Christina Burrows, Deputy City Attorney III, requested removal of the attic definition from the resolution for

further review in order to confirm that it does not reduce Floor Area Ratio (FAR) or other development standards or negatively impacting the ability to build housing.

Additional discussion ensued between staff and Commissioners regarding further examination of the 75% landscaping requirement; Code Enforcement; preparation of a landscape ordinance to include more detail on landscaping constraints and incentives; taking the opportunity to include information on California native plants that are not invasive; language included in the current ordinance to encourage use of drought tolerant and native plants whenever possible; encouragement to add more detail to be included in comprehensive text; plans for the landscape ordinance to return to the Commission in August; staff agreement to confirm whether laws related to coastal protected areas carry over to parts of Culver City that are adjacent to those areas; support for addressing landscaping in more detail; and staff agreement to examine ways to discourage sod and turf in new development.

MOVED BY COMMISSIONER JONES AND SECONDED BY COMMISSIONER BLACK THAT THE PLANNING COMMISSION ADOPT RESOLUTION NO. 2026-P003, RECOMMENDING TO THE CITY COUNCIL ADOPTION OF AN EXEMPTION UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PURSUANT TO SECTION 15061(B)(3), AND APPROVAL OF THE ZONING CODE AMENDMENT TO MAKE THE CORRECTIONS, CLARIFICATIONS, AND UPDATES TO VARIOUS PORTIONS OF THE ZONING CODE AS OUTLINED IN EXHIBIT A, REMOVING THE ATTIC DEFINITION AS INDICATED.
