Issues and items for Commission consideration may be generated through many sources including the public, staff, the Commission and its Subcommittees and Council Advisory Committees and by direction or action of the City Council. At Commission meetings, information is generally conveyed to the Commission through Public Comment, Consent Calendar Items, Action Items, Items from Staff and Information Items. All of these types of communications between the Commission, the public, staff and the City Council that enable the Commission to fulfill its mission may be included in this evenings discussion. A list of upcoming issues/items is provided as Attachment A. It should be noted that due to the interactive nature of municipal government, this list of issues/items is both tentative and dynamic.
