G. TAX LIMITATIONS

Cost Sharing contributions shall be made on a pre-tax basis unless and until a Private Letter Ruling (PLR) by the Internal Revenue Service is issued to the City by the Internal Revenue Service designating that the payments must be post-tax.

ARTICLE FOUR

The City does not warrant that this contribution is "qualified" for tax deferral and is not to be held liable for such tax payments as may be determined assessable.

The City has retained specialized legal counsel in order to render a written opinion as to whether or not said employee contributions to the employer contribution rate can be considered on a "pre-tax" basis. The rendered legal opinion is supportive of City treatment of said contributions as "pre-tax"; therefore, the City shall take the steps necessary, including adoption of appropriate City Council resolution(s), to allow the Payroll Section to treat these distributions as "pre-tax". It is expressly understood and agreed to by the parties that the City has no authority or jurisdiction by which to bind CalPERS, the Internal Revenue Service (IRS), the Franchise Tax Board or any other agency (collective "Entities") to a determination that such contributions are indeed "pre-tax". Thus, the parties agree and acknowledge that the City shall have no liability to any individual unit employee or collective bargaining unit, should any of the aforementioned Entities reject treatment of said contributions as "pre-tax".

In the event that premiums and/or costs for the selected benefits exceed the monthly flex dollar allowance, the balance will be paid by the employee through automatic pre-tax payroll deduction, as permitted under IRS Code Section 125.

Effective each January 1st the City will contribute up to an additional 4% towards the increased cost of medical premiums in a calendar year to employees' flex cafeteria plans. The average percentage increase in PERS monthly health care premiums shall be calculated by subtracting the average cost of Los Angeles area Basic (non-Medicare) premiums for all available City-offered CalPERS health-care plans for the current year from the average cost of Los Angeles area Basic (non-Medicare) premiums for all available City-offered CalPERS health-care plans for the upcoming year. If this percentage is less than 4%, then the City allowances shall be increased by that actual percentage. If this percentage equals or exceeds 4%, the City allowances shall be increased by 4%.
