LEGISLATIVE COUNSEL'S DIGEST

SB 286, as amended, Wright. ~~Redevelopment: local education agency~~
~~payments. Redevelopment.~~

(1) The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in blighted areas in those communities known as project areas. Existing law requires that each redevelopment agency submit the final report of any audit undertaken by any other local, state, or federal government entity to its legislative body and to additionally present an annual report to the legislative body containing specified information.

This bill would, until January 1, 2013, prohibit the legislative body of a city, county, or city and county from adopting an ordinance to adopt or amend a redevelopment plan, as described. The bill would also impose new requirements on the agency with respect to implementation plans and evidentiary standards and expand existing prohibitions on agency direct assistance to certain projects.

The bill would require the Controller, on or before January 1, 2013, to issue regulations revising and consolidating reporting for redevelopment agencies and to develop a simple, uniform, and consistent methodology for the calculation, payment, and reporting of passthrough payments. The bill would also require the Controller to review and revise the guidelines adopted for the content of the final report at least every 5 years, as specified. The bill would also transfer certain reporting requirements from the Department of Housing and Community Development to the Controller, as specified, and require that agencies send certain notifications to the Controller in addition to sending the notifications to the department. The bill would require that the department develop guidelines establishing standards to evaluate agency performance.

(2) The bill would require the State Auditor to conduct audits of selected redevelopment agencies to ensure compliance with existing law. The bill would require each agency, immediately upon receipt, to deposit 0.025% of tax increment into the Redevelopment Agency State Audit Fund, which the bill would create, to fund the audits.

(3) The California Constitution authorizes a redevelopment agency to receive funding through tax increment revenues attributable to increases in assessed property tax valuation of property in a project area due to redevelopment. Existing law prescribes the procedure by which the tax increment revenue is allocated.

The bill would provide, for purposes of the above provisions, tax increment revenue transferred to an agency exclude any funds considered educational entity property tax revenues. The bill would provide that this provision applies only to tax increment revenues generated from any redevelopment project established on or after January 1, 2012.

(4) The bill would authorize an agency to loan or grant funds for projects relating to energy efficiency or the reduction of greenhouse gas emissions. The bill would also authorize an agency to provide direct assistance, as described, to businesses within project areas for industrial or manufacturing uses or similar uses of statewide benefit.

~~The Community Redevelopment Law requires a redevelopment agency that has adopted a redevelopment plan on or after January 1, 1994, that contains specified provisions, amends a plan to include new territory, or amends its plan to modify specified limitations, to make payments to taxing entities, and requires that these payments be allocated~~

among these entities in proportion to the percentage share of property tax revenues received by these entities in these fiscal years.

Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined.

This bill would, notwithstanding existing law, on and after January 1, 2012, require that agency payments to a local education agency under the above provisions be adjusted to ensure that the local education agency continues to receive, at a minimum, the amount attributable to the agency's property tax revenue received during the year immediately preceding the adoption or amendment of the redevelopment plan.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

12 *SEC. 4. Section 33320.1 of the Health and Safety Code is*
13 *amended to read:*

14 33320.1. (a) “Project area” means, except as provided in
15 Section 33320.2, 33320.3, 33320.4, or 33492.3, a predominantly
16 urbanized area of a community that is a blighted area, the
17 redevelopment of which is necessary to effectuate the public
18 purposes declared in this part, and that is selected by the planning
19 commission pursuant to Section 33322.

20 (b) As used in this section, “predominantly urbanized” means
21 that not less than 80 percent of the land in the project area is either
22 of the following:

23 (1) Has been or is developed for urban uses.

24 (2) Is an integral part of one or more areas developed for urban
25 uses that are surrounded or substantially surrounded by parcels
26 that have been or are developed for urban uses. Parcels separated
27 by only an improved right-of-way shall be deemed adjacent for
28 the purpose of this subdivision. Parcels that are not blighted shall
29 not be included in the project area for the purpose of obtaining the
30 allocation of taxes from the area pursuant to Section 33670 without
31 other substantial justification for their inclusion.

32 (c) For the purposes of this section, a parcel of property as
33 shown on the official maps of the county assessor is developed if
34 that parcel is developed in a manner that is consistent with zoning
35 standards or is otherwise permitted under law.

36 (d) *Except for a redevelopment plan or plan amendment to add*
37 *territory to a project area pursuant to Chapter 4.5 (commencing*
38 *with Section 33492), a redevelopment plan or plan amendment to*
39 *add territory to a project area shall not be adopted by a community*
40 *if the proposed project area or area to be added by plan*

1 amendment, when aggregated with all other existing project areas
2 within the community, would result in having (1) 25 percent of a
3 city's total land area included within the combined redevelopment
4 project areas or (2) 10 percent of a county's or city and county's
5 total unincorporated land area included within redevelopment
6 project areas. The limitations contained in this subdivision shall
7 apply only to a project area for which a final redevelopment plan
8 is adopted on or after January 1, 2012, or to an area that is added
9 to a project area by an amendment to a redevelopment plan, which
10 amendment is adopted on or after January 1, 2012.

11 (d)

12 (e) The requirement that a project be predominantly urbanized
13 shall apply only to a project area for which a final redevelopment
14 plan is adopted on or after January 1, 1984, or to an area that is
15 added to a project area by an amendment to a redevelopment plan,
16 which amendment is adopted on or after January 1, 1984.

17 SEC. 5. Section 33334.2 of the Health and Safety Code is
18 amended to read:

19 33334.2. (a) Except as provided in subdivision (k), not less
20 than 20 percent of all taxes that are allocated to the agency pursuant
21 to Section 33670 shall be used by the agency for the purposes of
22 increasing, improving, and preserving the community's supply of
23 low- and moderate-income housing available at affordable housing
24 cost, as defined by Section 50052.5, to persons and families of
25 low or moderate income, as defined in Section 50093, lower
26 income households, as defined by Section 50079.5, very low
27 income households, as defined in Section 50105, and extremely
28 low income households, as defined by Section 50106, that is
29 occupied by these persons and families, unless one of the following
30 findings is made annually by resolution:

31 (1) (A) That no need exists in the community to improve,
32 increase, or preserve the supply of low- and moderate-income
33 housing, including housing for very low income households in a
34 manner that would benefit the project area and that this finding is
35 consistent with the housing element of the community's general
36 plan required by Article 10.6 (commencing with Section 65580)
37 of Chapter 3 of Division 1 of Title 7 of the Government Code,
38 including its share of the regional housing needs of very low
39 income households and persons and families of low or moderate
40 income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low- or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city, county, or city and county shall be current, and shall

1 have been determined by the department pursuant to Section 65585
2 to be in substantial compliance with Article 10.6 (commencing
3 with Section 65580) of Chapter 3 of Division 1 of Title 7 of the
4 Government Code.

5 (3) (A) That the community is making a substantial effort to
6 meet its existing and projected housing needs, including its share
7 of the regional housing needs, with respect to persons and families
8 of low and moderate income, particularly very low income
9 households, as identified in the housing element of the
10 community's general plan required by Article 10.6 (commencing
11 with Section 65580) of Chapter 3 of Division 1 of Title 7 of the
12 Government Code, and that this effort, consisting of direct financial
13 contributions of local funds used to increase and improve the
14 supply of housing affordable to, and occupied by, persons and
15 families of low or moderate income and very low income
16 households is equivalent in impact to the funds otherwise required
17 to be set aside pursuant to this section. In addition to any other
18 local funds, these direct financial contributions may include federal
19 or state grants paid directly to a community and that the community
20 has the discretion of using for the purposes for which moneys in
21 the Low and Moderate Income Housing Fund may be used. The
22 legislative body shall consider the need that can be reasonably
23 foreseen because of displacement of persons and families of low
24 or moderate income or very low income households from within,
25 or adjacent to, the project area, because of increased employment
26 opportunities, or because of any other direct or indirect result of
27 implementation of the redevelopment plan. No finding under this
28 subdivision may be made until the community has provided or
29 ensured the availability of replacement dwelling units as defined
30 in Section 33411.2 and until it has complied with Article 9
31 (commencing with Section 33410).

32 (B) In making the determination that other financial
33 contributions are equivalent in impact pursuant to this subdivision,
34 the agency shall include only those financial contributions that are
35 directly related to programs or activities authorized under
36 subdivision (e).

37 (C) The authority for making the finding specified in this
38 paragraph shall expire on June 30, 1993, except that the expiration
39 shall not be deemed to impair contractual obligations to
40 bondholders or private entities incurred prior to May 1, 1991, and

made in reliance on the provisions of this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send ~~the Department of Housing and Community Development~~ *department and the Controller* a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the ~~Department of Housing and Community Development~~ *department and the Controller* a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to

1 its Low and Moderate Income Housing Fund in each year
2 thereafter.

3 (d) Nothing in this section shall be construed as relieving any
4 other public entity or entity with the power of eminent domain of
5 any legal obligations for replacement or relocation housing arising
6 out of its activities.

7 (e) In carrying out the purposes of this section, the agency may
8 exercise any or all of its powers for the construction, rehabilitation,
9 or preservation of affordable housing for extremely low, very low,
10 low- and moderate-income persons or families, including the
11 following:

12 (1) Acquire real property or building sites subject to Section
13 33334.16.

14 (2) (A) Improve real property or building sites with onsite or
15 offsite improvements, but only if both (i) the improvements are
16 part of the new construction or rehabilitation of affordable housing
17 units for low- or moderate-income persons that are directly
18 benefited by the improvements, and are a reasonable and
19 fundamental component of the housing units, and (ii) the agency
20 requires that the units remain available at affordable housing cost
21 to, and occupied by, persons and families of extremely low, very
22 low, low, or moderate income for the same time period and in the
23 same manner as provided in subdivision (c) and paragraph (2) of
24 subdivision (f) of Section 33334.3.

25 (B) If the newly constructed or rehabilitated housing units are
26 part of a larger project and the agency improves or pays for onsite
27 or offsite improvements pursuant to the authority in this
28 subdivision, the agency shall pay only a portion of the total cost
29 of the onsite or offsite improvement. The maximum percentage
30 of the total cost of the improvement paid for by the agency shall
31 be determined by dividing the number of housing units that are
32 affordable to low- or moderate-income persons by the total number
33 of housing units, if the project is a housing project, or by dividing
34 the cost of the affordable housing units by the total cost of the
35 project, if the project is not a housing project.

36 (3) Donate real property to private or public persons or entities.

37 (4) Finance insurance premiums pursuant to Section 33136.

38 (5) Construct buildings or structures.

39 (6) Acquire buildings or structures.

40 (7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, extremely low income households, as defined by Section 50106, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project

1 area. In addition, the agency may use these funds within the
2 incorporated limits of the City of Walnut Creek only if the agency
3 and the board of supervisors find all of the following:

4 (i) Both the County of Contra Costa and the City of Walnut
5 Creek have adopted and are implementing complete and current
6 housing elements of their general plans that the Department of
7 Housing and Community Development has determined to be in
8 compliance with the requirements of Article 10.6 (commencing
9 with Section 65580) of Chapter 3 of Division 1 of Title 7 of the
10 Government Code.

11 (ii) The development to be funded shall not result in any
12 residential displacement from the site where the development is
13 to be built.

14 (iii) The development to be funded shall not be constructed in
15 an area that currently has more than 50 percent of its population
16 comprised of racial minorities or low-income families.

17 (iv) The development to be funded shall allow construction of
18 affordable housing closer to a rapid transit station than could be
19 constructed in the unincorporated territory outside the Pleasant
20 Hill BART Station Area Redevelopment Project.

21 (B) If the agency uses these funds within the incorporated limits
22 of the City of Walnut Creek, all of the following requirements
23 shall apply:

24 (i) The funds shall be used only for the acquisition of land for,
25 and the design and construction of, the development of housing
26 containing units affordable to, and occupied by, low- and
27 moderate-income persons.

28 (ii) If less than all the units in the development are affordable
29 to, and occupied by, low- or moderate-income persons, any agency
30 assistance shall not exceed the amount needed to make the housing
31 affordable to, and occupied by, low- or moderate-income persons.

32 (iii) The units in the development that are affordable to, and
33 occupied by, low- or moderate-income persons shall remain
34 affordable for a period of at least 55 years.

35 (iv) The agency and the City of Walnut Creek shall determine,
36 if applicable, whether Article XXXIV of the California Constitution
37 permits the development.

38 (h) The Legislature finds and declares that expenditures or
39 obligations incurred by the agency pursuant to this section shall
40 constitute an indebtedness of the project.

1 (i) This section shall only apply to taxes allocated to a
2 redevelopment agency for which a final redevelopment plan is
3 adopted on or after January 1, 1977, or for any area that is added
4 to a project by an amendment to a redevelopment plan, which
5 amendment is adopted on or after the effective date of this section.
6 An agency may, by resolution, elect to make all or part of the
7 requirements of this section applicable to any redevelopment
8 project for which a redevelopment plan was adopted prior to
9 January 1, 1977, subject to any indebtedness incurred prior to the
10 election.

11 (j) (1) (A) An action to compel compliance with the
12 requirement of Section 33334.3 to deposit not less than 20 percent
13 of all taxes that are allocated to the agency pursuant to Section
14 33670 in the Low and Moderate Income Housing Fund shall be
15 commenced within 10 years of the alleged violation. A cause of
16 action for a violation accrues on the last day of the fiscal year in
17 which the funds were required to be deposited in the Low and
18 Moderate Income Housing Fund.

19 (B) An action to compel compliance with the requirement of
20 this section or Section 33334.6 that money deposited in the Low
21 and Moderate Income Housing Fund be used by the agency for
22 purposes of increasing, improving, and preserving the community's
23 supply of low- and moderate-income housing available at
24 affordable housing cost shall be commenced within 10 years of
25 the alleged violation. A cause of action for a violation accrues on
26 the date of the actual expenditure of the funds.

27 (C) An agency found to have deposited less into the Low and
28 Moderate Income Housing Fund than mandated by Section 33334.3
29 or to have spent money from the Low and Moderate Income
30 Housing Fund for purposes other than increasing, improving, and
31 preserving the community's supply of low- and moderate-income
32 housing, as mandated, by this section or Section 33334.6 shall
33 repay the funds with interest in one lump sum pursuant to Section
34 970.4 or 970.5 of the Government Code or may do either of the
35 following:

36 (i) Petition the court under Section 970.6 for repayment in
37 installments.

38 (ii) Repay the portion of the judgment due to the Low and
39 Moderate Income Housing Fund in equal installments over a period
40 of five years following the judgment.

(2) Repayment shall not be made from the funds required to be set aside or used for low- and moderate-income housing pursuant to this section.

(3) Notwithstanding clauses (i) and (ii) of subparagraph (C) of paragraph (1), all costs, including reasonable attorney's fees if included in the judgment, are due and shall be paid upon entry of judgment or order.

(4) Except as otherwise provided in this subdivision, Chapter 2 (commencing with Section 970) of Part 5 of Division 3.6 of Title 1 of the Government Code for the enforcement of a judgment against a local public entity applies to a judgment against a local public entity that violates this section.

(5) This subdivision applies to actions filed on and after January 1, 2006.

(6) The limitations period specified in subparagraphs (A) and (B) of paragraph (1) does not apply to a cause of action brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

(k) (1) From July 1, 2009, to June 30, 2010, inclusive, an agency may suspend all or part of its required allocation to the Low and Moderate Income Housing Fund from taxes that are allocated to that agency pursuant to Section 33670.

(2) An agency that suspends revenue pursuant to paragraph (1) shall pay back to its low- and moderate-income housing fund the amount of revenue that was suspended in the 2009–10 fiscal year pursuant to this subdivision from July 1, 2010, to June 30, 2015, inclusive.

(3) An agency that suspends revenue pursuant to paragraph (1) and fails to repay or have repaid on its behalf the amount of revenue suspended pursuant to paragraph (2) shall, commencing July 1, 2015, be required to allocate an additional 5 percent of all taxes that are allocated to that agency pursuant to Section 33670 for low- and moderate-income housing for the remainder of the time that the agency receives allocations of tax revenue pursuant to Section 33670.

6 *SEC. 6. Section 33367 of the Health and Safety Code is*
7 *amended to read:*

8 33367. The ordinance shall contain all of the following:

9 (a) The purposes and intent of the legislative body with respect
10 to the project area.

11 (b) The plan incorporated by reference.

12 (c) A designation of the approved plan as the official
13 redevelopment plan of the project area.

14 (d) The findings and determinations of the legislative body;
15 ~~which shall be based on clearly articulated and documented~~
16 ~~evidence~~, that:

17 (1) The project area is a blighted area, the redevelopment of
18 which is necessary to effectuate the public purposes declared in
19 this part. *This finding shall be supported by empirical and, to the*
20 *greatest extent feasible, quantifiable evidence demonstrating the*
21 *prevalence of specific conditions set forth in Section 33031 on*
22 *specific properties that are so substantial that they cause a*
23 *reduction of, or lack of, proper utilization of the entire project*
24 *area. Evidence shall be reasonable in nature, credible, and of solid*
25 *value. Conclusions not based on documented evidence of specific*
26 *conditions shall be deemed insufficient.*

27 (2) The redevelopment plan would redevelop the area in
28 conformity with this part and in the interests of the public peace,
29 health, safety, and welfare.

30 (3) The adoption and carrying out of the redevelopment plan is
31 economically sound and feasible.

32 (4) The redevelopment plan is consistent with the general plan
33 of the community, including, but not limited to, the community's
34 housing element, which substantially complies with the
35 requirements of Article 10.6 (commencing with Section 65580)
36 of Chapter 3 of Division 1 of Title 7 of the Government Code.

37 (5) The carrying out of the redevelopment plan would promote
38 the public peace, health, safety, and welfare of the community and
39 would effectuate the purposes and policy of this part.

1 (6) The condemnation of real property, if provided for in the
2 redevelopment plan, is necessary to the execution of the
3 redevelopment plan and adequate provisions have been made for
4 payment for property to be acquired as provided by law.

5 (7) The agency has a feasible method or plan for the relocation
6 of families and persons displaced from the project area, if the
7 redevelopment plan may result in the temporary or permanent
8 displacement of any occupants of housing facilities in the project
9 area.

10 (8) (A) There are, or shall be provided, in the project area or
11 in other areas not generally less desirable in regard to public
12 utilities and public and commercial facilities and at rents or prices
13 within the financial means of the families and persons displaced
14 from the project area, decent, safe, and sanitary dwellings equal
15 in number to the number of and available to the displaced families
16 and persons and reasonably accessible to their places of
17 employment.

18 (B) Families and persons shall not be displaced prior to the
19 adoption of a relocation plan pursuant to Sections 33411 and
20 33411.1. Dwelling units housing persons and families of low or
21 moderate income shall not be removed or destroyed prior to the
22 adoption of a replacement housing plan pursuant to Sections
23 33334.5, 33413, and 33413.5.

24 (9) All noncontiguous areas of a project area are either blighted
25 or necessary for effective redevelopment and are not included for
26 the purpose of obtaining the allocation of taxes from the area
27 pursuant to Section 33670 without other substantial justification
28 for their inclusion.

29 (10) Inclusion of any lands, buildings, or improvements which
30 are not detrimental to the public health, safety, or welfare is
31 necessary for the effective redevelopment of the area of which
32 they are a part; that any area included is necessary for effective
33 redevelopment and is not included for the purpose of obtaining
34 the allocation of tax increment revenues from the area pursuant to
35 Section 33670 without other substantial justification for its
36 inclusion.

37 (11) The elimination of blight and the redevelopment of the
38 project area could not be reasonably expected to be accomplished
39 by private enterprise acting alone without the aid and assistance
40 of the agency.

1 (12) The project area is predominantly urbanized, as defined
2 by subdivision (b) of Section 33320.1.

3 (13) The time limitation and, if applicable, the limitation on the
4 number of dollars to be allocated to the agency that are contained
5 in the plan are reasonably related to the proposed projects to be
6 implemented in the project area and to the ability of the agency to
7 eliminate blight within the project area.

8 (14) The implementation of the redevelopment plan will improve
9 or alleviate the physical and economic conditions of blight in the
10 project area, as described in the report prepared pursuant to Section
11 33352.

12 (e) A statement that the legislative body is satisfied that
13 permanent housing facilities will be available within three years
14 from the time occupants of the project area are displaced and that,
15 pending the development of the facilities, there will be available
16 to the displaced occupants adequate temporary housing facilities
17 at rents comparable to those in the community at the time of their
18 displacement.

(b) Direct assistance may include, but is not limited to, loans, loan guarantees, or the provision or replacement of machinery and equipment in new or existing facilities for industrial or manufacturing uses in the project area.

(c) The Legislature finds and declares that the purpose of this section is to clarify existing law and to provide agencies with additional authority to assist businesses in order to encourage the retention of existing employment opportunities and the attraction of new employment opportunities. These activities and programs

1 shall constitute redevelopment as prescribed in Sections 33020
2 and 33021.

3 SEC. 10. Section 33460.1 is added to the Health and Safety
4 Code, to read:

 8 any city, county, city and county, district, or other public
 9 corporation (hereinafter sometimes called “taxing agencies”) after
 10 the effective date of the ordinance approving the redevelopment
 11 plan, shall be divided as follows:

12 (a) That portion of the taxes which would be produced by the
 13 rate upon which the tax is levied each year by or for each of the
 14 taxing agencies upon the total sum of the assessed value of the
 15 taxable property in the redevelopment project as shown upon the
 16 assessment roll used in connection with the taxation of that property
 17 by the taxing agency, last equalized prior to the effective date of
 18 the ordinance, shall be allocated to and when collected shall be
 19 paid to the respective taxing agencies as taxes by or for the taxing
 20 agencies on all other property are paid (for the purpose of allocating
 21 taxes levied by or for any taxing agency or agencies which did not
 22 include the territory in a redevelopment project on the effective
 23 date of the ordinance but to which that territory has been annexed
 24 or otherwise included after that effective date, the assessment roll
 25 of the county last equalized on the effective date of the ordinance
 26 shall be used in determining the assessed valuation of the taxable
 27 property in the project on the effective date); and

28 (b) Except as provided in subdivision (e) or in Section 33492.15,
 29 that portion of the levied taxes each year in excess of that amount
 30 shall be allocated to and when collected shall be paid into a special
 31 fund of the redevelopment agency to pay the principal of and
 32 interest on loans, moneys advanced to, or indebtedness (whether
 33 funded, refunded, assumed, or otherwise) incurred by the
 34 redevelopment agency to finance or refinance, in whole or in part,
 35 the redevelopment project. Unless and until the total assessed
 36 valuation of the taxable property in a redevelopment project
 37 exceeds the total assessed value of the taxable property in that
 38 project as shown by the last equalized assessment roll referred to
 39 in subdivision (a), all of the taxes levied and collected upon the
 40 taxable property in the redevelopment project shall be paid to the

1 respective taxing agencies. When the loans, advances, and
2 indebtedness, if any, and interest thereon, have been paid, all
3 moneys thereafter received from taxes upon the taxable property
4 in the redevelopment project shall be paid to the respective taxing
5 agencies as taxes on all other property are paid.

6 (c) In any redevelopment project in which taxes have been

9 taxes for the 1967–68 fiscal year between two billion dollars
10 (\$2,000,000,000) and two billion one hundred million dollars
11 (\$2,100,000,000), if the total assessed valuation of taxable property
12 within the redevelopment project for the 1967–68 fiscal year was
13 reduced, the total sum of the assessed value of taxable property
14 used as the basis for apportionment of taxes under subdivision (a)
15 shall be reduced by 10 percent for the 1968–69 fiscal year and
16 fiscal years thereafter.

17 (d) For the purposes of this section, taxes shall not include taxes
18 from the supplemental assessment roll levied pursuant to Chapter
19 3.5 (commencing with Section 75) of Part 0.5 of Division 1 of the
20 Revenue and Taxation Code for the 1983–84 fiscal year.

21 (e) That portion of the taxes in excess of the amount identified
22 in subdivision (a) which are attributable to a tax rate levied by a
23 taxing agency for the purpose of producing revenues in an amount
24 sufficient to make annual repayments of the principal of, and the
25 interest on, any bonded indebtedness for the acquisition or
26 improvement of real property shall be allocated to, and when
27 collected shall be paid into, the fund of that taxing agency. This
28 subdivision shall only apply to taxes levied to repay bonded
29 indebtedness approved by the voters of the taxing agency on or

3 they approved Section 16 of Article XVI of the Constitution.
4 Whenever money is allocated between agencies by means of a
5 comparison of assessed values for different years, that comparison
6 shall be based on the same assessment ratio. When there are

10 compliance with the requirements of the Community
11 Redevelopment Law. The performance audits conducted pursuant
12 to this subdivision shall include reviews of redevelopment agencies'
13 separately required independent audits from the previous year.
14 The State Auditor shall require that each agency take action to
15 correct any audit violations found through the performance audit.
16 If the State Auditor determines that an agency has not corrected
17 the audit violations within 180 days of a final audit report, the
18 State Auditor shall forward all relevant documents to the Attorney
19 General for action pursuant to Section 33080.8.

20 SEC. 20. (a) By January 1, 2013, the Controller shall issue
