

1 WHEREAS, on June 22, 2026, after conducting a duly noticed public hearing on a
2 City-initiated Zoning Code Amendment (P2026-0115-ZCA), amending various portions of the
3 Zoning Code, including, but not limited to 17.220.015 – Mixed Use District Land Uses and
4 Permit Requirements, 17.300.020 – Setback Regulations and Exceptions, 17.320.035 –
5 Parking Design and Layout Guidelines, and 17.700.010 – Definitions of Specialized Terms and
6 Phrases, for clarifications, corrections, updates, and compliance with State Law, fully
7 considering all reports, studies, environmental information, and all testimony presented, the
8 City Council, by a vote of __ to __, introduced an ordinance approving Zoning Code
9 Amendment, P2026-0115-ZCA, (the “Ordinance”), as set forth herein below, and adopting an
10 exemption from CEQA pursuant to Section 15061(b)(3).
11

12
13 NOW, THEREFORE, the City Council of the City of Culver City, California, DOES
14 HEREBY ORDAIN, as follows:

15 **SECTION 1.** Pursuant to the foregoing recitations and the provisions of the CCMC,
16 the following required findings for a Zoning Code Amendment, as outlined in Section
17 17.620.030.A, are hereby made:
18

- 19 **1. The proposed amendment ensures and maintains internal consistency with the**
20 **goals, policies and strategies of all elements of the General Plan, and, in the case**
21 **of a Zoning Code amendment, will not create any inconsistencies with this Title.**

22 The proposed Zoning Code Amendment is intended to address unintended discrepancies,
23 ambiguities, internal inconsistencies, and changes to State law. Accordingly, the
24 proposed amendment does not materially change the allowable development intensity
25 and uses, and, therefore, continues to be consistent with the policies and strategies of all
26 elements of the General Plan. The revisions are necessary for the effective and consistent
27 application of the Zoning Code as they apply to: residential development standards (e.g.,
28 landscape), renewal requirements for certain Conditional Use Permits (CUP), setback
29 projections, parking layout standards, and definitions. In addition, the amendment
includes revisions required for consistency with recently enacted State law relating to child
day care centers.

1 **2. The proposed amendment would not be detrimental to the public interest, health,**
2 **safety, convenience or welfare of the City.**

3 The proposed amendment seeks to correct and/or update unintended discrepancies in
4 the Zoning Code necessary to apply the Zoning Code effectively and consistently. The
5 proposed Zoning Code Amendments will help ensure that the Zoning Code is clear and
6 internally consistent with regard to residential development standards and mixed use
7 permit requirements, setback projections, Zoning Code definitions, and State law. The
8 amendments will serve to improve Current Planning's implementation of the Zoning Code
9 and General Plan by extension, including standards affecting residents, property owners,
10 and developers. Accordingly, the amendments support the public interest, health, safety,
11 convenience, and welfare of the City and would not be detrimental thereto.

12 **3. The proposed amendment is in compliance with the provisions of the California**
13 **Environmental Quality Act (CEQA).**

14 The proposed Zoning Code Amendment is considered exempt from CEQA pursuant to
15 CEQA Guidelines Section 15061(b)(3), common sense exemption, because it can be
16 seen with certainty there is no possibility the Amendment will have a significant effect on
17 the environment as it does not result in changes to existing land use, density, or an
18 intensification of development. The Amendment, proposes revisions that clarify and
19 update various discrepancies in the Zoning Code, and bring alignment with State law. The
20 changes do not materially alter development standards, but rather clarify or refine the
21 applicability.

22 **SECTION 2.** Pursuant to the foregoing recitations and findings, the City Council of
23 the City of Culver City, California, hereby introduces the Ordinance approving Zoning Code
24 Amendment, P2026-0115-ZCA, amending Culver City Municipal Code (CCMC) Title 17 –
25 Zoning Code, for various clarifications, corrections, and updates, as set forth in Exhibit A
26 attached hereto and made a part thereof.

27 **SECTION 3.** Pursuant to Section 619 of the City Charter, this Ordinance shall take
28 effect thirty (30) days after the date of its adoption. Pursuant to Sections 616 and 621 of the
29 City Charter, prior to the expiration of fifteen days after the adoption, the City Clerk shall

1 cause this Ordinance, or a summary thereof, to be published in the Culver City News and
2 shall post this Ordinance or a summary thereof in at least three places within the City.
3

4 **SECTION 4.** The City Council hereby declares that, if any provision, section,
5 subsection, paragraph, sentence, phrase or word of this ordinance is rendered or declared
6 invalid or unconstitutional by any final action in a court of competent jurisdiction or by reason
7 of any preemptive legislation, then the City Council would have independently adopted the
8 remaining provisions, sections, subsections, paragraphs, sentences, phrases or words of this
9 ordinance and as such they shall remain in full force and effect.

EXHIBIT A
Case No. P2026-0115

17.210.020 RESIDENTIAL ZONING DISTRICTS DEVELOPMENT STANDARDS.

- A. **General Requirements.** Subdivisions, new land uses and structures, and alterations to existing land uses and structures in the R1 and R2 zones shall conform to the requirements in Table 2-3 (Residential Districts Development Standards (R1, R2)). Subdivisions, new land uses and structures, and alterations to existing land uses and structures in the RLD, RMD and RHD zones shall conform to the requirements in Table 2-4 (Residential District Development Standards (RLD, RMD, RHD)). In addition, the applicable development standards in Article 3 (Site Planning and General Development Standards) apply to all residential zoning districts. Table 2-5 (Supplemental Standards for Townhouse Developments) shall apply to townhouse developments in RLD and RMD zones.

Table 2-3 Residential District Development Standards (R1, R2)

RESIDENTIAL ZONES (R1, R2)			
Standards	R1	R2	Additional Regulations
Open Space			
Roof deck	Rooftop decks shall be set back 5 feet from the building edge along an interior side yard and rear yard adjacent to a residential zoned property, except the rear setback from the building edge shall not be required where there is an onsite structure of equal or greater height located between the subject roof deck and the adjacent residential zoned property. Rooftop decks shall meet the setbacks applicable to the primary structure.		A permanent, built-in landscape planter with vegetation shall be located within the required setback area to screen views of the deck from neighboring properties. Rooftop decks which are located in a roof well are not required to include a landscape planter.
Open space	Minimum area of a site to remain uncovered by structures, in compliance with § 17.400.100 (Residential Uses - Accessory Residential Structures)		
<i>Private</i>	None required other than setbacks		
<i>Common</i>	None required		
Maximum front yard paving	No more than 25% of any required setback facing a street shall be paved to provide access to on-site parking , with the remaining 75% landscaped, unless paving of a larger area is required to comply with § 17.320.035.C. (Parking Space and Lot Dimensions) (e.g., to provide a standard 16-foot, double-wide driveway within the 20-foot front setback area, leading to a street-facing two-car garage). Additional permeable hardscape area may be allowed but not to exceed a combined total of 20 feet in width when no other parking is provided onsite, as specified in § 17.320.035.P.3. In addition to any required driveway paving, additional paving may be allowed for a pedestrian pathway leading to the entrance of the development provided the pedestrian path is not more than 4-feet in width. If the pedestrian path is not connected to the driveway, it shall be separated from the driveway by a minimum width of 3 feet and landscaped. If the pedestrian pathway is connected to the driveway, the maximum width of the connection to the driveway shall not exceed 4 feet.		See Chapter 17.310 (Landscaping) for additional regulations.
