4 NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CULVER CITY,
5 CALIFORNIA, DOES HEREBY ORDAIN AS FOLLOWS:
6

7 **SECTION 1.** Pursuant to the foregoing recitations and the provisions of Culver City
8 Municipal Code (CCMC) Section 17.620.030.A, the following findings for a Zoning Code Map
9 Amendment are hereby made:

10 **A. The proposed amendment ensures and maintains internal consistency with the**
11 **goals, policies, and strategies of all elements of the General Plan, and, in the case**
12 **of a Zoning Code amendment, will not create any inconsistencies with this Title;**

13 The Zoning Code Map Amendment to change the zoning on the subject property from
14 IG to CG not only allows the use of a mixed-use project, but ensures the consistency of
15 the Zoning Map and General Plan. Zoning Code Section 17.200.015.C states that the
16 Zoning Map shall implement the General Plan. The zone change to CG will be
17 consistent with the General Plan land use designation of General Corridor and therefore
18 implement the General Plan. In addition, the zone change will allow the proposed mixed
19 use development which pursuant to Zoning Code Section 17.220.015 and 17.230.015,
20 is permitted in the CG zone but not the IG zone.

21 **B. The proposed amendment would not be detrimental to the public interest, health,**
22 **safety, convenience or welfare of the City;**

23 The Zoning Code Map Amendment would not be detrimental to the public interest,
24 health, safety, convenience, or welfare of the City. The zone change to CG will allow
25 the proposed mixed use development and will be consistent with uses in the vicinity of
26 the Project Site. Many of the former industrial, manufacturing and auto related uses in
27 the neighborhood have changed over the past 10 years consistent with the City's TOD
28 land use goals for the area including the promotion of mixed use and higher residential
density around the Expo line station in order to address local and region wide
sustainability, transit and air quality goals. These adjacent uses include an architectural
design office at 3440 Wesley Street to the south on the site of a former auto body shop;
and creative office uses at 3431 Wesley Street across the street in a former
manufacturing building; as well as the Access Culver City project, a new mixed-use
development of 115 units with ground floor retail and commercial uses at 8770
Washington Boulevard on the site of a former lumber supply company. In addition,

1 other properties in the vicinity are being planned for change of uses from industrial and
2 auto related uses to residential, office, and retail uses.

3 **C. The proposed amendment is in compliance with the provisions of the California**
4 **Environmental Quality Act (CEQA);**

5 No new significant information has been found that would impact the environmental
6 analysis for the Culver City General Plan Update Program EIR (PEIR 1, September
7 1996), which designated the subject site for General Corridor land uses consistent with
8 the proposed Commercial General (CG) zoning designation and therefore no new
9 environmental analysis is required for the subject Zoning Code Map Amendment
10 pursuant to Sections 15162 and 15168 of the California Environmental Quality Act
11 (CEQA).

12 **D. The site(s) is physically suitable (including access, provision of utilities,**
13 **compatibility with adjoining land uses and absence of physical constraints) for**
14 **the requested zoning designation(s) and anticipated land use development.**

15 The Project Site is physically suitable to be zoned CG and for a mixed-use development.
16 The Project Site is 15,000 square feet in lot area, and has 100 feet of street frontage at
17 the front of the lot. The applicant will provide all utilities as part of the Project and any
18 street and sidewalk repairs as required by the Public Works Department. The Project
19 site meets the requirements for a mixed-use project by having a minimum lot width of
20 100 feet for a lot over 10,000 square feet. The Project has addressed all requirements
21 from the City during project review.

22 **SECTION 2.** Pursuant to the foregoing recitations and findings, the City Council of the
23 City of Culver City, California, hereby introduces, for first reading, the Ordinance approving
24 Zoning Code Map Amendment, P2016-0087-ZCMA changing the zoning of the subject site
25 from Industrial General (IG) to Commercial General (CG) as outlined in Exhibit "A," attached
26 hereto and incorporated herein by reference.

27 **SECTION 3.** Pursuant to Section 619 of the City Charter, this Ordinance shall take
28 effect thirty (30) days after the date of its adoption. Pursuant to Sections 616 and 621 of the
City Charter, prior to the expiration of fifteen days after the adoption, the City Clerk shall
cause this Ordinance, or a summary thereof, to be published in the Culver City News and
shall post this Ordinance or a summary thereof in at least three places within the City.

1 **SECTION 4.** The City Council hereby declares that, if any provision, section,
2 subsection, paragraph, sentence, phrase or word of this ordinance is rendered or declared
3 invalid or unconstitutional by any final action in a court of competent jurisdiction or by reason
4 of any preemptive legislation, then the City Council would have independently adopted the
5 remaining provisions, sections, subsections, paragraphs, sentences, phrases or words of
6 this ordinance and as such they shall remain in full force and effect.
