## New eComment for DISABILITY ADVISORY COMMITTEE on 2023-08-09 6:30 PM - Regular Meeting

Andrew L Lachman submitted a new eComment.

Meeting: DISABILITY ADVISORY COMMITTEE on 2023-08-09 6:30 PM - Regular Meeting

Item: PUBLIC COMMENT

eComment: I am chair of the Culver City Finance Advisory Committee. Last year we suggested to the Council to consider a Commission and Committee planning day. Much like the Council spends a day or two to meet with city departments to plan the budget, we thought it would be helpful and build the relationship between the commissions/committees and the Council to share our working plans and get feedback. Right now most of our working plans are passed on the consent calendar and we don't get much feedback from the Council, nor do they always get to know the great work that you do. I'm happy to come by on a calendared item, but wanted to at least introduce myself and the idea so that the committees and commissions can consider this approach.
