New eComment for MOBILITY, TRAFFIC, AND PARKING SUBCOMMITTEE on 2022-08-09 3:00 PM - Special Meeting

Ruby Sarda submitted a new eComment.

Meeting: MOBILITY, TRAFFIC, AND PARKING SUBCOMMITTEE on 2022-08-09 3:00 PM - Special Meeting

Item: A-2. 23-82 MTP - ACTION ITEM: (1) Discussion Regarding Establishing Parking Maximums; and (2) Direction to Staff.

eComment: Hello, I am Ruby Sarda with TALOSYS Inc. based in San Diego. We provide smart parking occupancy solutions. Will the city be interesting in running a pilot for such a system? This system can help find an open parking spot which can help reduce parking congestion, improve user experience, increase revenue, and conserve fuel. If the city is interested in learning more about the solution, please contact me at 858-286-7099 or email me at ruby@talosys.io
