APPLICATION AND BIOGRAPHICAL DATA FOR CITYWIDE BICYCLE AND PEDESTRIAN MASTER PLAN PUBLIC ADVISORY COMMITTEE MEMBERSHIP

(please type or print)

The information contained on this form is for the use of the City Council in order to make appointments on the Citywide Bicycle And Pedestrian Master Plan Public Advisory Committee. However, all information on this form will become a public record and be available for public inspection or duplication as authorized by law.

Background Information

On July 1, 2008 the Los Angeles County Board of Supervisors approved award of a PLACE Grant to prepare the City's first ever Citywide Bicycle and Pedestrian Master Plan (BPMP) and implement the BPMP through initiating grant funded programs, review and updating of City's related plans, codes, policies and standards, and the installation of physical bikeway improvements. The City Council has authorized the formation of a Public Advisory Committee (PAC) intended to serve to provide public input on the BPMP in coordination with the public participation process. Members of the PAC will be asked to provide input on policy issues, principles, prioritization, design guidelines and standards, within the overall content and format of the BPMP. (For more information on the BPMP process and the PLACE Grant please see the attached information sheet.)

The application period starts January 20, 2009 and will close at 5:30 PM on Tuesday, February 17, 2009. Appointment of the PAC members is scheduled for the City Council's February 23, 2009 meeting.

Item 9

How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the BPMP PAC?

I imagine that the needs and opportunities will vary over time, but I would expect to spend between 20 and 40 hours per month working in some way on the BPMP.

Item 10

Why are you interested in appointment to the BPMP PAC?

I strongly believe that finding alternatives to automobile transportation will help create a better quality of life for city residents. Walking and biking are healthier than driving, and they put residents in contact with a shared public space and encourage personal interactions. I want to help further this process in whatever way I can contribute.

Item 11

What do you see as the objectives and goals of the BPMP?

I believe the BPMP should improve the pedestrian environment and promote increasing use of bicycles for residents and visitors. This goal could be met through several means, including: efforts to improve safety for cyclists and pedestrians; improving convenience and ease of use for bicycles; promoting training for novice bicyclists; and identifying areas within the city that can benefit from improved accessibility for pedestrians and cyclists.

Item 12

How would you help achieve the BPMP development?

I hope to bring the the Committee a combination of awareness, creativity and communicativeness. I am very familiar with the geography and environs of Culver City, as well as the adjacent areas, especially Mar Vista

and Marina Del Rey. I believe I have the understanding to balance good ideas with the practicalities of an honest cost-benefit analysis. And I'm also practiced in the art of management and facilitating discussions between concerned parties.

Item 13

What special qualities can you bring to the BPMP PAC?

I have had a lifelong interest in urban planning and development issues, and have been fortunate to be acquainted with architects, planners and developers. Because of this, I feel as though I am familiar with many of the general issues facing any planning process.

Additionally, I have previously researched possibilities for bike routes in Culver City, and have met with Lynne Goldsmith and Anthony Jusay at LA County Metro. Through this contact I've become familiar with elements of regional planning such as Metro's Strategic Plan, Bike-Transit Centers and Hubs, and the BTA Grant Program. I hope to use this knowledge to inform decisions reached by the PAC, including an eye toward what is possible for future funding.

I have a positive and optimistic outlook, and believe that conscious and deliberative changes can improve the quality of our lives. Complementing this, my years of work experience have taught me the importance of considering competing needs and multiple points of view, and the necessity of practical decision making.

In addition, I am a very competent public speaker, and would welcome the opportunity to represent the collective positions of a group in any presentation during the initiative process.

Thank you for your consideration and I look forward to participating in the public process!

APPLICATION AND BIOGRAPHICAL DATA FOR CITYWIDE BICYCLE AND PEDESTRIAN MASTER PLAN PUBLIC ADVISORY COMMITTEE MEMBERSHIP

(please type or print)

The information contained on this form is for the use of the City Council in order to make appointments on the Citywide Bicycle And Pedestrian Master Plan Public Advisory Committee. **However, all information on this form will become a public record and be available for public inspection or duplication as authorized by law.**

Background Information

On July 1, 2008 the Los Angeles County Board of Supervisors approved award of a PLACE Grant to prepare the City's first ever Citywide Bicycle and Pedestrian Master Plan (BPMP) and implement the BPMP through initiating grant funded programs, review and updating of City's related plans, codes, policies and standards, and the installation of physical bikeway improvements. The City Council has authorized the formation of a Public Advisory Committee (PAC) intended to serve to provide public input on the BPMP in coordination with the public participation process. Members of the PAC will be asked to provide input on policy issues, principles, prioritization, design guidelines and standards, within the overall content and format of the BPMP. (For more information on the BPMP process and the PLACE Grant please see the attached information sheet.)

The application period starts January 20, 2009 and will close at 5:30 PM on Tuesday, February 17, 2009. Appointment of the PAC members is scheduled for the City Council's February 23, 2009 meeting.

9. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the BPMP PAC?

I anticipate spending 15-20 hours per month preparing and participating in or preparing for the BPMP PAC meetings. I further anticipate that additional time may be needed to help reach BPMP PAC critical benchmarks and project milestones.

10. Why are you interested in appointment to the BPMP PAC?

I am interested in having the opportunity to address the issues that affect the quality of life for residents in and around Culver City. Additionally I understand the importance of advancing the environmental sustainability of Culver City by enhancing commuting options as well as increasing the usability of Culver City recreational space to promote health and well-being.

11. What do you see as the objectives and goals of the BPMP?

The primary objective of the BPMP is to enhance the infrastructure and policies of the City as they relate to bikeways and pedestrian use. This will be accomplished by reviewing current and existing practices, soliciting community input and eventually committing City or grant funded resources to achieve the implementation of the plan.

12. How would you help achieve the BPMP development?

I would support the development of the BPMP in a variety of ways, beginning with my willingness to learn more about the BPMP principles to help achieve the goals of the BPMP PAC. Further, from a personal perspective I am a regular user of the existing pedestrian and bikeways in Culver City I can offer and gather insight and input relevant to our community. Additionally, I am an active member of the Los Angeles Tri Club and am able to solicit input from a range of recreational cyclists within and beyond the Culver City community.

13. What special qualities can you bring to the BPMP PAC?

As a resident of Culver City and a member of the community for over 4 years, I am knowledgeable about the recreational and commuting challenges the area faces. Additionally, I have lived in cities like Boston which have created bike and pedestrian friendly communities with the challenges of a population greater than Culver City. As a former resident of a bike-friendly city I have seen the numerous community benefits. I look forward to the opportunity to work to bring similar benefits to the residents of the Culver City community.

I will spend whatever time is necessary as this is an extremely important issue to me as a resident and triathlete. Owning my business allows me the time to participate actively.
10. Why are you interested in appointment to the BPMP PAC?
I am a resident of Culver City and an active triathlete. I am familiar with the biking and running conditions of Culver City and surrounding communities. I want Culver City to be as inviting and welcoming as other cities that are bike and run friendly.
11. What do you see as the objectives and goals of the BPMP?
The BPMP should strive to identify and create safe bike paths and pedestrian ways to allow motorists and bicyclists to safely share the road and to promote Culver City as a premier bicycle location for visitors and residents.
12. How would you help achieve the BPMP development?
Surveys of residents in Culver City as well as other cities such as Santa Monica, South Bay, locations and Marina Del Rey where bike routes are successful. Long Beach has also undertaken a project similar to this and we can monitor that city's progress.
13. What special qualities can you bring to the BPMP PAC?
I am an attorney who is familiar with the Vehicle Code and also an avid bicyclist + triathlete. I am a Culver City resident who believes this particular project is critical to the city. I am a dedicated hard worker.

PUBLIC ADVISORY COMMITTEE (PAC)

The PAC will have up to 10 members and consist of residents, representatives from homeowners groups, business owners or representatives, community groups, non-profit organizations, and other interested parties. There are currently 3 PAC meetings tentatively scheduled on April 4, May 30 and September 12, 2009, other meetings may be scheduled on an as-needed basis over the approximately 12 month development of the BPMP. The PAC will hold open noticed public meetings in accordance with the Brown Act.

The following is a listing of the criteria that the City Council will use to guide selection of members to the PAC. These criteria are categorized into three sets: Logistical, Knowledge-based, and Representative.

Logistical Criteria

Logistical criteria are related to a PAC member's ability to make the time commitment to actively participate in the entire BPMP process. This primarily includes availability. Meetings will most likely take place after work hours on week days and possibly some weekends. Members will also be expected to review draft documents and provide any written review comments.

Knowledge-based Criteria

Knowledge-based criteria are related to a member's relevant experiences and/or knowledge of the general issue, or their willingness to acquire the information required for effective problem solving. Examples of useful knowledge include a vocabulary of bicycle and pedestrian treatments; a knowledge of the City's road and/or flood channel network, location of major destinations and the surrounding area.

Representative Criteria

If the applicant pool does not consist of potential candidates to represent all the below groups, the City Council will select candidates from any already represented groups.

- *City Residents at-large* - This group is anticipated to provide a broad range of firsthand knowledge to the PAC.
- *Homeowners Associations* - Homeowners associations can represent the concerns and interests of homeowners in Culver City.
- *Bicycling/Walking clubs + groups* - These groups will provide firsthand expertise and knowledge derived from recreational activities and/or commuting – these groups will be critical in providing feedback that represents active users of the roadway, bicycle and pedestrian infrastructure.
- *School Representatives* - Members from this group can be teachers, members of a Parent-Teacher Association, school administrators, or Culver High School students and should be familiar with the issues that pertain to accessing schools. Of particular interest is anyone who has participated in a Safe Routes to School program or who has helped coordinate alternative transportation methods to schools.
- *Public Health/Active Living* - A primary component of the PLACE grant is to examine the interconnected nature between transportation and public health. Non-City resident representatives from this group are allowed to serve on the PAC.
- *Culver City Businesses* - Business owners/employees in Culver City are intimately aware with factors that improve their business and are typically aware of access issues. Non-City resident business representatives are allowed to serve on the PAC. Business representation is encouraged from the following groups:
 1. *General Local Businesses* - Business owners/employees of businesses not represented in the other business groups.
 2. *Major Trip Generating Locations e.g. Downtown, Fox Hills Mall, Sony, West LA College, Antioch, Costco* - PAC members representing major trip generators can voice the concerns and needs of the City's largest commuter groups and other non-recreational bicyclists and pedestrians.
 3. *Chamber of Commerce* - Representation from the chamber of commerce can ensure that bicycle and pedestrian plans support the broader needs of Culver City business.
 4. *Culver City Developers* - Developer participation on the PAC can encourage a collective effort of improving bicycling and walking conditions for new construction/development within the city. It can also provide an opportunity for developers to share their insight into how key they envision the future of bicycling and walking.

9. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the BPMP PAC?

On a monthly basis, I anticipate spending 20 hours preparing for and attending meetings of the BPMP PAC.

10. Why are you interested in appointment to the BPMP PAC?

I am interested in appointment to the BPMP PAC because I am personally invested in the goals of the BPMP. I both live and work in Culver City. I ride my bike or walk to work as often as possible. Additionally, I ride and run in the city for recreation.

11. What do you see as the objectives and goals of the BPMP?

As I see them, the goals of the BPMP are the establishment and maintenance of safe and useful bike and walking routes. The objective of this goal is to foster a sense of community within Culver City; a sense shared by its residents and recognized by visitors.

12. How would you help achieve the BPMP development?

I can help achieve the BPMP development through thoughtful analysis of the obstacles facing the implementation of the BPMP and proposing creative solutions. As a bike commuter, I have a unique perspective on what bicyclists and pedestrians needs are so their experience around the city is safe and enjoyable.

13. What special qualities can you bring to the BPMP PAC?

** Answered on the attached page -*

BPMP Application - Nicolas McCarthy-Moya

13. The special qualities that I bring to the BPMP PAC are strong negotiation skills, a consistently positive attitude, and a sensitivity to the various transportation needs of all members of the Culver City community. Additionally, I am a member of the Los Angeles Triathlon Club. As a member, I have gained further insight to the needs of bicyclists and runners who share the city streets and sidewalks with cars and buses. There is a way to balance everyone's needs with the right plan and this is why I hope to be a part of the BPMP PAC.

9. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the BPMP PAC?

Minimum of 15 hours.

10. Why are you interested in appointment to the BPMP PAC?

I am a avid bike rider and have always felt so much more could be done to make Culver City more biker friendly. Some ideas I have had are more designated bike lanes throughout the city, beautifying current bike paths such as the one that follows Ballona Creek, and installing bike racks especially in the downtown area. I have expressed my concerns to Councilmember Mehall O'Leary who recommended I apply for the panel.

11. What do you see as the objectives and goals of the BPMP?

To make biking safer, more enjoyable, and more accessible to riders. Ease congestion on the streets. Connect businesses with pedestrians and riders alike via the use of paths. Create more appeal to businesses and surrounding residence. Promote a healthier and greener city.

12. How would you help achieve the BPMP development?

I have spent many hours biking in and around Culver City. Just this past summer I have put well over 700 miles on my bike. This gives me first hand experience as to what is needed and where. As shown above I have many ideas on how to improve the Culver City bike paths and create a much more biker friendly and healthier Culver City. I also have management training with many years experience as well as my scholastic achievements.

13. What special qualities can you bring to the BPMP PAC?

Please see next page.

I am a very sharp, charismatic person who can get things done. I have first hand experience biking around Culver City. Over the years I have come up with many different ideas to improve the city bike paths. I can easily identify the problem areas as well as create acceptable solutions.

BPMP PAC Application

Submitted by Peter Gould

re: Answers to questions 10-13 of Personal section.

10. Why are you interested in an appointment to the BPMP PAC?

I rely on my bike and walking as my primary mode of transportation, both for commuting to work and shopping. A great deal can be done to the infrastructure of Culver City to encourage more residents to do the same.

11. What do you see as the objectives and goals of the BPMP?

Culver City is in the unique position to be a very bike and pedestrian friendly city with its relatively even terrain, centralized access to greater Los Angeles and engaged residents. I see the goal of the BPMP to help make Culver City a bike and pedestrian city.

12. How would you help achieve the BPMP development?

In order for the BPMP to be successful it is necessary to have some committee members that cycle daily and rely on the bike paths and city streets as their main means of transportation. I would help achieve the BPMP development by being on the 'front line' of what the committee's goals are.

13. What special qualities can you bring to the BPMP PAC?

As an Exhibition Designer at a major cultural institution a great deal of my work involves planning and design and working within strict budget and time constraints. I feel that with these qualities I can bring a great deal to the committee and be a help in many aspects of the planning.

Logistical Criteria

Logistical criteria are related to a PAC member's ability to make the time commitment to actively participate in the entire BPMP process. This primarily includes availability. Meetings will most likely take place after work hours on week days and possibly some weekends. Members will also be expected to review draft documents and provide any written review comments.

Knowledge-based Criteria

Knowledge-based criteria are related to a member's relevant experiences and/or knowledge of the general issue, or their willingness to acquire the information required for effective problem solving. Examples of useful knowledge include a vocabulary of bicycle and pedestrian treatments; a knowledge of the City's road and/or flood channel network, location of major destinations and the surrounding area.

Representative Criteria

If the applicant pool does not consist of potential candidates to represent all the below groups, the City Council will select candidates from any already represented groups.

- *City Residents at-large* - This group is anticipated to provide a broad range of firsthand knowledge to the PAC.
- *Homeowners Associations* - Homeowners associations can represent the concerns and interests of homeowners in Culver City.
- *Bicycling/Walking clubs + groups* - These groups will provide firsthand expertise and knowledge derived from recreational activities and/or commuting – these groups will be critical in providing feedback that represents active users of the roadway, bicycle and pedestrian infrastructure.
- *School Representatives* - Members from this group can be teachers, members of a Parent-Teacher Association, school administrators, or Culver High School students and should be familiar with the issues that pertain to accessing schools. Of particular interest is anyone who has participated in a Safe Routes to School program or who has helped coordinate alternative transportation methods to schools.
- *Public Health/Active Living* - A primary component of the PLACE grant is to examine the interconnected nature between transportation and public health. Non-City resident representatives from this group are allowed to serve on the PAC.
- *Culver City Businesses* - Business owners/employees in Culver City are intimately aware with factors that improve their business and are typically aware of access issues. Non-City resident business representatives are allowed to serve on the PAC. Business representation is encouraged from the following groups:
 1. *General Local Businesses* - Business owners/employees of businesses not represented in the other business groups.
 2. *Major Trip Generating Locations e.g. Downtown, Fox Hills Mall, Sony, West LA College, Antioch, Costco* - PAC members representing major trip generators can voice the concerns and needs of the City's largest commuter groups and other non-recreational bicyclists and pedestrians.
 3. *Chamber of Commerce* - Representation from the chamber of commerce can ensure that bicycle and pedestrian plans support the broader needs of Culver City business.
 4. *Culver City Developers* - Developer participation on the PAC can encourage a collective effort of improving bicycling and walking conditions for new construction/development within the city. It can also provide an opportunity for developers to share their insight into how key they envision the future of bicycling and walking.

CITYWIDE BICYCLE AND PEDESTRIAN MASTER PLANNING INITIATIVE

On July 1, 2008, the Los Angeles County Board of Supervisors awarded the City a "Policies for Livable Active Communities and Environments" (PLACE) Grant. The grant program is intended to promote active environments through policy changes (i.e. community design, land use, zoning, street standards, general plans, etc.) and accompanying physical projects (i.e. bike lanes, sidewalks, trails, traffic calming, green space, etc.) that are related to the policy change in order to improve the built environment of communities and promote healthy living.

The PLACE Grant funds grantees over a period of three years, beginning July 1, 2008. The grant program also is intended to promote cooperative efforts of governmental agencies and advocacy groups. The PLACE Program required City applicants to collaborate with non-profit community based organizations conducting programs related to the anticipated policy efforts. The grant is for the City's first ever Citywide Bicycle and Pedestrian Master Plan (BPMP) and implementation of the BPMP through initiating grant funded programs, review and updating of City's related plans, codes, policies and standards, and the installation of physical bikeway improvements. The City has partnered with Alta Planning + Design and the Los Angeles County Bike Coalition. The development of the BPMP and related policy changes will involve participation by the community.

The following is a basic listing of anticipated activities for each grant identified funding Term:

Term 1 – 1 year 7/1/08 – 6/30/09

- Begin preparation of a citywide BPMP.
- Begin reviewing City plans, codes, policies and standards and determining which need revising to implement the BPMP.
- Initiate design and planning of priority bikeway physical improvements.
- Participate in City's General Plan update process.

Term 2 – 1 year 7/1/09 – 6/30/10

- Complete preparation of a citywide BPMP.
- Process amending City plans, codes, policies and standards to implement the BPMP.

- Complete design and planning of priority bikeway physical improvements - EXPO to Downtown Bikeway- Explore possibility of Bike Route along Wesley Street, Higuera Street, Lucerne Avenue and connection to various side streets to Downtown (Depending on funding, explore the possibly of continuing this bikeway to the schools via Duquesne and Farragut and modifying the Jackson/Jasmine pedestrian walkway).
- Participate in review of proposed private-sector discretionary development project to educate City engineering and planning staffs on implementation of the BPMP.
- Participate in General Plan Process.
- Prepare grant applications to implement other BPMP identified programs and physical improvements (as budget allows).

Term 3 – 1 year 7/1/10 – 6/30/11

- Perform review of BPMP and resulting plans, codes, policies and standards to implement the BPMP to determine if they are achieving stated goals, and if needed, identify and process amendment to those that are in need of revision.
- Prepare grant applications to implement other BPMP identified programs and physical improvements (as budget allows).

The grant programs "Initiative Coordinator" who leads the initiative efforts is:

John Rivera, Senior Management Analyst, Culver City Public Works Department: john.rivera@culvercity.org

Alta Planning + Design is primarily responsible for implementing the grant program under the supervision of the Initiative Coordinator. Alta would conduct the public outreach process and preparation of the BPMP and the updates process of related plans, codes, policies and standards. For information on the process please e-mail: aleung@altaplanning.com

The Los Angeles County Bicycle Coalition (LACBC) will promote community involvement and provide educational resources: <http://www.la-bike.org>

Culver City is accepting applications for residents (and other stakeholders) to serve on an Advisory Committee that will give input as the City develops its first Bicycle and Pedestrian Master Plan. This is a great opportunity to make Culver City more walk- and bike-friendly and encourage people to drive less. There will also be community meetings starting in April or May of 2009 to ask residents for their ideas and later on to comment on the draft bike/ped master plan. So, there will be opportunities to give input even if you aren't able to serve on the Advisory Committee.

The City received funding from the County's Dept. of Public Health to develop this plan over three years. They're using part of the funds to hire Alta Planning + Design, a leading national bicycle/pedestrian consulting firm. So, Culver City will benefit from some of the best walkability/bikability experts

THE CITY IS SEEKING APPLICATIONS FOR CITYWIDE BICYCLE AND PEDESTRIAN MASTER PLAN PUBLIC ADVISORY COMMITTEE MEMBERSHIP

In 2008 the City was awarded a PLACE Grant from Los Angeles County to prepare the City's first ever Citywide Bicycle and Pedestrian Master Plan (BPMP) and implement the BPMP through initiating grant funded programs, review and updating of City's related plans, codes, policies and standards, and the installation of physical bikeway improvements. The City Council has authorized the formation of a Public Advisory Committee (PAC) intended to serve to provide public input on the BPMP in coordination with the public participation process. Members of the PAC will be asked to provide input on policy issues, principles, prioritization, design guidelines and standards, within the overall content and format of the BPMP.

The PAC will have up to 10 members and consist of residents, representatives from homeowners groups, business owners or representatives, community groups, non-profit organizations, and other interested parties. Non-residents of the City may serve on the PAC as representatives of certain groups. There are currently 3 PAC meetings tentatively scheduled on April 4, May 30 and September 12, 2009, other meetings may be scheduled on an as-needed basis over the approximately 12 month development of the BPMP. The PAC will hold open noticed public meetings in accordance with the Brown Act.

The application period is from January 20, 2009 and will close on Tuesday, February 17, 2009. Appointment of the PAC members is scheduled for the City Council's February 23, 2009 meeting.

PUBLIC ADVISORY COMMITTEE (PAC)

The PAC will have up to 10 members and consist of residents, representatives from homeowners groups, business owners or representatives, community groups, non-profit organizations, and other interested parties. There are currently 3 PAC meetings tentatively scheduled on April 4, May 30 and September 12, 2009, other meetings may be scheduled on an as-needed basis over the approximately 12 month development of the BPMP. The PAC will hold open noticed public meetings in accordance with the Brown Act.

The following is a listing of the criteria that the City Council will use to guide selection of members to the PAC. These criteria are categorized into three sets: Logistical, Knowledge-based, and Representative.

Logistical Criteria

Logistical criteria are related to a PAC member's ability to make the time commitment to actively participate in the entire BPMP process. This primarily includes availability. Meetings will most likely take place after work hours on week days and possibly some weekends. Members will also be expected to review draft documents and provide any written review comments.

Knowledge-based Criteria

Knowledge-based criteria are related to a member's relevant experiences and/or knowledge of the general issue, or their willingness to acquire the information required for effective problem solving. Examples of useful knowledge include a vocabulary of bicycle and pedestrian treatments; a knowledge of the City's road and/or flood channel network, location of major destinations and the surrounding area.

Representative Criteria

If the applicant pool does not consist of potential candidates to represent all the below groups, the City Council will select candidates from any already represented groups.

- *City Residents at-large* - This group is anticipated to provide a broad range of firsthand knowledge to the PAC.
- *Homeowners Associations* - Homeowners associations can represent the concerns and interests of homeowners in Culver City.
- *Bicycling/Walking clubs + groups* - These groups will provide firsthand expertise and knowledge derived from recreational activities and/or commuting – these groups will be critical in providing feedback that represents active users of the roadway, bicycle and pedestrian infrastructure.
- *School Representatives* - Members from this group can be teachers, members of a Parent-Teacher Association, school administrators, or Culver High School students and should be familiar with the issues that pertain to accessing schools. Of particular interest is anyone who has participated in a Safe Routes to School program or who has helped coordinate alternative transportation methods to schools.
- *Public Health/Active Living* - A primary component of the PLACE grant is to examine the interconnected nature between transportation and public health. Non-City resident representatives from this group are allowed to serve on the PAC.
- *Culver City Businesses* - Business owners/employees in Culver City are intimately aware with factors that improve their business and are typically aware of access issues. Non-City resident business representatives are allowed to serve on the PAC. Business representation is encouraged from the following groups:
 1. *General Local Businesses* - Business owners/employees of businesses not represented in the other business groups.
 2. *Major Trip Generating Locations e.g. Downtown, Fox Hills Mall, Sony, West LA College, Antioch, Costco* - PAC members representing major trip generators can voice the concerns and needs of the City's largest commuter groups and other non-recreational bicyclists and pedestrians.
 3. *Chamber of Commerce* - Representation from the chamber of commerce can ensure that bicycle and pedestrian plans support the broader needs of Culver City business.
 4. *Culver City Developers* - Developer participation on the PAC can encourage a collective effort of improving bicycling and walking conditions for new construction/development within the city. It can also provide an opportunity for developers to share their insight into how key they envision the future of bicycling and walking.

Answer the following: (Use additional sheets if necessary)

2. Community Service

(List boards, commissions, committees and organizations on which you have served or currently serve; offices held and in what city.)

For the past three years I have been serving as the Program Director for the West Los Angeles Group of the Angeles Chapter of the Sierra Club. The Angeles Chapter represents 58,000 residents of Los Angeles County interested in outings, health and environmental issues. Our bimonthly meetings are held in Culver City's Veterans Memorial Auditorium.

3. Employment

(Title and duties.)

Titles: Professor of Medicine at UCLA and a Staff Physician at the VA Greater Los Angeles Healthcare facility in West Los Angeles. My duties involve patient care, teaching, and research. As part of my research duties, I have written many successful grant applications, a skill which may be useful to the BPMP during its implementation phase.

4. Education

5. Are you a Culver City resident? YES X NO
6. Have you ever been convicted, fined, imprisoned, or placed on probation for a felony or for a misdemeanor involving fraud? YES NO X
7. Rules or law and ethics prohibit members from participating in and voting on matters in which they may have a direct or indirect financial interest. Are you aware of any potential conflicts of interest which may develop from your occupation or financial holdings in relation to your responsibilities as a member of the body to which you seek appointment? (If yes, using additional sheets please indicate any potential conflicts.) YES NO X
8. Have there been, or are there now, any business circumstances which might reflect adversely on the propriety of your serving as a member of BPMP PAC if you are appointed? YES NO X
9. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the BPMP PAC?
I am able to commit at least 20 hours per month to preparation for and attendance at BPMP PAC meetings. My schedule is relatively flexible, so I am able to set aside more time if necessary. I have already scheduled time for the three scheduled PAC meetings (April 4, May 30, Sept. 12).
10. Why are you interested in appointment to the BPMP PAC?
I am very committed to Culver City (I have been a resident for 20 years) and to enhancing the livability of our city. I see the bicycle and pedestrian traffic (as opposed to automobile traffic) as a tremendous opportunity to enhance our sense of community because of increased visibility of and contacts between people. Of course, I am also interested in promoting bicycle and pedestrian traffic because of their health benefits, both personal and environmental. For several years, I have been riding my bicycle 5x/week to the Marina on the Ballona Creek Bikepath.
11. What do you see as the objectives and goals of the BPMP?
The overall goal of the bicycle and pedestrian master plan (BPMP) is to improve opportunities for movement of residents through Los Angeles County by "human power", and to derive the benefits of human powered movement, namely increased exercise and reduced air pollution. To accomplish this overall goal, the BPMP must develop grant funded programs, review and update the City's plans, codes, policies and standards to facilitate installation of physical bikeway and walkway improvements.
12. How would you help achieve the BPMP development?
I can assist the BPMP in the following ways: 1. As a physician, I can highlight the importance of bicycle and pedestrian traffic through the health benefits of exercise; 2. As a physician, I can also bring attention to the importance of safety in bicycle lanes and routes; 3. I have written many successful grant applications and can assist in preparation of applications for funding of bikeway projects; 4. As a member of the West Los Angeles Sierra Club management committee, I am able to obtain community input on and support for the BPMP; and 5. As a frequent bicycle rider in Culver City, I am able to provide the user's perspective on potential bikeway projects.
13. What special qualities can you bring to the BPMP PAC? (continued on next page)

Special qualities: 1. For three years (1979-1982) I commuted by bicycle on a ten-mile round trip route through Manhattan. 2. I have lived in Culver City for 20 years and am committed to and know this community well. 3. I am a physician with expertise in health and safety. 4. I have professional experience writing successful grant applications. 5. I represent the Sierra Club's Angeles Chapter, a major environmental organization with broad membership in the West Los Angeles area. 6. I am a member of the Los Angeles County Bicycle Coalition. 7. I participated in the 2009 Tour de Ballona to learn more about efforts to improve the Ballona Creek Bikepath.

8. Have there been, or are there now, any business circumstances which might reflect adversely on the propriety of your serving as a member of BPMP PAC if you are appointed? YES NO X
9. How much time, on a monthly basis, do you anticipate spending on preparation for and attendance at meetings of the BPMP PAC?

As many hours as are necessary. Even as a member of the Culver City Unified School District's Board of Education, I will have ample time to devote to this very important project.

10. Why are you interested in appointment to the BPMP PAC?

As a Culver City resident since 1972, and as an avid walker and biker, I have an intimate knowledge of our community. Like all of Southern California, Culver City has a traffic problem. This problem is most evident around our schools. To help alleviate part of this problem, we need to encourage our parents to allow their children to bike or walk to school. As a member of the BPMP PAC, I will not only have input but also personal knowledge of the BPMP, and can use this to promote walking and biking not only for our school aged children, but for the community as a whole.

11. What do you see as the objectives and goals of the BPMP?

Certainly, the objectives and goals of the BPMP would be to help effectuate a change to improve Culver City through healthy living. Presently, much of Culver City is not well situated for biking and/or walking. While it will be impossible to transform our city into a perfect biking and walking city overnight, the BPMP should work to improve the ability for biking and walking in our city.

12. How would you help achieve the BPMP development?

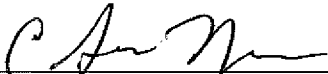

If it deals with walking or biking on a Culver City street, odds are that I've done it. To help achieve the BPMP development, I'd start with hard work and determination. Couple that with an outreach to the community to obtain public input on the BPMP. I would also provide input on policies issues, principles, prioritization, as well as guidelines and standards.

13. What special qualities can you bring to the BPMP PAC?

I'm a hard working individual with a keen knowledge of our cities. I can both lead, and follow, depending upon the circumstances. Having practiced for eighteen years as an attorney, I have an excellent understanding of the plans, codes, policies and standards.

PUBLIC ADVISORY COMMITTEE (PAC)

The PAC will have up to 10 members and consist of residents, representatives from homeowners groups, business owners or representatives, community groups, non-profit organizations, and other interested parties. There are currently 3 PAC meetings tentatively scheduled on April 4, May 30 and September 12, 2009, other meetings may be scheduled on an as-needed basis over the approximately 12 month development of the BPMP. The PAC will hold open noticed public meetings in accordance with the Brown Act.

The following is a listing of the criteria that the City Council will use to guide selection of members to the PAC. These criteria are categorized into three sets: Logistical, Knowledge-based, and Representative.

Logistical Criteria

Logistical criteria are related to a PAC member's ability to make the time commitment to actively participate in the entire BPMP process. This primarily includes availability. Meetings will most likely take place after work hours on week days and possibly some weekends. Members will also be expected to review draft documents and provide any written review comments.

2. Community Service

(List boards, commissions, committees and organizations on which you have served or currently serve; offices held and in what city.)

I worked as a volunteer for several years as a tutor through the PENNlincs education outreach program at the University of Pennsylvania. I tutored Philadelphia public high school and junior high school students in mathematics.

I have volunteered at the Queen Elizabeth Hospital in Toronto, Canada. I mainly worked at the hospital's library.

3. Employment

(Title and duties.)

I am currently not employed for pay as I am the primary caretaker for my children. My most recent employment (most recent first) has been:

Instructor -- Pitzer College, Claremont, CA

Responsibilities included teaching a college course in Introductory Linguistics. This included the design and teaching of the course, constructing and grading assignments and exams and providing oral and written feedback on students' work. I also supervised several students' senior thesis projects and led an additional Independent Study course.

Instructor -- University of Pennsylvania, Philadelphia, PA

Responsibilities included teaching two different courses through the Linguistics Department. I also worked as a teaching assistant for several other courses.

Researcher -- University of Pennsylvania, Philadelphia, PA

I participated in several research projects while doing graduate work at the University of Pennsylvania. The specific title and tasks varied with the project, but duties included responsibility for independent and team work, producing written work, giving oral presentations, attending meetings, among other duties. Summaries of several major projects are given below:

-Assisted with project investigating the effect of study abroad on the second language fluency of English-speaking students learning French

-Assisted in project to digitally record written material in Alsea, a now-extinct Native American Indian language of Oregon

-Assisted with XTAG project to develop a wide-coverage computer-based grammar of English -- an ongoing project to enable a computer to analyze the structure of English

Personal (continued)

10. Why are you interested in appointment to the BPMP PAC?

When we bought our home, a significant part of what attracted us to Culver City was the possibility of walking to a range of activities. I am an avid walker and bicyclist. On average, I walk at least 15 miles/week around Culver City in the course of conducting day-to-day activities.

My husband works at USC, and we are also interested alternatives to driving to commute to USC and other destinations in downtown LA.

While I very much appreciate the opportunities in Culver City for walking and bicycling, I think there is room for improvement in this area, and I am deeply interested in increasing and improving opportunities for pedestrians and cyclists in the area.

It is an exciting time in Culver City, with new development, and the coming of the light rail. This, in combination with the favorable terrain and climate, provides a wonderful opportunity to develop a feasible plan to facilitate transportation for pedestrians and cyclists. I have skills and experience that will enable me to assist with this.

11. What do you see as the objectives and goals of the BPMP?

- To develop a feasible plan to facilitate the City's improvement of access, safety and usability of pedestrian and bicycle transportation in Culver City.

- To take into account the various objectives of users of these modes of transportation, including commuters to school or work, those engaging in day-to-day activities, people who visit Culver City for business, commerce, or for recreation, light rail users, and Culver City businesses and their employees.

- To take into account a wide range of transportation concerns.

12. How would you help achieve the BPMP development?

I would provide the perspective of a Culver City resident and homeowner. I and my family are very interested in access to a range of activities by walking and bicycling.

I have available time and skills that will enable me to assist with the BPMP development.

13. What special qualities can you bring to the BPMP PAC?

- Experience as Culver City resident who is keenly interested in pedestrian transportation and has experience and knowledge of concerns faced by pedestrians

- Extensive experience as bicycle commuter and recreational cyclist, including experience with different types of bike lanes/bikeways

- Professional experience with group projects, working as part of a team, combining expertise and taking into account different issues to find solutions that maximize objectives

- Extensive professional experience assimilating large amounts of material from different sources and combining and synthesizing it to gain understanding and insight into complex issues
