

Jackson Gate Issue

MS

Melissa Sanders 

Thu 4/21/2022 12:54 PM

I cannot make the meeting this evening as I have 2 others at the same time, but wanted to email my concerns...

My biggest concern is that many decades ago the City and Residents were promised and assured that the gate (Jackson Gate) would remain a maintenance gate only. Seems like promises mean absolutely nothing to this Council and current Administration in charge. Unfortunate is an understatement.

Please do NOT forever change a neighborhood landscape that was not intended to ever be a bike access point. The Council & The City have an obligation to uphold the City to the highest standards. Breaking this promise will only contribute to the ongoing divisive nature of the City. The long-time Residents should have the priority surrounding this gate. They do not want it open. Therefore, as promised, it should remain closed.

Thank you,
Melissa Sanders
Stay Safe & Healthy!
