- After School - Program (Ages 14-22)
- Socialization Training & Community Integration Program

Community Integration (Ages 14-22)

The Foundation's current program targets the maturing needs of teenagers by helping them enter adulthood with as many options open to them as possible. Life skills activities include computer instruction, Internet usage, and database entry.

Social activities focus on interpersonal skills, gender relations, good grooming, and appropriate social behavior. Just like all teenagers, special needs teenagers go through significant life changes during their high school years. By preparing special needs teens for adulthood, the Jeffrey Foundation gives them an important advantage toward fulfilling their potential.

Success rates for the families we serve are also significant, with an overall goal completion rate of 85%. Children in our programs achieve a 40-60% improvement overall in skill levels.

LETTER TO MY SELF/ CARTA PARA MI MISMO

1. How I was before the training:/Como era yo antes de tomar el entrenamiento.

Before training I was confused, lost and a mental mess. Everytime I fight for life's greatness I think why I'm getting the worst until, I see and or speak to someone who's going through the worst. I then, find the strength to pick myself up and keep going. being stronger than what I was before old and with training a new way for a better position.

2. What have I learned about Parenting/Que aprendi acerca de ser un mejor padre.

I learned different ways, activities and development strategies to create a better outcome. Encouraging, motivating with effective results warrant the strength in a healthy mental state to be consistent and open to many new ways by achieving success will always render a health happy life!

3. How I will implement it with my children from today until six months:/ Como lo implementare de hoy has seis meses.

Having:
Self care, Authority figure Mentors, Strong support systems on going parenting, extended help, effective fun activities, being compassionate/soft and calm whenever I'm guiding & teaching etc. my daughter.

LETTER TO MY SELF/ CARTA PARA MI MISMO

1. How I was before the training:/Como era yo antes de tomar el entrenamiento.

I was always the type of mom that wanted to spoil my kids I would give or do anything to make them happy. My kids were not well behaved they ~~became~~ and ~~became~~ became disobedient as a result.

2. What have I learned about Parenting/Que aprendi acerca de ser un mejor padre.

I not only learned about healthy boundaries and discipline but also learned that it is also important to take care of your own wellness as well I learned that our wellness plays a big part in how we deal with our problems and our children as well.

3. How I will implement it with my children from today until six months:/ Como lo implementare de hoy has seis meses.

First off practice new ways of wellness to keep myself emotionally stable, two set healthy boundaries for myself and my kids find more appropriate and effective forms of discipline and lastly spend more quality time with my kids be more involved build a healthy routine for them.

WHO ARE WE?

The Jeffrey Foundation is a non-profit organization that strives to improve the quality of life for special needs children and their families through the development of community-based therapeutic, recreational, educational, and social programs. We are currently celebrating our 52nd year in Los Angeles.

OUR VISION:

The Jeffrey Foundation envisions a society where children with special needs and their families could reach their full potential, achieve a sense of empowerment, and be engaged members of their community.

OUR MISSION STATEMENT: is to provide access information for a high-quality, community based, therapeutic, educational, recreational and social services to children with special needs and their families to improve their quality of life, reaching out to them in our local community and expanding to all over the country.

HOURS OF SERVICE:

Monday-Friday 8:00am-5:30pm

The JEFFREY FOUNDATION
Serving Special Needs Children and Their Families Since 1972

HOW DID WE GET STARTED?

In 1972, in response to an urgent need, our Founder and President, Alyce Morris Winston, opened the first day care center for children with special needs in Los Angeles County and named it for her son Jeffrey, a victim of muscular dystrophy. Since that time, we have expanded the scope of our services and today, the agency provides such a wide range of services for children with special needs and/or at-risk and their families.

WHAT ARE OUR SERVICES? The Jeffrey Foundation/Special Child USA now operates from our Family Resource Center. We assist families navigate the comprehensive and individualized Regional Center and School District systems to obtain the specific services you and your child require and are entitled to have. With our 50 years of experience, we are well versed in this process and will successfully support and advocate on the behalf of the parent/caregiver and the child.

WHO ARE THE PEOPLE WE SERVE? The Jeffrey Foundation serves families in Los Angeles County, who need to find an after-school program for their child in High School ages 14 to 22 years. For all ages that need information about how the Regional Center System and Los Angeles School district work to obtain and have and access resources in the community.

The families participating in our Parenting Program and Support Groups, have children with special needs and/or at risk, that are looking to obtain education about raising a child with developmental challenges, some cases of a single working mother, one special child and two brothers or sisters, foster parent or families in shelters, who are victims of domestic violence and are in need of resources or are referred by Los Angeles Department of Children Services (DCFS) due to are ongoing case and need to be in compliance about parenting education. No matter what the challenge a child or the family faces, The Jeffrey Foundation is dedicated to helping all children reach their highest potential, supporting the development of a healthy family environment, and helping parents cope with the constant strain of caring for a child with special needs.
