Public Comment - Items NOT on the Agenda

Chair Barba invited public comment.

Ruth Martin del Campo, Administrative Clerk, indicated that one request to make Public Comment for Items NOT On the Agenda had been received, but they would not be able to comment due to Webex technical difficulties as they were attending online.

Chair Barba apologized for the technical difficulties that precluded online comment from being made.

Vic Vais questioned why construction begins at 7:00 a.m.; he proposed that construction begin later in the day and extend to later in the day; and he commented that he wanted to enjoy his retirement.

A member of the public indicated that he might not be able to return in a week to speak about the project on Watseka; he questioned what parking provisions would be made; he wanted to know whether there would be a screen for the apartment building on the south side of the street to mitigate noise; and he expressed agreement with the previous speaker in support of starting construction later in the morning.

Chair Barba indicated that comments were being accepted for Items NOT On the Agenda, noting that people attending the meeting on Webex could not hear, and therefore the meeting had to be continued to October 19.

Staff stated that members of the public who could not be present at the meeting could submit written comment.
