POWER SOURCE SYSTEMS, INC.

ELECTRICAL CONTRACTOR

42461 6th Street East, Lancaster, CA 93535

PROPOSAL

March 20, 2014

Submitted to: City of Culver City
9770 Culver Blvd.
Culver City, CA 90232
ATTN.: Douglas McLean

Project: Washington Blvd.
Palm Tree Lighting

Installation of electrical per job walk on 03/05/14 & work sheets provided. Installation includes all labor and material necessary for a complete system. All work will be performed in accordance with N.E.C. local codes.

- Remove existing M.H. ballasts from in-ground pull boxes, M.H. lamps, plexi-glass covers.
- Replace existing wiring at each of the seventy-two (72) structures.
- Supply & install new lamps per spec provided with five (5) additional per each type for future use.
- The PAR20 is not available in a long neck option.
- Supply & install in-line fuse holders with 15 AMP fuses at each structure.
- Supply & install a new plexi-glass cover at each location to match existing size.
- Drill ventilation holes for new lamps at each fixture as specified.
- All wiring to be water-proof at in-ground pull boxes.

Exclusions:

Delays caused by other trades.
Engineering errors and omissions.
Painting of conduits and J-boxes.
Power and Telephone agencies permits or fees.
Temp power & lighting.

Total for the sum:

\$ 32,000.00

Respectfully submitted,
Kyle McGaughey
