Subject: LRSP for Culver City

Hi Heba

Thanks for selecting TJKM to assist City of Culver City with the LRSP. This is to confirm the following based on our phone conversation today.

1. TJKM will conduct field observations at the identified hot spots based on the collision analysis conducted for the project.
2. TJKM will prepare three HSIP applications based on the priority projects identified based on benefit cost ratio.
3. Countermeasures will include innovative technologies deployment. Countermeasures will be determined in consultation with City staff.

We look forward working with you on this project. If you have additional questions or need any additional information please feel free to let me know.

Have Happy Holidays!!!

Thanks.
