Make them work as hard as you do.

You already know recycling is the right thing to do.
The good news is, it's easy. If you have curbside recycling,
you can put empty California Refund Value bottles and cans
in the curbside recycling bin, along with your other
household recycleables. You also have the option of recycling
CRV empties for cash at a convenient local recycling center.

That's where you'll get 5 cents for the smaller ones,
10 cents for the big ones.

Recycling centers on the Pensinsula:

Whole Foods Nexcycle
800 Del Monte Center

Safeway Nexcycle
1212 Forrest Avenue

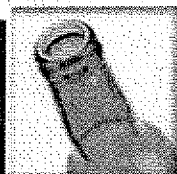

Nob Hill Nexcycle

Costco Nexcycle
