8

9 NOW, THEREFORE, the City Council of the City of Culver City, DOES
10 HEREBY RESOLVE, as follows:
11

12 SECTION 1. Pursuant to the foregoing recitations and the provisions of the
13 Culver City Municipal Code (CCMC), as outlined in CCMC Title 17, Section 17.620.030, the
14 following findings for a General Plan Element Amendment are hereby made:
15

- 16 **1. The proposed amendment ensures and maintains internal consistency with the**
17 **goals, policies, and strategies of all elements of the General Plan and will not**
18 **create any inconsistencies with this Title, in the case of a Zoning Code**
19 **Amendment.**

20 The General Plan is undergoing a comprehensive update and is scheduled for
21 adoption after the 2021-2029 Housing Element's anticipated adoption. The 2021-2029
22 Housing Element was updated in coordination with the other elements as they are
23 being updated. This is meant to ensure that the goals, policies, and strategies of all the
24 updated elements are consistent. Before the other elements in the GPU are adopted,
25 their goals, policies, and strategies will be reviewed to ensure consistency with the
26 2021-2029 Housing Element.

27 The Zoning Code will then undergo a comprehensive update after the General Plan is
28 adopted. During that process, the Zoning Code will be updated to address constraints
29 to housing production, as outlined in Measure 4.J of the 2021-2029 Housing Element.
Under the Housing Programs section of the Housing Element, Measure 4.J is
scheduled to begin in 2023.

- 2. The proposed amendment would not be detrimental to the public interest,**
health, safety, convenience, or welfare of the city.

1 The proposed General Plan Housing Element Amendment is not detrimental to the
2 public interest, health, safety, convenience, or welfare of the city because adoption of
3 the 2021-2029 Housing Element will not entitle any new development projects. The
4 2021–2029 Housing Element will be consistent with the objectives of the General Plan,
5 the CCMC, and State housing law.

6 **3. The proposed amendment complies with the provisions of the California**
7 **Environmental Quality Act (CEQA).**

8 The proposed General Plan Housing Element Amendment complies with CEQA as
9 outlined in the Addendum to the Negative Declaration, Negative Declaration, and
10 related documentation. The City Council's adoption of the Addendum to the Negative
11 Declaration is made herein by approval of this Resolution. The Addendum to the
12 Negative Declaration reflects the independent judgment of the City Council.

13 SECTION 2. Because the 2021-2029 Housing Element relies on nonvacant sites to
14 accommodate 50% or more of its RHNA for lower income households, the following
15 additional finding, as required by HCD, is hereby made substantiating that the use will likely
16 be discontinued during the planning period:

17 Based on existing uses, existing floor area ratio, age of structures (year structure
18 built), improvement-to-land ratio, lot size, adjacency to parcels with redevelopment
19 potential and lot consolidation potential, and expressed interest of developers or
20 property owners, the existing uses on the sites identified in the site inventory to
21 accommodate the lower income RHNA are likely to be discontinued during the
22 planning period, and therefore do not constitute an impediment to additional residential
23 development during the period covered by the housing element.

24 SECTION 3. Pursuant to the foregoing recitations and findings, the City Council of the
25 City of Culver City, California, hereby (i) adopts the 2021-2029 Housing Element Addendum
26 to the Negative Declaration; (ii) adopts the updated 2021-2029 Housing Element (General
27 Plan Element Amendment, P2022-0222-GPTA); (iii) authorizes staff to submit the updated
28 2021-2029 Housing Element to HCD for review for substantial compliance, in accordance
29 with the procedures set forth by State law; and (iv) authorizes the City Manager to approve

1 minor changes to the updated 2021-2029 Housing Element as may be necessary to obtain
2 certification from HCD.

3 APPROVED and ADOPTED this 8th day of August, 2022.
