RECOMMENDATION:

Staff recommends that the Parks, Recreation and Community Services (PRCS) Commission review the upcoming agenda items to be considered by the Commission and its Subcommittees, make comments, if any, and receive and file the report.

BACKGROUND:

Issues and items for Commission consideration may be generated through many sources including the public, staff, the Commission and its Subcommittees and Council Advisory Committees and by direction or action of the City Council. At Commission meetings, information is generally conveyed to the Commission through presentations, public comment, staff reports, information included in commission packets and comments made by Commissioners and staff. These types of communication between the Commission, the public, staff and the City Council enable the Commission to fulfill its mission.

DISCUSSION:

At the PRCS Commission's request, staff has prepared this report as a recurring Agenda Item to give the Commissioners an opportunity review upcoming agenda items. The attached revised tentative list of upcoming Commission agenda items also includes dates that Parks, Recreation and Community Services Department items are currently scheduled for consideration by the City Council. It is hoped that
