

The City of Culver City Celebrates National Water Safety Month! We have had a busy month! We posted informative videos via social media to help keep you safe in and around the water. We also ventured out to visit students at each of our after school sites to teach a water safety lesson to our program participants. At the end of the lessons students illustrated their favorite rules. These illustrations have been posted up in the lobby of the Plunge for all to see. Stop by and see them before they are gone!

Water Safety Month will culminate with the City of Culver City's participation in the World's Largest Swim Lesson and Community Water Safety Event on June 23. PRCS will partner with current plunge rentals, community youth groups and contractors to host a free swim lesson, with informational booths, water safety demonstrations, food trucks, a dive in movie and fun for the Culver City Community.

Water Safety Lessons

Year Round Swim Lessons

World's Largest Swim Lesson

Water Safety Event

World's Largest Swim Lesson & Movie Night

The World's Largest Swim Lesson is an event designed to build awareness and generate attention about the vital importance of teaching kids to swim to help prevent drowning. Stay after the lesson for a fun evening of recreational swimming and a movie night where the Plunge will be screening Disney's Movie Luca.
