Please open this gate. It allows access to the bike path for emergency personnel as well as for the convenience of users. Ellen ;Demsky [REDACTED]

Subject: Support for Jackson Gate Opening Letter - BPAC May 13th Meeting"

I support opening access to the Ballona Creek Multi-Use Path. While some may argue that opening access will increase crime in their neighborhoods, I argue the opposite: restricting access in itself attracts crime. I am petrified to use the path because of the restricted access and isolation. The Path is a community gem and should be accessible as such!

Thank you,

Lisa
