**SUBJECT: Wireless Telecommunications Facility Permit Application
(T-Mobile Site # LA33664E)**

Dear Ms. Carney:

Culver City's records show that, with respect to the wireless facility application referenced above, the city served a Second Notice of Incompleteness on T-Mobile on March 6, 2018. To date, the city has not received a response to that notice.

As you may know, the above-referenced wireless facility permit application is subject to a 150-day federal shot clock. If T-Mobile West intends to respond to the city's Second Notice of Incompleteness, the city is requesting that T-Mobile agree to toll the federal shot clock.

Due to the time sensitivity of this matter, the city is requesting that T-Mobile West respond to this request no later than close of business on Friday, May 4, 2018.

Yours truly,

Roland Miranda
Deputy City Attorney
