

Panasonic i-Pro Arbitrator System

Re: Culver City Police Department – In-Car/Bodyworn (Arbitrator)

Date: 3/10/22

To whom it may concern:

Panasonic i-Pro would like to thank you for your continued utilization of our In-Car and Bodyworn Public Safety product lines. We will continue to support your agency and strive to keep you on the cutting edge of Public Safety technology.

Our Channel Partner, Commline Inc, is currently responsible for supporting CCPD for all Arbitrator related items.

Commline Inc. is currently the only certified integrator of the Panasonic i-Pro Arbitrator product line in the Southern California area. This status indicates that they are the only vendor that can sell, install, and service the Panasonic i-Pro Arbitrator product line in this region.

We look forward to the continued relationship between our agencies.
