

CALIFORNIA HEALTH AND SAFETY CODE

Low- and Moderate-Income Housing Asset Fund Eligible Uses

The California Health and Safety (HSC) defines eligible uses of the Low and Moderate Low- and Moderate-Income Housing Asset Fund (LMIHAF). Health Safety Code regulations restricts the use of the LMIHAF for permanent housing and is otherwise restricted to no more than \$1 million expenditures per year for emergency shelter housing in collaboration with Successor Agencies in the region (HSC 34176.1 (C)(2)). Therefore, funding non-permanent housing with the LMIHAF is limited. (Please see Attachment No. 6).
