Expect Lifetime Support

With Oracle Support, you know up front and with certainty how long your Oracle products are supported. The Lifetime Support Policy provides access to technical experts for as long as you license your Oracle products and consists of three support stages: **Premier Support**, **Extended Support**, and **Sustaining Support**. It delivers maximum value by providing you with rights to major product releases so you can take full advantage of technology and product enhancements. Your technology and your business keep moving forward together.

Premier Support, for the first time, provides a standard five-year support policy for Oracle Technology (Oracle Database and Oracle Fusion Middleware) and Oracle Applications products (Oracle E-Business Suite, Oracle's PeopleSoft Enterprise, Oracle's JD Edwards EnterpriseOne, Oracle's JD Edwards World, Oracle's Siebel Customer Relationship Management, and Oracle's Siebel Incentive Compensation Management). You can extend support for an additional three years with Extended Support for specific releases, or receive indefinite technical support with Sustaining Support.

Premier Support

As an Oracle customer, you can expect the best with Premier Support. You benefit from all of the advantages of Premier Support, our award-winning, next-generation support program. - Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with new third-party products/versions

Extended Support

With Sustaining Support, you will receive technical support, including access to our online support tools, knowledge bases, and technical support experts. You benefit from

Re: Service Renewal # P-JD-M00815-000--73

Dear Michele Seals,

Please find attached a quotation for the above service renewal. The technical support services and benefits you are receiving will expire, or have expired, on 30-Nov-06. This quotation is provided pursuant to the terms and conditions of the valid license agreement that you executed when you acquired technical support from Oracle, formerly known as PeopleSoft, for the licenses referenced on the above service renewal; your service order under this quotation is subject to Oracle's acceptance.

In order to complete this service renewal and to ensure that there is no interruption to your technical support, please accept this service renewal in accordance with the attached Acceptance Details on or before 1-Nov-06. An invoice, including applicable sales tax, GST, or VAT (collectively referred to as "Tax"), will only be issued upon receipt of acceptance. If your organization is tax exempt and is not a U.S. federal government entity, a copy of your tax exemption certificate (specifying Oracle USA, Inc., as vendor) must be included with your purchase order or other form of payment.

Oracle's technical support policies govern the terms of your technical support and are subject to change in accordance with its terms. The most current technical support policies, including Oracle's Reinstatement Policy, can be found on the web at <http://www.oracle.com/support/policies.html>. Customers who allow technical support to lapse and later wish to reactivate it will be subject to Oracle's then current Reinstatement Policy. Applicable reinstatement fees may apply in addition to the annual technical support fees.

Oracle provides information and notices about technical support via e-mail. Accordingly, it is important that you provide updated e-mail information with your order to ensure that you receive all communication and notices from us.

I would like to take this opportunity to thank you for your continued business. If you require further information, please do not hesitate to contact me at your earliest convenience.

Regards,
