 2005
TO CHAIR JAMES AND MEMBERS OF THE PARKS AND RECREATION COMMISSION
FROM William La Pointe, PRCS Director
SUBJECT Comments made by the public at the Neighborhood Meeting of the Culver Triangle Association, the Herbert Street Association and the Culver West Neighborhood Association on Wednesday, September 28, 2005

The purpose of this document is to provide you with a summary of the comments that were made during the public comment portion of a presentation by PRCS Director William La Pointe regarding the renaming of Culver West Park. These remarks were made at the Neighborhood Meeting of the Culver Triangle Association, the Herbert Street Association and the Culver West Neighborhood Association on Wednesday, September 28, 2005 at the Culver West Park Community Building. William La Pointe did make comments and responded to some of these comments and questions but the responses are not included. Excluding staff and other representatives from the City of Culver City, approximately 25 members of the public were in attendance at the beginning of the meeting.

All comments contained herein are paraphrased, except in cases where quotation marks have been added. Each individual is designated with a P (participant) and a number reflecting the sequence in which they first spoke (e.g., P1, P2, etc.).

P1 (A resident of the Culver Triangle) "What role did Richard Alexander play in the park? Was he ever even here? Did he do something of major significance? Did he help the Culver West Park neighborhood in some way? If so, I am not aware of it. In fact, I have been told that he was never even actually assigned to this park. Why is the park being renamed after him?"

P2 It is troubling that the first time I was made aware of this potential name change was when I got the flyer for this meeting on Sunday (9/25/05). We want to ensure that our neighborhood remains "bonded" with Culver City and having the Culver West Park name is one way we are able to do this. I am opposed to the name change. Leave the name as it is. It is important to our community.

P3 Do we really have any say in what happens, anyway? In other words, Is the park going to be renamed regardless of what happens here tonight? Is the renaming of Culver West Park already a done deal?

P4 Do you really expect us to dial 911 and say, Richard Alexander – Culver West Park? That is a very long name to have to use in case of an emergency I have called the park Culver West for the 30 years that I have lived in this neighborhood

P5 First, I am concerned as to why you have singled out just one individual to recognize Many people have made contributions to our City Why favor one over another? It would be different if Richard Alexander had meant a great deal to the park and/or the Culver West neighborhood, but it is my understanding that he did not Second, it is important to have the location of the park in the name It helps people find the park Third, I agree with the previous speaker that "Richard Alexander – Culver West Park is a very cumbersome name

P6 If we are looking at new names for Culver West Park, I prefer the name Peace Park, or "West Culver Peace Park This name has a smooth alliteration, as opposed to "Richard Alexander – Culver West Park " The park is well-used and much appreciated by those who live in the neighborhood We could make an important and timely statement by renaming the park Peace Park '

P7 Many other parks in Culver City are not named after people (e g , Fox Hills Park, El Marino Park, Blanco Park Culver City Park etc) Despite the fact that this area (due to the annexation) generates a lot of tax revenue for Culver City, those of us who live in the neighborhood are largely ignored The only time Central Culver City notices us is when we must organize to respond to something that we don't like like this renaming

P6 (making another statement) In order to reduce the chance of vandalism and graffiti we could spell the name Peace Park out by carving it into a hedge (of shrubbery)

P8 The last time that our neighborhood got some attention was two years ago after the shootings in the park We had multiple neighborhood meetings and workshops and got a lot of attention from City Hall At that time we asked for a sign that states PARK CLOSES AT 10 30 P M We have not even been able to get that extra sign even though our neighborhood is a Cash Cow for Culver City (i e , tax revenue from Costco, etc) The members of our neighborhood feel abused by Central Culver City

P9 Patti my name is Richard Geagan and I live in the Culver Triangle " When I drive down Washington Boulevard it is not until I get right down here (points in

the general direction of the intersection of Wade Street and Washington Boulevard), that I see a sign saying that I am in Culver City. People in this part of the City feel unattached to Culver City. We need larger and more noticeable signs letting people know that they are in Culver City or West Culver City. I am strongly opposed to changing the name of Culver West Park. I will be at the Commission meeting and at the Council meeting on the renaming. This is an election year. I won't vote for any City Council member who votes to change the name of our park!

P10 'Central Culver City' treats our neighborhood very poorly. Despite the fact that this area generates a lot of tax revenue, we have no identity. The name of the park is one of the few ways that we are able to identify with Culver City.

P11 WE ARE NOT L A ! Don't take away what we as citizens identify with as Culver City!

P12 The City was proactive in 2001-02. There was a Visioning Committee and our meetings sometimes had over 100 participants. But, for the past two or three years, the City Council, the Redevelopment Agency and the Police Department have not cared about Culver West. We are frustrated. 'Does it really matter what we say here tonight? Renaming Culver West Park is really a bad idea!'

P13 'This time it is not a wish, it is a demand. Do not change the name of Culver West Park. We will fight for this neighborhood (as we have done in the past) every single time. 'This (park) is our only identity and we fight and fight and fight. So this time, it is not a wish, but a demand!'

Note: At this point in the proceedings, Mr. Scott Malsin, who was presiding over the meeting, asked for a show of hands of those who are opposed to changing the name of Culver West Park. There were approximately 14 persons (excluding City staff and representatives) remaining in the audience at the time of the vote. Unanimously, by a show of hands, those present were opposed to renaming the Park.

Comments I am unable to attend the September 28 neighborhood meeting concerning proposals to change the name of Culver West Park

My vote is to keep the name as is This gives our part of Culver City an identity which we sorely need Please consider the wishes of residents on the west end, and retain the name "Culver West Park "

Subject Re: testimonial for tonight's meeting

To Whom it May Concern,

As some of the few residents of the Culver West neighborhood, we would feel very disappointed and disenfranchised to find that the name of Culver West Park were to be changed. Since our neighborhood is already a somewhat neglected appendage of the Culver City identity, we civic minded Culver City boosters over here on these few blocks that comprise the Culver West neighborhood need the city to protect our interest in preserving the name of our city park. Our connection to the Culver City identity and our representation in the government is already somewhat tenuous compared to the rest of the city. As such, we feel it's important to preserve the symbolic tie to the city by retaining the word "Culver" in the name Culver West Park.

We realize that Mr. Alexander made an important contribution to our city, but surely he can be honored in a way that takes nothing away from any sector of the citizenry, no matter how small. Please consider the needs of the residents of the small Culver West neighborhood before you erase the Culver West name from our park.

In addition, a 'compromise' of a hyphenated or shared name would also be undesirable from the point of view of a Culver West resident. A much better idea would be to attach Mr. Alexander's name to a civic building or an entity less central to any one neighborhood. The park is the emotional center to the Culver West neighborhood. For that reason and all of the others stated, the park needs the Culver West name to remain.

Thank you for your consideration,

David and KC Tobocman

As a ten year homeowner/resident on McConnell Blvd I have a strong interest in Culver West Park which is just around the corner from my house. Unfortunately I will be unable to attend this Wednesday's meeting of the Culver West Neighborhood Association so I am writing this note with the hope of having my voice heard on the issue of reanaming Culver West Park.

I strongly oppose the renaming of our neighborhood park and this is to ask you to do what you can to retain its name. For the decade I've lived in this neighborhood it's always felt like the neglected stepchild of Culver City more Mar Vista than Culver City. Lately especially with the redevelopment projects on Washington Blvd the tide seems to have been changing we're finally getting recognition!

But now comes word that the city (NOT the residents of neighborhoods surrounding the park) wants to change the name of the sole civic entity that identifies our part of town. I mean no disrespect to Mayor Alexander. As a former mayor and public servant he deserves recognition but that recognition should not come at the expense of a neighborhood's sense of identity. Indeed the neighborhood ill will that would be the result of a name-change for our local park hardly seems an appropriate way to memorialize a dedicated public servant.

Please do what you can both to help our neighborhood retain its sense of identity by keeping the current name of our Culver West Park as well as to find a fitting memorial to Mayor Alexander.

Honorable Members of the Culver City Council

My name is Marshall Croddy I live at 4241 Neosho Avenue and have been a Culver City resident for 23 years I am an attorney and executive at the Constitutional Rights Foundation I regret that I cannot join the discussion at Culver West Park on Sept 28 because I must attend a meeting of our board of directors However, I do have some views on the topics for discussion If possible, I would appreciate the following statement considered at the meeting and in following deliberations

I had the utmost respect for former Mayor Richard Alexander and deeply regret his recent passing His contributions to the City of Culver City deserve recognition and memorialization However, I also believe that our community needs some level of identity and a connection to Culver City as a whole At the furthest western boundary line of the city, surrounded as we are by Los Angeles City and County areas, I think Culver City government sometimes overlooks us and sometimes we forget our connection Culver West Park, to my knowledge, is the only city facility in our vicinity and the only location that even gives our area a name Culver West Therefore, I think it is important that Culver West remain as the name of the park A compromise might be to name the facilities building in the park in the former mayor's honor or to designate the park Richard Alexander Culver West Park Thank you for considering my views

Hi Neighbor!

When we met on August 31st we agreed to have another meeting this Wednesday September 28th. That meeting has now been postponed and will be rescheduled soon.

Yesterday you probably received a flyer for a meeting at the same time at Culver West Park. The subject of the meeting is Culver City's desire to rename the park in honor of former mayor Richard Alexander and to discuss improvements to the park. If you have the chance please attend.

See you soon

Subject RE Culver Triangle Neighborhood Association meeting postponed

To Susan Geafagan <spgeafagan@yahoo.com>

Hello Susan I'm not sure we can attend but I would like to add our names to the NO on renaming the park. There is little enough recognition in West CC. Did he even live in the West CC area? I remember one thing he tried to do get a Culver City mailing address. That failed. Since we were not that important in his era the name should remain as it is.

Many thanks

Hi susan!

your neighbor diane here - thank you for the opportunity to express myself about this since i teach on wednesday nights i can never attend these meetings but as you already know i care deeply about our culver west community i completely agree with you that the park should keep its name! if the city wants to delegate some monies in the former mayor's name for our park's renovation great! they can put a plaque in the park or even a statue! but i agree that we should keep our park named for who we are as it is there is so little in our city that recognizes our existence keep up the fight susan!

thanks diane

I do not think it is a good idea to rename the park. The park is the only public area that identifies the Culver West area of Culver City. If you agree with me and can not attend the meeting please send me an email.

Thanks

Thanks again

Hi Neighbor!

When we met on August 31st we agreed to have another meeting this Wednesday September 28th. That meeting has now been postponed and will be rescheduled soon.

Yesterday you probably received a flyer for a meeting at the same time at Culver West Park. The subject of the meeting is Culver City's desire to rename the park in honor of former mayor Richard Alexander and to discuss improvements to the park. If you have the chance please attend.

See you soon

Subject Renaming of Culver Park

I am a resident of Culver City and I do not feel that we should rename Culver West Park. I think that if we're going to start renaming parks then we might as well start renaming all the streets as well. It's nice that people do good things in their lives, but it doesn't mean that someone can decide that. He did a good deed so let's give him a park named after him.

Just **Please Stop** trying to change things. There are more **important** things to talk about. Why not put a really nice plaque or award on the walls of City Hall or some other building and this way it will be noticed and people can appreciate it just the same.

Dear Mayor Vera and the Culver City Council,

I am writing to ask that you not change the name of Culver West Park. The west end of Culver City has little recognition and identity. The Culver West Park is who we are as a community and to rename the park would make the residents of the area feel non-existent. I have received six emails, so far, from my neighbors who agree that the Culver West Park remain, Culver West Park. If the council wants to recognize a former mayor, perhaps name the new Skateboard Park, put up a statue or a plaque. However, do not change the name of Culver West Park.

Thank you for taking into consideration the desires of the residents of the west end of Culver City.

Sincerely,

Susan and Richard Geagan
