Good Afternoon Idris

I already spoke with someone regarding this address; not sure if it was your father but we can consider this email as your formal appeal. The next step is to schedule the appeal to the City Council at a future meeting date. It will take time to prepare a staff report on our end and place the item on the agenda. Let me know if you would still like to continue with the appeal process and I'll pencil in a agenda date; most likely a couple of months out.

Thank you

Eric

Hi Eric Mirzaian my request for tree removal at my house was denied two and a half months ago. The reason for the denial was because the roots were penetrating and damaging my house therefore it is my problem. Although this tree belongs to the city they also maintain it. Therefore I am appealing this decision.

The home address is 4359 elenda Street Culver City California 90230

The previous owner of this house had the same issue. The city removed the roots and put in a brand new the sidewalk do to this problem. Why is this my problem? Senior citizen ■■■■■ years old. Everyday I'm living in fear that one day my house will be destroyed due to this tree and where I am going to live.

Please reconsider the decision based on the facts that I have provide.d

I cc my father on the email also
