Hi Sammy,

I am very disappointed that you approved the site, despite my concerns about the safety. Yes. I would like to appeal. Is this adequate notice? If not, please let me know the procedure and I will address.

Hi Dave. You requested to be notified of the approval of the application for a small cell site at 11317 Washington Place. I am writing to inform you that I just now approved this small cell application. Attached is the approval letter. If you choose to do so, you have 2 business days to appeal the approval which would need to be taken before the City Council.

Please keep in mind that approvals of small cell sites are precluded by the Federal Communication Commission. As long as the applications are in compliance with City guidelines and the FCC, we are required to approve them. Thank you.
