Subject: Re: Proposal for Development at 10808-10876 Culver Blvd

Dear Ms. Silva:

>

> We wholeheartedly support the proposed creative community center, affordable housing and community garden proposed for 10808-10876 Culver Blvd. As homeowners within a few hundred feet of the site, we believe the proposed development will enhance the neighborhood while also meeting unmet needs in our community. We urge the City Council to approve the proposal by applicant AUX Architecture after its public hearing on December 13, 2021.
