RE: Enterprise Security Sole Source Letter

To Whom It May Concern:

This letter is to certify that Enterprise Security, Inc. is the only provider and manufacturer of our Infinity Based Software Platform. Because of the custom Velocity integration that Enterprise Security performed using our Infinity platform as part of the initial security system installation, Enterprise Security is the only security integrator that can support and maintain this integration for the City of Culver City's Hirsch/Identiv System. Our custom Infinity platform leverages expanded reporting modules, lockdown, door release, and other custom SQL integrations. As such, should the Velocity platform be modified or upgraded by another security integrator, they will not have the expertise or Infinity source code to ensure that the upgrade will work and operate properly.

If you have any questions, please feel free to reach out to me directly at 714-630-9100 ext. 804.

The undersigned declares that the foregoing is true and correct to the best of his knowledge.

Regards,

A handwritten signature in blue ink, appearing to read 'J. Emens', with a long horizontal flourish extending to the right.

Joseph Emens

COO

Enterprise Security, Inc.
