

ADOPTED 2018-19 BUDGET

CAPITAL IMPROVEMENT BUDGET BY FUNDING SOURCE

\$16,567,250

2018-19
ADOPTED BUDGET

CAPITAL IMPROVEMENT PROJECTS

FISCAL YEAR 2018-19 CAPITAL IMPROVEMENT PROJECTS SUMMARY

Capital Improvement Projects are defined as infrastructure or equipment purchases or construction which result in a capitalized asset and have a useful (depreciation) life of two years or more. Projects included in the 2018-19 Adopted Budget total \$17,330,982. This is a significant increase over the past several years recognizing the importance of increasing capital investment and addressing deferred maintenance. This amount represents the actual surplus between revenues and expenditures in the General Fund for Fiscal Year 2016-2017. A transfer of funding of \$2,790,000 from the General Fund is programmed into Capital Projects. This money is supplemented with capital project categories that have dedicated funding (such as sewer projects, grant-funded projects, State Gas Tax funded projects, arts projects, and a transfer of funds from our self-insurance fund for a repair project).

A summary of the capital projects by project type follows:

CIP FUNDING USES	ADOPTED AMOUNT
Street & Alley Improvements	\$ 7,394,345
Traffic Signal & Lighting Improvements	2,888,843
Urban Runoff Management	2,300,000
Facilities Improvements	1,816,500
Parking Improvements	593,732
Sewer Improvement Projects	1,500,000
Other	657,562
Parks & Park Facilities Projects	180,000
TOTAL CIP FUNDING USES:	\$ 17,330,982

EFFECT OF CAPITAL PROJECTS ON OPERATING COSTS

The appropriations for street projects, sewer projects, street lighting projects, and building-related projects will reduce maintenance costs. The City is current with the replacement schedules in the street and sewer master plans. Facility assessments for both buildings and parks were completed, and assisted in identifying deferred maintenance costs and operating costs. In addition to this year, funds have been appropriated since fiscal year 2010-11 to continue on-going maintenance and replacement work on streets, sidewalks and streetlights, which will bring down current and future associated operating costs.
