On March 5, 2013, the Los Angeles County Board of Supervisors approved Proposition A Cities Excess Funds in the amount of \$250,000.00 for the Project. The fully-executed Grant Agreement was received in July 2013 and in 2014 the project performance period (completion deadline) was extended to June 30, 2015. <u>DISCUSSION:</u> The scope of work for the Project includes: (a) replacing the outdated playground equipment with sculptural elements that are both physically and intellectually stimulating; (b) replacing the sand surfacing using 100% engineered wood fiber; (c) incorporating needed features such as an accessible ramp; and, (d) providing a path of travel to and from the parking area to the playground area that will bring the entire playground into 100% federal ADA compliance.
