

**Community Contributions Ad Hoc Subcommittee Report
Friday, January 14, 2022**

The City Council approved using the city seal during the Council meeting on Monday, January 10, 2022. We are ready to have them made.

We have a total of 23 applications: 2 business corporations, 14 individuals, and seven non-profit organizations. As you can see, we are looking at three categories for this year.

We want the individual nominee to have contributed to the community within the current calendar year for the award.

Finally, we are creating a rubric on how to rate the nomination.

Medallion cost & production

Quote for the four medallions:

3d file modeling for \$50.00/hr. x 5 hours worked. \$250.00

Casting of the medallions \$40.00/per x 4 = \$160.00

Finishing

\$25.00/per x 4 = \$100.00

Total

Price for 4 medallions = \$510.00

Timeline

April is when the Recipients are selected, and May is for Award Reception.

Thank you.

Haifaa Moammar
