Subject: Culver Theatre Residences

Dear Mr. Mendivil,

Please request the architect for the proposed Culver Theatre Residences, at 9763 Culver Boulevard/9814 Washington Boulevard, to redesign the mixed use building into a three level maximum, art deco themed building. An art deco theme will complement the architecture of the theatre next door. As shown in the proposal from the Planning Commission, the proposed building is frighteningly ugly and jarringly out of character with downtown Culver City. Thank you.
