Thank you Karyn for your email. What the city is planning to do in Fox Hills is a blatant, deliberate assault on our community. It is shameful and it is possible that the city will not get away with it. This is certainly moral corruption although it would not at all surprise me if there are some "sticky fingers" in the Culver City government taking kickbacks.

The Culver City Planning Commission has now DOUBLED the population in Fox Hills with the proposed plans!

This is a hostile and discriminatory act facilitated by the CC Council and Planning Commission.

It's hard to believe that 2900 units are planned for Fox Hills- ALL PLANS DRAWN by the time the City Plan is approved.

This doubles our population in an area that you all know is the most dense area in CC with serious parking and drive through problems.

This is CRUEL EFFORT on the part of the Council and Commission.

I will no longer attend to beg you to do the right thing as you all yawn in response to my efforts.
