FISCAL YEAR 2017-18 WORK PLANS

STRATEGIC PLAN INITIATIVES

Goal One: Increase Civic Engagement

Objective 1: Increase Community Participation with and in City Government

- Continue community outreach efforts to include the Neighborhood Watch Program, Citizens Police Academy, Police Explorer Program, Coffee with a Cop and the use of social media programs such as Nixle, Facebook and Twitter.

Status: The Police Department is continually expanding and improving its community outreach efforts. We continue to host and attend numerous Neighborhood Watch meetings throughout the City, including the expansion of Fox Hills, Sunkist Park, Rancho Higuera, and Carlson Park areas. The Department held a Citizens Police Academy in the Summer of 2017. We held our most successful National Night Out event to date, participated in the Centennial events, culminating with our Department's Open House. We continue to host Coffee with a Cop events.

The Community Relations section, working with the City's social media consultant, has grown the Department's social media footprint via Facebook, Twitter, Nixle, Nextdoor, and Instagram. The Department will be launching a newly improved Department website compatible with the City's platform.

The Department participated in the Pink Patch Project, which helped raise money to fund Breast Cancer research and education. The Department donated \$4,500.00 to the City of Hope in the name of the Pink Patch Project. The Department also partnered with Culver City High School to help raise money for Breast Cancer research.

The Culver City Police Department hosted a Toy Drive this year, with all toys donated to the Children's Hospital of Los Angeles and the Upward Bound House in Culver City.

- Continue a partnership with the School District in emergency preparedness, disaster planning and response to critical incidents.

Status: The Department continues to foster a partnership with the School District through emergency preparedness and enhanced communication with parents in collaboration with the School District to improve information via social media and email notification, in addition to attending School Board meetings.

POLICE DEPARTMENT

RESP. MGR.: SCOTT BIXBY

Our School Resource Officer monitors 16 public and private schools in Culver City. The Department continues to foster relationships and work with each school to provide crime prevention tips and other related services.

- Implement a Partnership in Policing (PIP) Team. The PIP Team will be comprised of one (1) Sergeant and five (5) Police Officers. The Team will focus their efforts on continuing to improve the quality of life for the residents, business owners and visitors through the utilization of collaboration, public partnerships and personalized police services.

Status: The Department fully implemented our PIP team. The team has become an invaluable resource to the Department and has impacted the community by providing personalized services. The team has attended Neighborhood Watch meetings and served as a liaison addressing and resolving various quality of life issues throughout the City. The team conducted several Workplace Violence Safety workshops with local businesses and special education providers. Recently, the PIP team gave a presentation at "The Help Group" (A learning environment for adolescents and young adults with special needs related to autism spectrum disorder, learning disabilities, ADHD, developmental delays, abuse and emotional challenges) on how to interact with law enforcement and also assist law enforcement with recognizing signs of autism.

Objective 2: Increase Participation in the City's Nonprofit Organizations and Service Clubs

- Continue to identify mental health resources available through partnerships (County Mental Health, local non-profits) for response, care and treatment of individuals in need. Pursue grant opportunities for new mental health programs.

Status: The Culver City Mental Health Team and Homeless Outreach (M.E.T.) diligently worked with the City's mentally ill and homeless population, as well as issuing half of the Department's psychiatric hospitalizations. M.E.T. provided multi-discipline counseling services and referrals to persons that did not meet the criteria for a psychiatric evaluation. M.E.T. contacted, evaluated, and provided homeless outreach services (medical, mental health, shelter, and housing resources) to individuals. M.E.T. continues to work with other City Departments to address the homeless and psychiatric issues. M.E.T. routinely assists Code Enforcement in contacting the homeless people before and during encampment clean-ups that pose health and safety risks to the public. M.E.T. continues to work with the Fire Department to minimize the abuse of emergency services by chronic users. In November/December, M.E.T. collaborated with the Fire Department to come up with a solution for a frequent high utilizer of emergency services, which costs the City tens of thousands of dollars in police and fire services and paramedic transports to the hospital and psychiatric facilities.

POLICE DEPARTMENT

RESP. MGR.: SCOTT BIXBY

M.E.T. continues to collaborate with Didi Hirsch Mental Health Clinic as our community mental health resource and refers clients to them routinely. M.E.T. works with St. Joseph's Center on an ongoing basis to provide services to our homeless population. St. Joseph's Center provides weekly updates to M.E.T. about their outreach services to their clients and M.E.T. referrals. Exodus Recovery Center West continues to be a valuable partner in our mission to meet the care of our mentally ill who are in crisis. Exodus Recovery has significantly expedited the processes of receiving W.I.C. 5150 (detention of mentally disordered persons for evaluation and treatment during a 72-hour psychiatric hospitalization), which has saved countless hours of officers' down time.

M.E.T. will continue to evaluate, manage, and assist the City's mentally ill and homeless population. M.E.T. will also expand its presence within the M.E.T. community by participating in a regional homeless taskforce, attend monthly Los Angeles County Mental Health Team Association training meetings, and provide continued in-house mental health awareness training.

M.E.T. participated in the City's homeless population count.

- Continue to participate in the City's Service Clubs (Chamber of Commerce, Exchange, Rotary, YMCA).

Status: The Department worked in conjunction with the Rotary Club and the Exchange Club on several community events (National Night Out and Backpack & Dictionary Giveaway Programs). Staff routinely attends the Chamber of Commerce's monthly meetings. The Department also provided safety training for the YMCA and local retirement facilities. Chief Scott Bixby has served on the YMCA Board of Directors since 2015.

The Department continues to improve our relationship with our community faith groups, namely through our participation in several interfaith meetings hosted by the King Fahad Mosque.

Goal Two: Enhance Restoration and Utilization of Ballona Creek

Objective 1: Make Ballona Creek More Walkable, Bikeable, and Connected to the City of Culver City

- Continue to enhance and deploy the bicycle patrol unit to patrol congested traffic areas.

Status: In September of 2017, the Special Enforcement Team (SET) became fully operational. SET's primary mission is crime suppression and high visibility bicycle, vehicle and foot patrol in the Downtown area and La Ballona Creek. The team's top priority is to make the La Ballona Creek a more walkable, bikeable and safe area, serving to connect

POLICE DEPARTMENT

RESP. MGR.: SCOTT BIXBY

residents throughout the City. Since its inception, the unit has conducted numerous bike and foot patrol details, meeting business owners, residents and visitors of the City. Residents have been elated to see the team at the local parks, Downtown area, La Ballona Creek, or simply patrolling the neighborhoods.

The team consistently patrols the La Ballona Creek and has had several noteworthy incidents. On October 17, 2017, a radio call was broadcasted of a traffic collision involving a bicyclist and a pedestrian in the Creek. SET members responded quickly and were the first to arrive, rendering aid to both subjects and guiding CCFD to the exact location of the crash. On November 14, 2017, SET was patrolling the Creek once again when they observed several subjects spray painting the walls just outside the high school. The officers were able to detain one subject, ultimately arresting him for felony vandalism.

Goal Three: Improve Transportation Circulation and Reduce Traffic Congestion

Objective 1: Work Toward No Overall Growth in Average Daily Traffic (ADT) Citywide (Zero ADT Growth) While Enhancing Traffic Safety

- Continue to facilitate a workshop with City Council Members to identify parking enforcement issues and strategy.

Status: The Department meets with the City Council's Parking and Traffic Subcommittee and other City Departments to identify parking enforcement issues and implement strategies.

- Continue to apply for California Office of Traffic Safety grants to cover overtime costs to conduct Bicycle and Pedestrian Operations, Safe Routes to School and Traffic Safety educational presentations.

Status: Awarded and applied for the following traffic safety grants:

Awarded:

FY18 California Office of Traffic Safety - Selective Traffic Enforcement Program (STEP): Grant awarded in the amount of \$120,000.00. Grant funds cover the costs to conduct DUI Checkpoints, DUI Saturations, Bicycle and Pedestrian Operations, Top three collision factors focused enforcement, Safe Routes to School education and enforcement and Traffic Safety Educational Presentations. The grant period is October 1, 2017- September 30, 2018.

Applied:

FY19 California Office of Traffic Safety - Selective Traffic Enforcement Program (STEP): Grant Application in the amount of \$238,080.00 was submitted on January 29,

POLICE DEPARTMENT

RESP. MGR.: SCOTT BIXBY

2018. Requested grant funds will continue Traffic Safety Operations; DUI Checkpoints, DUI Saturations, Bicycle and Pedestrian Operations, Traffic Safety Educational Presentations and Safe Routes to School education and enforcement.

- Continue to evaluate the red-light photo enforcement program. Survey intersections and review the feasibility to relocate and increase red-light photo enforcement camera approaches based on violations and accidents.

Status: The photo enforcement program is fully operational with 12 intersections that have 21 approaches. Staff proactively reviews the red light camera program and examines how it could be more effective given the increase in commercial development and traffic volume throughout the City. Rather than just increase the size of our program, staff looks at intersections with lower traffic volume and/or fewer red light violations and seeks to relocate those cameras to intersections with higher traffic volume and congestion (vehicles, pedestrians and bicyclists) to have a greater impact on deterring red light violations and improve traffic and pedestrian safety to those areas.

- Continue to access collision data to identify intersections that have a higher rate of traffic collisions, which allows us to focus our enforcement operation accordingly.

Status: The primary traffic collision cause factors identified in a majority of the collisions investigated are: failure to yield at turning maneuvers, unsafe speed and red light violations. The majority of the enforcement is focused on impacting those violations that have been identified as the primary causes of collisions, as well as common locations of occurrence.

- Collaborate with Walk 'n Rollers and provide pedestrian safety education to the different Walking School Bus groups. Walking School Buses are fun activities to help children get to school safely. Bus Leaders walk a specific route every day, leading groups of children to school.

Status: Officers walked with students to various schools, as well as conducted traffic coordination and safety trainings during the Walk to School events, which was hosted by the Culver City Walk 'n Rollers.

Goal Four: Promote Workforce Diversity and Development

Objective 1: Advance Workforce Development and Succession Planning

- a. In coordination with the Human Resources Department, engage local high school students in meaningful work assignments that will stimulate an interest in future career opportunities with the City, utilizing social media to market current City programs (i.e. Student Worker Program, Police Explorer Program, Teen Citizen Academy, and Fire Department Mentorship)

POLICE DEPARTMENT

RESP. MGR.: SCOTT BIXBY

Status: Coordinated with the Human Resources Department and the Culver City High School in bringing two student interns to the Police Department, allowing the students to become familiar with the various functions of the Police Department.

The Police Department continues to grow our Police Explorer program, comprised of local high school students. This youth program is designed to provide youth with life skills, education and leadership experience to become a productive member of society, in addition to having the opportunity to start a future career in law enforcement.

- b. Continue participation in “My Brother’s Keeper” initiative.

Status: Under the umbrella of the “My Brother’s Keeper” initiative, the Department will continue to participate in the Young Black Achievers Program (an extracurricular program to help mentor, specifically Black youth) at the Culver Middle School.

- Continue to participate in procedural justice training for sworn and non-sworn supervisors.

Status: The purpose of Procedural Justice and Fair and Impartial Policing is to advance workforce development and to foster respect, legitimacy, transparency, fairness, and partnerships. Fair and Impartial Policing teaches police officers to recognize their own implicit biases, and then ensure that their personal biases are not negatively affecting and impacting their decision-making.

Through the utilization of our Department’s Certified “Fair and Impartial Policing” instructors, as well as our partnership with the Museum of Tolerance, 21st Century Policing principles and Cultural Diversity training is ongoing.

Objective 2: Increase Diversity in the Workplace

- a. Expand recruitment outreach to women, minorities, veterans, and people with disabilities by proactively reaching out using social media, professional organizations, and personal follow up from job fairs and other sources of contact.

Status: Annually, with the Human Resources Department, we attend state and local community colleges, Veterans job fair and the Black College Expo to recruit the best potential sworn and non-sworn candidates.

POLICE DEPARTMENT

RESP. MGR.: SCOTT BIXBY

- b. Continue to participate in Government Alliance on Race and Equity (GARE). GARE is a national network of government working to achieve racial equity and advance opportunities for all community members.

Status: The Department continues to participate in GARE, and was represented by a Police Lieutenant who graduated the program. City staff was exposed to different forms of racial inequities within various government entities that have occurred throughout history. GARE is a positive and thought provoking program that encourages staff to reflect on their Department's policies and practices currently implemented. The Department has committed to sending another management level employee to the next scheduled cohort.

- c. Continue to work with Human Resources on recruiting sworn and non-sworn staff and conduct outreach efforts to attract the best possible candidates.

Status: Since last reported, the Department hired five (5) sworn and nine (9) non-sworn employees. The breakdown is as follows:

Sworn: Four males (3 Hispanic and 1 White) and one female (Hispanic)

Non-sworn: Six males (4 Hispanic, 1 Pacific Islander and 1 White) and three females (2 White and 1 Pacific Islander).

Goal Five: Identify new Revenue Sources to Maintain Financial Stability

Objective 3: Expansion of Funding Alternatives

- d. Continue to pursue grants to leverage City funding.
- e. Continue to pursue grant funding for improved traffic programs, community outreach, technology, equipment, vehicles, forensics and mental health resources.

Status: Awarded and applied for the following grants.

Requested grant funds will continue Traffic Safety Operations; DUI Checkpoints, DUI Saturations, Bicycle and Pedestrian Operations, Traffic Safety Educational Presentations and Safe Routes to School education and enforcement.

ADDITIONAL FY 2017-2018 DEPARTMENTAL WORK PLANS

- Continue to implement the Department's 2016-2019 Strategic Plan goals and complete the following:
 - Impact critical crime occurrences by reinstating a patrol night-shift that will function as an Operations Bureau Special Problems Unit.

Status: The Department accomplished all goals detailed in the 2016-2019 Strategic Plan, highlighted by the Department's creation of the Special Enforcement Team (SET). SET's primary mission is crime suppression and high visibility bicycle, vehicle and foot patrol in the Downtown area and La Ballona Creek. The team has been successful in meeting its mandate, highlighted by various noteworthy arrests.

- Continue to closely monitor the release of AB 109 offenders.

Status: The Department's Crime Analyst continues to monitor the AB 109 offenders in our community. Most AB 109 Offenders are transient and don't stay in one location for very long.
