Awards Ad Hoc Subcommittee Members: Jezenia Aguirre, Haifaa Moammar, Denice Renteria, Rebecca Rona

The deadline for the Equity and Human Relations Awards nominations was March 31st, 2024. This year the committee received a total of 22 nominations covering all four categories: individual, student, nonprofit, and business.

The ad hoc subcommittee members thank the public for submitting nominations.

The ad hoc subcommittee members reviewed the nominations thoroughly and met several times to evaluate them ahead of the April meeting. Since then the ad hoc subcommittee has applied a rubric to re-evaluate the nominees.

After using the rubric and meeting to discuss their findings, the Equity and Human Relations Awards Ad Hoc Subcommittee has selected two finalists in each category rather than only one in each. With two finalists per category, the full committee will be able to compare them and have a greater voice in the final selection.

Please note that the language of each nomination, minus contact information and the name of the nominator, is attached to this report.

The finalists, in alphabetical order by last name, are:
