RECOMMENDATION:

Staff recommends that the Parks, Recreation and Community Services (PRCS) Commission review the upcoming agenda items to be considered by the Commission and its Subcommittees, make comments, if any, and receive and file the report.

BACKGROUND:

At the PRCS Commission's request, staff has prepared this report as a recurring agenda item to give the Commissioners an opportunity review agenda items for the upcoming 90 days. Although this item typically appears on the Consent Calendar, staff is presenting it as an Action Item at this evening's meeting to give the members of the Commission an opportunity to have a dialogue with the Acting PRCS Director regarding the scheduling of upcoming and pending agenda items.

DISCUSSION:

Issues and items for Commission consideration may be generated through many sources including the public, staff, the Commission and its Subcommittees and Council Advisory Committees and by direction or action of the City Council. At Commission meetings, information is generally conveyed to the Commission through presentations, public comment, staff reports, information included in commission packets and comments made by Commissioners and staff. These types of communication between the Commission, the public, staff and the City Council enable the Commission to fulfill its mission.

Parks, Recreation and Community Services Commission Agenda Item Report

A tentative list of upcoming Commission agenda items is attached. Dates that Parks, Recreation and Community Services Department items are currently scheduled for consideration by the City Council are also noted. It is hoped that this information will give the members of the Commission a more comprehensive view of possible upcoming agenda items. Due to the interactive nature of municipal government, scheduling dates of agenda items and the topics to be presented are subject to change.

FISCAL ANALYSIS:

There is no fiscal impact associated with the discussion of this Agenda Item.
