1 RESOLUTION NO. 2011-R_____

2
3 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
4 CULVER CITY, CALIFORNIA, APPROVING THE ASSESSMENT
5 ENGINEER'S REPORT, DECLARING ITS INTENTION TO
6 ORDER THE ANNUAL LEVY AND COLLECTION OF
7 ASSESSMENTS FOR THE ALBRIGHT AVENUE STREETLIGHT
8 ASSESSMENT DISTRICT, AND SETTING A TIME AND PLACE
9 FOR A PUBLIC HEARING THEREON.

10 WHEREAS, the City Council previously initiated proceedings in accordance with
11 the provisions of Chapter 15.01 of the Culver City Municipal Code ("CCMC") for the levy and
12 collection of annual assessments for the Albright Avenue Streetlight Assessment District (the
13 "District") and ordered the preparation of an Assessment Engineer's Report (the "Engineer's
14 Report") thereon; and

15 WHEREAS, the City Council desires to declare its intention to provide for the
16 levy and collection of annual assessments for Fiscal Year 2011-2012, to provide for the costs
17 and expenses necessary to pay for the improvements (defined below) within the District; and,

18 WHEREAS, the Engineer's Report has been prepared and filed with the City
19 Clerk and submitted to the City Council in accordance with CCMC §§15.01.055 and 15.01.070;
20 and,

21 WHEREAS, the City Council has carefully examined and reviewed the
22 Engineer's Report as presented and is preliminarily satisfied with the proposed report, each and
23 all of the budget items and documents as set forth therein and is satisfied that the levy
24 amounts, on a preliminary basis, have been allocated in accordance with the special benefit
25 received from the improvements within the District as set forth in the Engineer's Report.

26 NOW, THEREFORE, the City Council of the City of Culver City, DOES HEREBY
27 RESOLVE as follows:

28 1. The Engineer's Report as presented, consisting of the following: a
description of improvements, the estimated costs of improvements, a diagram of the District

1 and the District assessment roll containing the Fiscal Year 2011-2012 levy for each Assessor's
2 parcel within the District, is hereby approved on a preliminary basis and on file in the Office of
3 the City Clerk as a permanent record and to remain open for public inspection.

4 2. It is the intention of the City Council to levy and collect assessments
5 within the District to pay for the improvements authorized for the fiscal year commencing July
6 1, 2011 and ending June 30, 2012. The improvements are generally described as: five
7 streetlights.

8 3. The District is located generally on Albright Avenue, south of Washington
9 Place. The District is designated by the name of "Albright Avenue Streetlight Assessment
10 District."

11 4. The Engineer's Report, as preliminarily approved by the City Council, is
12 on file with the City Clerk and open for public inspection. Reference is made to the Engineer's
13 Report for a full detailed description of the improvements to be maintained, the boundaries of
14 the District and the proposed assessments upon assessable lots and parcels of land within the
15 District.
16

17 5. The maximum assessment is not proposed to increase from the previous
18 year above that previously approved by the property owners (as "increased assessment" is
19 defined in California Government Code §54954.6).

20 6. Notice is hereby given that a Public Hearing is scheduled to be held at
21 the Mike Balkman Council Chambers, 9770 Culver Boulevard, Culver City, California, on June
22 27, 2011 at 7:00pm or as soon thereafter as the matter may be heard. All interested persons,
23 prior to the conclusion of the hearing, shall be afforded the opportunity to hear and be heard.
24 The City Council shall consider all oral statements or written communication made or filed by
25 any interested person.
26
27
28

7. The City Clerk is hereby directed to give notice of the Public Hearing by causing the resolution of intention, or summary thereof, to be published, posted and mailed as provided in CCMC §15.01.050.

APPROVED and ADOPTED this _____ day of _____ 2011.

FILED with the City Clerk
On June 01, 2011

PRESENTED to the City Council
and APPROVED by Resolution
No. 2011- R____, adopted by said
City Council on June 27, 2011
and thereafter filed in the
Office of the City Clerk

Martin Cole
City Clerk
City of Culver City

To: The Honorable Mayor and Members of the City Council

From: Charles D. Herbertson, Public Works Director and City Engineer

**SUBJECT: ALBRIGHT AVENUE STREET LIGHTING ASSESSMENT
DISTRICT FOR FISCAL YEAR 2011-2012
ENGINEER'S REPORT**

In accordance with the provisions of City Council Resolution No. 2011-R0 dated May 23, 2011 for the Albright Avenue Street Lighting Assessment District, I have prepared and hereby submit this Engineer's Report.

Albright Avenue Street Lighting Assessment District (hereinafter referred to as "District"), described herein, was formed by Resolution No. 2004-R022 adopted on April 12, 2004 in accordance with the Chapter 15.01 of The Code of the City of Culver City, California.

This report consists of eight sections and three Exhibits (Exhibit C is the Assessment Diagram) which are submitted herewith, and made a part hereof:

I. Diagram of District Boundaries and Parcels

Albright Avenue Street Lighting Assessment District, consisting of certain public property and private real property within the District which is subject to assessment, is shown on that Diagram which will be filed in the Office of the City Clerk at the conclusion of this meeting and, as a duplicate copy, in the Office of the City Engineer, being a part of this Report which was ordered by the City Council by City Council Action dated May 23, 2011 and by this reference is made a part hereof (as Exhibit C). The Map is accurate and reflects all changes made within the District by the Los Angeles County Assessor's Maps 4233-028 and 4233-030 before submitting assessments for collection by the County. There are a total of 18 private real property parcels in the District. The Map is labeled "Exhibit C."

II. District Boundary Description

The District boundary includes all of that public property in Albright Avenue that is contiguous with the district and the properties on both sides of Albright Avenue (Lots 9 through 26) within Tract 13667, as shown on that Map recorded in Book 284 of Maps on Page 33 in the office of the County Recorder of Los Angeles County. This area is located between Herbert Street and Washington Place, but does not extend to either of these.

III. Type of Construction

The construction that was performed within the District consists in general of the following:

- A. Installation of 5 street lights, spaced similarly to the existing street lights within the block.
- B. Installation of an underground power distribution and service system that provides the necessary electrical power to adequately illuminate the 5 street lights.
- C. Installation of an adequate service connection to acquire the necessary power that supplies the distribution and service system.

IV. Lighting System

The District lighting was constructed through a contract by the City of Culver City after the District was officially formed.

V. Performance of Maintenance by City Forces and/or Contract

The maintenance of the improvements is provided by the City of Culver City forces and/or pursuant to maintenance contracts awarded by the City. The costs of maintenance was not assessed to the benefiting properties within the District, because it is a budgeted expense of the City of Culver City in accordance with the current City Council policy.

VI. Parcel Assessments Based upon Benefit Received

The assessment includes the total cost of design and construction of the street lighting system and installation and for providing this Engineer's Report. The benefits of this street lighting system are to the individual parcels of real property within the District in proportion to the benefit received by such parcels of real property. The proposed individual assessments for the fourth fiscal year are shown on the attached assessment roll labeled EXHIBIT B. This assessment amount is the same for each of the eighteen (18) parcels over the ten (10) years in which the total assessment is being collected.

VII. Method of Assessment

The District costs are assessed to the benefited eighteen (18) properties equally, as the benefit to each property is the same. Each property will

be assessed one-eighteenth (1/18) of the total costs of the District. (EXHIBIT B).

The property owners requested that the City finance the construction of the improvements and collect the cost, including a fair interest payment and assess them on their Los Angeles County property tax bill over a period of ten (10) years, commencing with the tax bill for fiscal year 2005-2006. The interest rate that was approved was 4%. (EXHIBIT A).

VIII. Final Costs

The final cost of improvements as described in Section III above was \$53,152. EXHIBIT A shows the total amount each individual assessed property is obligated to pay during the entire 10-year assessment period and includes the 4% interest rate amortized.

It is recommended that for Fiscal Year 2011-2012, the District be assessed a total of \$6,552.00, to be collected by the Los Angeles County Assessors Office. This assessment is the same for each of the ten (10) years, as requested by the property owners. The proposed individual annual assessments are shown on EXHIBIT B.

Respectfully submitted,

Charles D. Herbertson RCE 46658
Public Works Director and City Engineer
